The untold story of the root cause of America's education crisis--and the seemingly endless cycle of multigenerational poverty. It was only after years within the education reform movement that Natalie Wexler stumbled across a hidden explanation for our country's frustrating lack of progress when it comes to providing every child with a quality education. The problem wasn't one of the usual scapegoats: lazy teachers, shoddy facilities, lack of accountability. It was something no one was talking about: the elementary school curriculum's intense focus on decontextualized reading comprehension "skills" at the expense of actual knowledge. In the tradition of Dale Russakoff's *The Prize* and Dana

Goldstein's *The Teacher Wars*, Wexler brings together history, research, and compelling characters to pull back the curtain on this fundamental flaw in our education system--one that fellow reformers, journalists, and policymakers have long overlooked, and of which the general public, including many parents, remains unaware. But *The Knowledge Gap* isn't just a story of what schools have gotten so wrong--it also follows innovative educators who are in the process of shedding their deeply ingrained habits, and describes the rewards that have come along: students who are not only excited to learn but are also acquiring the knowledge and vocabulary that will enable them to succeed. If we truly want to fix our education system and unlock the potential of our neediest children, we have no choice but to pay attention.

LYWA director Nick Ribush writes: The story behind this book is that in the early Kopan Monastery courses, Lama Zopa Rinpoche would start his day's teachings by quoting a verse from Shantideva's or Khunu Lama Rinpoche's seminal texts, giving a short teaching on it and then suggesting that students use it to generate a bodhicitta motivation for the day's activities (mainly teachings, meditations and discussion groups but also ordinary activities such as eating, talking, walking around and so forth). Since those days I've always thought that a compilation of these short teachings would make a great book, and finally, here it is. Editor Gordon McDougall has assembled Rinpoche's teachings into two parts, sorted by author of the verses and arranged thematically. In Part One, Lama Zopa Rinpoche teaches on selected verses

from Khunu Lama Rinpoche's Jewel Lamp, now published as *Vast as the Heavens, Deep as the Sea*. Lama Zopa Rinpoche advises, "Understanding and constantly reminding ourselves of the skies of benefits that bodhicitta brings is unbelievably worthwhile. This is the overall purpose of Khunu Lama Rinpoche's book, to cause us to feel inspired and joyful that such a mind is possible." In Part Two, Rinpoche teaches on verses from the first chapter of Shantideva's *Guide to the Bodhisattva's Way of Life*. These verses describe the amazing benefits of developing the precious mind of bodhicitta, the supreme cause of happiness for all sentient beings.

First-generation American LatinX Liliana Cruz does what it takes to fit in at her new nearly all-white school. But when family secrets spill out and racism at school ramps up, she must decide what she believes in and take a stand. Liliana Cruz is hitting a wall—or rather, walls. There's the wall her mom has put up ever since Liliana's dad left—again. There's the wall that delineates Liliana's diverse inner-city Boston neighborhood from Westburg, the wealthy—and white—suburban high school she's just been accepted into. And there's the wall Liliana creates within herself, because to survive at Westburg, she can't just lighten up, she has to whiten up. So what if she changes her name? So what if she changes the way she talks? So what if she's seeing her neighborhood in a different way? But then light is shed on some hard truths: It isn't that her father doesn't want to come home—he

can't...and her whole family is in jeopardy. And when racial tensions at school reach a fever pitch, the walls that divide feel insurmountable. But a wall isn't always a barrier. It can be a foundation for something better. And Liliana must choose: Use this foundation as a platform to speak her truth, or risk crumbling under its weight.

An insightful and powerful look at the magic of summer camp—and why it is so important for children to be away from home . . . if only for a little while. In an age when it's the rare child who walks to school on his own, the thought of sending your "little ones" off to sleep-away camp can be overwhelming—for you and for them. But parents' first instinct—to shelter their offspring above all else—is actually depriving kids of the major developmental milestones that occur through letting them go—and watching them come back transformed. In *Homesick and Happy*, renowned child psychologist Michael Thompson, PhD, shares a strong argument for, and a vital guide to, this brief loosening of ties. A great champion of summer camp, he explains how camp ushers your children into a thrilling world offering an environment that most of us at home cannot: an electronics-free zone, a multigenerational community, meaningful daily rituals like group meals and cabin clean-up, and a place where time simply slows down. In the buggy woods, icy swims, campfire sing-alongs, and daring adventures, children have emotionally significant and character-building experiences; they often grow in ways that surprise even themselves; they make lifelong memories and cherished friends. Thompson shows how children who are away from their

parents can be both homesick and happy, scared and successful, anxious and exuberant. When kids go to camp—for a week, a month, or the whole summer—they can experience some of the greatest maturation of their lives, and return more independent, strong, and healthy.

A beautiful commemorative edition of Dr. Martin Luther King's essay "Letter from Birmingham Jail," part of Dr. King's archives published exclusively by HarperCollins. With an afterword by

Reginald Dwayne Betts On April 16, 1923, Dr. Martin Luther King Jr., responded to an open letter written and published by eight white clergymen admonishing the civil rights demonstrations happening in Birmingham, Alabama. Dr. King drafted his seminal response on scraps of paper smuggled into jail. King criticizes his detractors for caring more about order than justice, defends nonviolent protests, and argues for the moral responsibility to obey just laws while disobeying unjust ones. "Letter from Birmingham Jail" proclaims a message - confronting any injustice is an acceptable and righteous reason for civil disobedience. This beautifully designed edition presents Dr. King's speech in its entirety, paying tribute to this extraordinary leader and his immeasurable contribution, and inspiring a new generation of activists dedicated to carrying on the fight for justice and equality.

There's an empty notebook lying on the table in the moonlight. It's been there for an age. I keep on saying that I'll write a journal. So I'll start right here, right now. I open the book and write the very first words: My name is Mina and I love the night. Then what shall I write? I can't just write that this happened then this happened then this happened to boring infinitum. I'll let my journal grow just like the mind does, just like a tree or a beast does, just like life does. Why should a book tell a tale in a dull straight line? And so Mina writes and writes in her notebook, and here is her journal, Mina's life in Mina's own words: her stories and dreams, experiences and thoughts, her scribbles and nonsense, poems and songs. Her vivid account of her vivid life.

In this stunning book, David Almond revisits Mina before she has met Michael, before she has met Skellig. Shortlisted for the 2012 Carnegie Medal. The Headline that Morning Ballantine Books
