The ironic tale of a 12-year-old Sicilian girl who decides to show her independence by flouting convention, in this case by wearing trousers and flirting with boys. ### **The Big Five for Life** Narr Francke Attempto Verlag

Classic Joy Fielding, featuring the emotional struggle between a loving wife and the proverbial 'other woman.' The young woman was stunning, and her words couldn't have been more clear:

"Hello, I'm Nicole Clark. I'm going to marry your husband." Jill Plumley thinks she has the perfect marriage, but how can she keep her attractive husband away from the younger, sexier Nicole? The frightening thing is that Jill knows that David can be stolen away. She had done it herself when she lured David from his wife. She, Jill, had once been the other woman.

### *A Sorrow Beyond Dreams* Seal Books

"My mother has been dead for almost seven weeks: I had better go to work before the need to write about her, which I felt so strongly at her funeral, dies away and I fall back into the dull speechlessness with which I reacted to the nerves of her suicide." So begins Peter Handke's extraordinary confrontation with his mother's death. In a painful and courageous attempt to deal with the almost intolerable horror of her suicide, he sets out to piece together the facts of her life, as he perceives them. What emerges is a loving portrait of inconsolable grief, a woman whose lively spirit has been crushed not once but over and over again by the miseries of her place and time. Yet well into middle age, living in the Austrian village of her birth, she still remains haunted by her dreams.

### Grabbing the Family Jewels Vintage

A Vogue Best Book of the Year "What Ferrante did for female friends—exploring the tumult and complexity their relationships could hold—Spiegelman sets out to do for mothers and daughters. She's essentially written *My Brilliant Mom*." —Slate A memoir of mothers and daughters—and mothers as daughters—traced through four generations, from Paris to New York and back again. For a long time, Nadja Spiegelman believed her mother was a fairy. More than her famous father, Maus creator Art Spiegelman,

and even more than most mothers, hers—French-born New Yorker art director Françoise Mouly—exerted a force over reality that was both dazzling and daunting. As Nadja's body changed and "began to whisper to the adults around me in a language I did not understand," their relationship grew tense. Unwittingly, they were replaying a drama from her mother's past, a drama Nadja sensed but had never been told. Then, after college, her mother suddenly opened up to her. Françoise recounted her turbulent adolescence caught between a volatile mother and a playboy father, one of the first plastic surgeons in France. The weight of the difficult stories she told her daughter shifted the balance between them. It had taken an ocean to allow Françoise the distance to become her own person. At about the same age, Nadja made the journey in reverse, moving to Paris determined to get to know the woman her mother had fled. Her grandmother's memories contradicted her mother's at nearly every turn, but beneath them lay a difficult history of her own. Nadja emerged with a deeper understanding of how each generation reshapes the past in order to forge ahead, their narratives both weapon and defense, eternally in conflict. Every reader will recognize herself and her family in *I'm Supposed to Protect You From All This*, a gorgeous and heartbreaking memoir that helps us to see why sometimes those who love us best hurt us most.

### My Father's Book HarperCollins

The New York Times bestselling series hailed as "gripping" (*People* magazine) and "compelling" (*USA Today*) returns with Police Chief Kate Burkholder called to the scene of a horrific tragedy on a peaceful Amish farm. The Slabaugh family are model Amish farmers, prosperous and hardworking, with four children and a happy extended family. When the parents and an uncle are found dead in their barn, it appears to be a gruesome accident: methane gas asphyxiation caused by a poorly ventilated cesspit. But in the course of a routine autopsy, the coroner discovers that one of the victims suffered a head wound before death—clearly, foul play was involved. But who would want to make orphans of the Slabaughs' children? And is this murder somehow related to a recent string of shocking hate crimes against the Amish? Having grown up Amish, Kate is determined to bring the killer to justice.

Because the other series of attacks are designated hate crimes, the state sends in agent John Tomasetti, with whom Kate has a long and complex relationship. Together, they search for the link between the crimes—and uncover a dark secret at work beneath the placid surface of this idyllic Amish community. Chock full of twists and chills and set against the unusual world of the Amish, this series "will delight fans of Chelsea Cain and Thomas Harris" (USA Today).

The gentle melancholy of two people coming together in a way which can never lead to full satisfaction, the quiet tragedy of a separation not forced by external powers but by the constant pressure of circumstances—this is what sounds through this splendid story. "Trials and Tribulations" is built entirely on this motive. An honest sturdy young officer and a decent pretty girl get to know each other on an excursion. Unconsciously they drift into a relation where heart meets heart, the breaking of which causes the deepest pain. But both see clearly from the beginning that there is no other end. For they know that the world is stronger than the individual, and the many small moments than the one supreme. They know it, for they are, like their creator, resigned realists. They shut their eyes only in order not to see the end too near. (Richard M. Meyer)—The interest of Fontane's novels lies rather in character than in action. While he portrays many types characteristic of Berlin and the surrounding region, and is very successful in rendering local color and the atmosphere of the particular circle described in each book, his penetration into universal human nature is sufficiently deep to raise him far

above provincialism. His effort is to represent people vividly and naturally in their normal relations, not to strain after sensational or even dramatic situations. "Trials and Tribulations" ("Irrungen Wirungen", 1887) gives an excellent idea of his power. In a gently moving story, told without the forcing of emotion or the contriving of exciting scenes, he deals with the pathos of the relation between a man and a woman, alike in an attractive simplicity of character, but forced apart by difference of rank. The situation is laid before us without expressed censure or protest, and is allowed to have its effect by the sober truth of its presentation. Fontane's is an honest and sincere art, none the less great because unpretentious. (W.A.N.)
