Written by local reviewers, Best Places guides let travelers in on the best a city or region has to offer. A listing in a Best Places guide is coveted. To receive one star is an honor. Four stars are extremely rare and guaranteed to be the *cré me de la cré me*. While other guides give travelers choices, Best Places distinguishes itself by providing readers with the absolute best choices and stands by its guides with a money-back guarantee. This new and updated edition of Best Places Northwest covers the Pacific Northwest from Whistler in British Columbia to Spokane to Oregon's Gold Beach and profiles the most exciting romantic getaways, weekend retreats, family vacations, and the best places to dine, stay, and play throughout the region. Conveniently organized by highways, Best Places Northwest also includes "Three-day Tours" and locater maps for every destination; entertaining essays on history and culture; and travel tips and information on special attractions. Whether a traveler is looking for a rustic retreat or romantic luxury, Best Places

Northwest has something for every budget - and every place is independently researched and reviewed by local travel experts.

Pacific Northwest Wining and Dining Penguin

This is the book that started it all—that launched a best-selling regional guidebook series, put stars in the eyes of thousands of establishments, and defined what it means to create a real insider's guide. Best Places Northwest, now in its incredible 17th edition, is back, doling out stars for the best restaurants and lodgings throughout Washington, Oregon, and British Columbia. From Cannon Beach to Spokane to Whistler, readers will find honest recommendations on where to stay, where to eat, and what to see all along the way. Conveniently organized by highways, Best Places Northwest also includes "Three-day Tours" and locator maps for every destination; entertaining essays on history and culture; travel tips and information on special attractions; and easy-to-use icons that point out the best romantic places, places of good value, family-friendly places, and unique places that the editors think are especially choice. Out with same-old, same-old: our new crop of reviewers take a critical look at the establishments this time around and some boring old places will be dropping stars and in some cases getting dropped altogether. New sidebars add spice and new points of view: Hipster Scenes; Doggie Options; Wine Touring; the Art Beat; Best Places to Park the Car in urban Vancouver, Seattle, Portland; Celebrity Maps; Annual Sale Events (Nordstrom, REI, Niketown etc.); Excellent Malls; Science-Tech Touring; Native Peoples; Best Places to Catch a View. Whether a traveler is looking for a rustic retreat or romantic luxury, Best Places Northwest has something for every budget—and every place is independently researched and reviewed by local travel experts.

Epic Hikes of the World Macmillan

Tom Douglas' Seattle Kitchen by Tom Douglas has descriptive copy which is not yet available from the Publisher.

Drawdown Lonely Planet

In Hairspray, it's 1962--the fifties are out and change is in the air. Baltimore's Tracy Turnblad, a big girl with big hair and an even bigger heart, has only one passion: to dance. She wins a spot on the local TV dance program, The Corny Collins Show, and overnight is transformed from an awkward overweight outsider into an irrefragable teen celebrity. But can a trendsetter in dance and fashion vanquish the program's reigning blond princess, win the heart of heartthrob Link Larkin, and integrate a television show without denting her 'do? Only in Hairspray! Based on John Waters's 1988 film, the musical comedy Hairspray opened on Broadway in August 2002 to rave reviews. Hairspray: The Roots includes the libretto of the show--along with hilarious anecdotes from the authors, to say nothing of dance step diagrams and full-color bouffant wigs to copy and cut out--along with all the creative energy, brilliant color, and full-out emotion that have made the musical "a great big, gorgeous hit . . . [that] is a triumph on all levels" (Clive Barnes, The New York Post).

[S Is for Seattle](#) Createspace Independent Publishing Platform

Seattle Then and Now presents archival photos along with modern views of the same sites as they appear today. One can see the city as it looked when Denny Hill still rose above downtown, when the University of Washington occupied a mere city block, when Duwamish canoes still put in at Ballast Island, and when missiles were based in Magnolia and naval aircraft at Sand Point. Thanks to the efforts of preservationists, places like Pioneer Square and the Pike Place Market look much as they did a century ago, while structures such as Union Station and the Eagles Auditorium live on with new uses. This book highlights some of the best-loved places in the city along with striking examples of modern architecture that help make Seattle such a vibrant and innovative city.

Eastside Seattle Walks Alphabet Cities

Founded in 1851 as a four-cabin outpost named "New York Pretty-Soon," Seattle has long struggled with an identity crisis. From a nearly lawless port, to a sedate, conventional company town defined by Boeing Aircraft, to an accessible paradise for artists and recovering urbanites, Seattle repeatedly tried and failed to become bigger, wealthier, more like "major league" cities. In the late 1980s, Seattle's time suddenly arrived. Microsoft, Amazon, Starbucks, McCaw Cellular/AT&T Wireless, and dozens of local dot.com startups began to drive a booming national economy. Seattle became a city of instant millionaires and brand name shopping, skyscrapers and sports franchises-- the place everyone wanted to visit, topping lists of America's "most desirable" cities. But with such wealth came consequences: overdevelopment, paralyzing traffic, racial and class divisions, and a street population of teenagers discarded by the new culture, whose rage and disaffection fueled the rise of bands such as Nirvana. Striving to reach its ambitions, Seattle seemed to be losing the struggle for its soul. And when it hosted the 1999 World Trade Organization convention, the city's conflicted personalities clashed, as violent riots by residents and a coalition of protestors left the downtown decimated and the nation transfixed by the spectacle of globalization gone wrong. In Seattle and the Demons of Ambition, Fred Moody uses his own background as a native son, along with wide-ranging encounters with others, to trace the growing pains of the city he loves. Profiling Bill Gates and never-quite-champion football coach Chuck Knox, a pair of ambitious entrepreneurs and a homeless sculptor once profiled in the New Yorker, grunge music superstars and the preyed-upon children of the documentary "Streetwise," Moody offers a dramatic, entertaining, and insightful portrait of the city that defined economic and technological change in the America of the 1990s.

