USA Today Bestseller! What kind of woman becomes the wife of two kings, and the mother of two more? Saxon England, 1002. Not only is Æthelred a failure as King, but his young bride, Emma of Normandy, soon discovers he is even worse as a husband. When the Danish Vikings, led by Swein Forkbeard and his son, Cnut, cause a maelstrom of chaos, Emma, as Queen, must take control if the Kingdom-and her crown-are to be salvaged. Smarter than history remembers, and stronger than the foreign invaders who threaten England's shores, Emma risks everything on a gamble that could either fulfill her ambitions and dreams or

destroy her completely. Emma, the Queen of Saxon England, comes to life through the exquisite writing of Helen Hollick, who shows in this epic tale how one of the most compelling and vivid heroines in English history stood tall through a turbulent fifty-year reign of proud determination, tragic despair, and triumph over treachery. Praise for Helen Hollick "If only all historical fiction could be this good." -Historical Novels Review "Hollick juggles a large cast of characters and a bloody, tangled plot with great skill." -Publishers Weekly "A very talented writer." -Sharon Kay Penman, bestselling author of Devil's Brood "Helen Hollick has it all. She tells a great story." -Bernard Cornwell What Readers Are Saying "Paints an exceptional portrait of Emma...an extremely excellent read...once you begin reading you won't want to stop until you absolutely have to!" "Every fan of medieval history

fiction and of Anglo-Saxon England should read this book." "For any historical novel fans this is a must. Impossible to put down." (This book was previously published in the U.K. as THE HOLLOW CROWN.)

The Origin of Consciousness in the Breakdown of the Bicameral Mind Penguin UK

It's early April of 1945 and the dog-days of World War II. The Nazi regime is being slowly throttled by the oncoming Russian and Allied armies and Hitler rages uselessly in his Berlin bunker. But the high command have one more throw of the dice to make. An audacious plan is hatched to save the Fatherland and beat off the oncoming apocalypse. All it will take is a hodge-podge squadron of escort fighters, a captured U. S. bomber, and one suicidally brave pilot to fly it over the Atlantic into the beating heart of America. Half a century later, a rusting plane is discovered, sunk with its crew, off the coast of New York a relic from a bygone age. Chris Roland, a brilliant young photographer, is sent to take photos of this time capsule. But it is only when he discovers that the fragments of Nazi uniforms on the decaying corpses that he realizes that he has come across a secret so terrible that even 50 years later it could still kill him

City of Shadows Penguin UK

The bold and boundlessly original debut novel from the Oscar®-winning screenwriter of *Being John Malkovich*, *Adaptation*, *Eternal Sunshine of the Spotless Mind*, and *Synecdoche, New York*.

• LONGLISTED FOR THE CENTER FOR FICTION FIRST NOVEL PRIZE •

"A dyspeptic satire that owes much to Kurt Vonnegut and Thomas Pynchon . . . propelled by Kaufman's deep imagination, considerable writing ability and bull's-eye wit."—The Washington

Post "An astonishing creation . . . riotously funny . . . an exceptionally good [book]."—The New York Times Book Review • "Kaufman is a master of language . . . a sight to behold."—NPR NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR AND MEN'S HEALTH B. Rosenberger Rosenberg, neurotic and underappreciated film critic (failed academic, filmmaker, paramour, shoe salesman who sleeps in a sock drawer), stumbles upon a hitherto unseen film made by an enigmatic outsider—a film he's convinced will change his career trajectory and rock the world of cinema to its core. His hands on what is possibly the greatest movie ever made—a three-month-long stop-motion masterpiece that took its reclusive auteur ninety years to complete—B. knows that it is his mission to show it to the rest of humanity. The only problem: The film is destroyed, leaving him the sole witness to its inadvertently ephemeral genius. All that's left of this work of art is a single frame from which B. must somehow attempt to recall the film that just might be the last great hope of civilization. Thus begins a mind-boggling journey through the hilarious nightmarish of a psyche as lushly Kafkaesque as it is atrophied by the relentless spew of Twitter. Desperate to impose order on an increasingly nonsensical existence, trapped in a self-imposed prison of aspirational victimhood and degeneratively inclusive language, B. scrambles to re-create the lost masterwork while attempting to keep pace with an ever-fracturing culture of "likes" and arbitrary denunciations that are simultaneously his *bête noire* and his *raison d'être*. A searing indictment of the modern world, *Antkind* is a richly layered meditation on art, time, memory, identity, comedy, and the very nature of existence itself—the grain of

truth at the heart of every joke.

