Methodist minister and Civil War chaplain Edward McKendree Bounds (1835-1913) considered conversation with God as fundamentally vital to the Christian's life as physical breath. He devoted the last 17 years of his life to intense intercession and to penning some of the most perennially popular works about prayer. This attractive volume features the very best of his beloved writings. "God shapes the world by prayer. Prayers are deathless. The lips that uttered them may be closed in death, the heart that felt them may have ceased to beat, but the prayers live before God, and God's heart is set on them and prayers outlive the lives of those who uttered them; they outlive a generation, outlive an age, outlive a world." --from E.M. Bounds on Prayer Every Christian library needs the classics--the timeless books that have spoken powerfully to generations of believers. Hendrickson Christian Classics allow readers to build an essential classics library in affordable modern editions. Each volume is freshly retypeset for reading comfort, while thoughtful new introductions place each in historical and spiritual context. The Power of Blessing Your Children Oxford, Clarendon P

Stray Truths is a stirring introduction to the poetry of Euphrase Kezilahabi, one of Africa's major living authors, published here for the first time in English. Born in 1944 on Ukerewe Island in Tanzania (then the Territory of Tanganyika), Kezilahabi came of age in the newly independent nation. His poetry confronts the task of postcolonial nation building and its conundrums, and explores personal loss in parallel with nationwide disappointments. Kezilahabi sparked controversy when he published his first poetry collection in 1974, introducing free verse into Swahili. His next two volumes of poetry (published in 1988 and 2008) confirmed his status as a pioneering and modernizing literary force. *Stray Truths* draws on each of those landmark collections, allowing readers to encounter the myriad forms and themes significant to this poet over a span of more than three decades. Even as these poems jettison the constraints of traditional Swahili forms, their use of metaphor connects them to traditional Swahili poetics, and their representational strategies link them to indigenous African arts more broadly. To date, translations of Swahili poetry have been focused on scholarly interpretations. This literary translation, in contrast, invites a wide audience of readers to appreciate the verbal art of this seminal modernist writer.