Seattle Cocktails Lonely Planet

[Seattle Best Places](#) Rizzoli Publications

Seattle art collectors Richard E. Lang and Jane Lang Davis were frequent visitors to New York City in the 1970s and early 1980s when they collaboratively built their collection, filling their home with singular works of art. Their shared legacy and passion for engaging thoughtfully, deeply, and personally with art--and the frisson of excitement that arises with such a connection--are celebrated and echoed in this special exhibition catalogue. Spanning 1945 through 1976, the paintings, drawings, and sculptures in Frisson serve as significant examples of mature works and pivotal moments of artistic development from some of the most influential American and European artists of the postwar period, including Francis Bacon, Lee Krasner, Clyfford Still, Philip Guston, Joan Mitchell, David Smith, and others. Together they represent an inimitable archive of innovation and a cross-pollination of leading artistic positions in the postwar years. With twenty new scholarly essays written by leading experts, Frisson provides the first opportunity for in-depth research into and new insights about nineteen noteworthy artworks recently acquired by the Seattle Art Museum.

Seattle's Best Dive Bars Colorful Cities Books

Celiac and the Beast Sasquatch Books

- New York Times bestseller • The 100 most substantive solutions to reverse global warming, based on meticulous research by leading scientists and policymakers around the world "At this point in time, the Drawdown book is exactly what is needed; a credible, conservative solution-by-solution narrative that we can do it. Reading it is an effective inoculation against the widespread

perception of doom that humanity cannot and will not solve the climate crisis. Reported by-effects include increased determination and a sense of grounded hope." —Per Espen Stoknes, Author, *What We Think About When We Try Not To Think About Global Warming* "There's been no real way for ordinary people to get an understanding of what they can do and what impact it can have. There remains no single, comprehensive, reliable compendium of carbon-reduction solutions across sectors. At least until now. . . . The public is hungry for this kind of practical wisdom." —David Roberts, Vox "This is the ideal environmental sciences textbook—only it is too interesting and inspiring to be called a textbook." —Peter Kareiva, Director of the Institute of the Environment and Sustainability, UCLA In the face of widespread fear and apathy, an international coalition of researchers, professionals, and scientists have come together to offer a set of realistic and bold solutions to climate change. One hundred techniques and practices are described here—some are well known; some you may have never heard of. They range from clean energy to educating girls in lower-income countries to land use practices that pull carbon out of the air. The solutions exist, are economically viable, and communities throughout the world are currently enacting them with skill and determination. If deployed collectively on a global scale over the next thirty years, they represent a credible path forward, not just to slow the earth's warming but to reach drawdown, that point in time when greenhouse gases in the atmosphere peak and begin to decline. These measures promise cascading benefits to human health, security, prosperity, and well-being—giving us every reason to see this planetary crisis as an opportunity to create a just and livable world.

Tom Douglas' Seattle Kitchen Harper Collins

Back to the city, or back to nature? Seattle author David Williams shows us how we can get the best of both. Botany and bugs, geology and geese, and creeks and crows; living in a major city doesn't have to separate us from the natural world. Stepping away from a guidebook format, Williams presents the reader with a series of essays and maps that weave personal musings, bits of humor, natural history observations, and scientific data into a multi-textured perspective of life in the city--descriptions of his journeys as a naturalist in an urban landscape. Williams addresses

questions that an observant person asks in an urban environment. What did Seattle look like before Europeans got here? How does the area's geologic past affect us? Why have some animals thrived and other languished? How are we affected by the species with whom we share the urban environment and how do we affect them? This book captures all of the distinctive flavors of the Emerald City, urban and natural.

Best Places Northwest Good Night Books

Seattle Best Places is the smartest guide to one of the hottest cities in America. Whether it's a romantic dinner a deux or a hike along Puget Sound, you'll find the best the city has to offer. Expert opinions, inside information, and honest advice--from the most respected travel series in the Northwest. Book jacket.

Insiders' Guide® to Seattle University of Washington Press

The New York Times bestselling author of *Always* and *Blackberry Winter* takes *Goodnight Moon* as inspiration for this remarkable story of friendship, love, and the mystery behind this beloved classic. *Goodnight Moon* by Margaret Wise Brown (*Goodnight Songs*) is an adored childhood classic, but its real origins are lost to history. In *Goodnight June*, Sarah Jio offers a suspenseful and heartfelt take on how the "great green room" might have come to be. June Andersen is professionally successful, but her personal life is marred by unhappiness. Unexpectedly, she is called to settle her great-aunt Ruby's estate and determine the fate of Bluebird Books, the children's bookstore Ruby founded in the 1940s. Amidst the store's papers, June stumbles upon letters between her great-aunt and the late Margaret Wise Brown—and steps into the pages of American literature.

Seattle Then and Now Penguin

"This book details the struggle through misdiagnosis after misdiagnosis, the search for answers to what "gluten free" really means, additional medical issues along with celiac disease, and a connection between her past life of disordered eating to her new medically restricted diet"--Back cover.