Liam O'Connor, Maddy Carter, and Sal Vikram all should have died. But instead, they have been given a second chance-to work for an agency that no one knows exists. The TimeRiders' mission: to prevent time travel from destroying history-and the future. . . . When Maddy mistakenly opens a time window where and when she shouldn't, Liam is marooned sixty-five million years in the past, in the hunting ground of a deadly, and until now undiscovered, species of prehistoric predator. Can Liam make contact with Maddy and Sal before he's hunted down by dinosaurs, and without changing history so much that the world is overtaken by a terrifying new reality? The second book in the thrilling TimeRiders series is just as fast-paced, intelligent, and mind-bending as the first.

The Way of Kings Houghton Mifflin Harcourt

NOW A MAJOR TV SERIES A terrifying apocalyptic thriller from the one of the brightest stars of the genre... 'Chillingly plausible' DAILY TELEGRAPH It seems to be a very normal Monday morning. But in the space of only a few days, the world's oil supplies have

been severed and at a horrifying pace things begin to unravel everywhere. And this is no natural disaster: someone is behind this. Jenny is stuck in Manchester, fighting desperately against the rising chaos to get back to London, where her children are marooned as events begin to spiral out of control: riots, raging fires, looting, rape and murder. In the space of a week, London is transformed into a lawless and anarchic vision of hell. Jenny's estranged husband, oil engineer Andy Sutherland, is stranded in Iraq with a company of British soldiers, desperate to find a way home to his family, trapped as transport links and the very infrastructure of daily life begin to collapse around him. And against all this, a mysterious man is tracking Andy's family. He'll silence anyone who might be able to reveal the identities of those behind this global disaster. It seems that the same people who now have a stranglehold on the future of civilisation have flexed their muscles before, at other significant tipping points in history, and they are prepared to do anything to keep their secret - and their power - safe.

The Land of Stories: A Grimm Warning National Geographic Books What does it mean to have a soul whose will to live knows no limits? This gripping psychological thriller establishes Martyn Bedford as a hot new literary talent for young adults. Friday, December 14th. Fourteen-year-old Alex rushes home that night to beat his curfew. The next morning, he wakes up in an unfamiliar house, in a different part of the country, and it's the middle of June. Six months seem to have disappeared overnight. The family at the breakfast table? Total strangers. And when Alex looks in the mirror, another boy — called Philip, or Flip — stares back. The race against the clock is on, and unless Alex finds out what's happened and how to get back to his own life, he'll be forever trapped in someone else's body and life.

TimeRiders: Gates of Rome (Book 5) Penguin UK

Vespasian's mission will lead to violence, mayhem, and theft—and in the end, to a betrayal so great it will echo through the ages Vespasian is serving as a military officer on the outskirts of the Roman Empire, suppressing local troubles and defending the Roman way. But political events in Rome—Tiberius's

increasingly insane debauchery, the escalating grain crisis—draw him back to the city. When Caligula becomes Emperor, Vespasian believes that things will improve. Instead, he watches the young emperor deteriorate from Rome's shining star to a blood-crazed, incestuous, all-powerful madman. Lavish building projects, endless games, public displays of his relationship with his sister, Drusilla, and a terrified senate are as nothing to Caligula's most ambitious plan: to bridge the bay of Neapolis and ride over it wearing Alexander's breastplate. And it falls to Vespasian to travel to Alexandria and steal it from Alexander's mausoleum.

Author Alex Scarrow puts his own unique spin on the Doctor's amazing adventures through time and space.

Pirate Latitudes HarperCollins

National Book Award Finalist: "This man's ideas may be the most influential, not to say controversial, of the second half of the twentieth century."—Columbus Dispatch At the heart of this classic, seminal book is Julian Jaynes's still-controversial thesis that human consciousness did not begin far back in animal evolution but instead is a learned process that came about only three thousand years ago and is still developing. The implications of this revolutionary scientific paradigm extend into virtually every aspect of our psychology, our history and culture, our religion—and indeed our future. "Don't be put off by the academic title of Julian Jaynes's *The Origin of Consciousness in the Breakdown of the Bicameral Mind*. Its prose is always lucid and often lyrical...he unfolds his case with the utmost intellectual rigor."—The New York Times "When Julian Jaynes . . . speculates that until late in the twentieth millennium BC men had no consciousness but were automatically obeying the voices of the

gods, we are astounded but compelled to follow this remarkable thesis.”—John Updike, *The New Yorker* “He is as startling as Freud was in *The Interpretation of Dreams*, and Jaynes is equally as adept at forcing a new view of known human behavior.”—*American Journal of Psychiatry*
