A Voyage Towards the South Pole and Round the World (Vol. 1&2) Arkose Press

Selections from Cook's journals of the first voyage (1768-1771) to Tahiti, New Zealand and Eastern Australia; second voyage (1772-1775) to the Antarctic and the Pacific; third voyage (1776-1780) to Hawaii, the north American coast; eye-witness accounts of Cook's death in Hawaii.

“Des” Capitäns James Cook Beschreibung seiner Reise um die Welt BoD - Books on Demand

With this book Troelstra gives us a superb overview of natural history travel narratives. The well over four thousand detailed entries, ranging over four centuries and all major western European languages, are drawn from a wide range of sources and include both printed books and periodical contributions.

James Cook's Voyage Towards the South Pole and Round the World e-artnow

"A Voyage Towards the South Pole and Round the World" in 2 volumes is an inspiring personal account of the second voyage of James Cook, from 1772 to 1775, commissioned by the British government with advice from the Royal Society, which was designed to circumnavigate the globe as far south as possible to finally determine whether there was any great southern landmass, or Terra Australis. On his first voyage, Cook had demonstrated by circumnavigating New Zealand that it was not attached to a larger landmass to the south, and he charted

almost the entire eastern coastline of Australia, yet Terra Australis was believed to lie further south. Alexander Dalrymple and others of the Royal Society still believed that this massive southern continent should exist. In the course of the voyage he visited Easter Island, the Marquesas, Tahiti, the Society Islands, Niue, the Tonga Islands, the New Hebrides, New Caledonia, Norfolk Island, Palmerston Island, South Sandwich Islands, and South Georgia, many of which he named in the process. Cook proved the Terra Australis Incognita to be a myth and predicted that an Antarctic land would be found beyond the ice barrier.

Learn about Captain James Cook and his crew, beautifully illustrated, with excerpts from Cook's journals, illustrations, photography, and more.

The Voyages of Captain James Cook Husain Press

It is no longer possible for any ship to cross the Pacific Ocean without encountering the ghost of Captain without encountering the ghost of Captain Cook and his voyages are the stuff of maritime legend.

Captain Cook e-artnow

Strange it must appear that the account of perhaps the most celebrated and, certainly to the English nation, the most momentous voyage of discovery that has ever taken place - for it practically gave birth to the great Australasian Colonies - has never before been given to the world in the very words of its great leader. It has fallen out in this wise. After the return of the Endeavour it was decided that a full and comprehensive account of the voyage should be compiled. COOK'S JOURNAL dealt with matters from the point of view of the seaman, the explorer, and the head of the expedition, responsible for life, and for its general success.

Captain Cook and the South Pacific BRILL

This seven-volume illustrated edition of James Cook's journals, originally published in 1821, brings together these celebrated writings in an attractive format.

The Voyages of Captain James Cook BoD - Books on Demand
Between 1768 and 1779, Captain James Cook of the British Royal Navy made three voyages of exploration for purposes of scientific research. On each voyage he kept a log of scenes and adventures. Cook's reputation rose steadily with each voyage largely because Europeans were fascinated with the romance of discovery as well as reports of sexual licence in Tahiti and other Polynesian islands.

The Three Voyages of Captain James Cook Round the World (Volume I) Alpha Edition

Throughout, Horwitz also searches for Cook the man: a restless prodigy who fled his peasant boyhood, and later the luxury of Georgian London, for the privation and peril of sailing off the edge of the map."--BOOK JACKET.

Cook, der Weltumsegler. Leben, Reisen und Ende des Kapitän James Cook, insbesondere Schilderung seiner drei grossen Entdeckungsfahrten. Nebst einem Blick auf die heutigen Zustände der Südsee-Inselwelt ... Mit 120 in den Text gedruckten Abbildungen und fünf Tondruckbildern London : British Museum Publications Limited

Captain James Cook (1728-1779) war ein bekannter britischer Seefahrer und Entdecker, der vor allem durch seine Reisen durch den Pazifischen Ozean berühmt wurde. Auf seinen Fahrten entdeckte er zahlreiche Inseln, die er vermaß und kartonierte. William H. G. Kingston erzählt in dem vorliegenden Buch auf sehr

spannende Art und Weise das Leben des Capitains Cook und geht im Besonderen auf die drei großen Entdeckungsreisen in den Jahren 1768 bis 1780 ein.

The Journals of Captain Cook London : Cresset Press

Stunningly illustrated history tells the story of James Cook's three voyages into the Pacific, including his visits to New Zealand.

Themes include the navigation and charting of the Pacific; first encounters between Western and indigenous cultures; the representation of the voyages in art; and scientific discovery and the natural world interwoven with the personal stories of the key protagonists, including James Cook and Joseph Banks.

Entdeckungsfahrten im Pazifik Arkose Press

Selected from his journals, and edited by Christopher Lloyd.

Publishing Group

Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

[The Three Voyages of Captain James Cook round the World](#)

Penguin UK

Cook led three famous expeditions to the Pacific Ocean between 1768 and 1779. In voyages that ranged from the Antarctic circle to the Arctic Sea, Cook charted Australia and the whole coast of New Zealand, and brought back detailed descriptions of the natural history of the Pacific. Accounts based on Cook's journals were issued at the time, but it was not until this century that the original journals were published in Beaglehole's definitive edition. The JOURNALS tells the story of these voyages as Cook wanted it to be told, radiating the ambition, courage and skill which enabled him to carry out an unrivalled series of expeditions in dangerous waters.

Narrative of Captain James Cook's Voyages round the World ... [A new edition of the biography by Andrew Kippis, the final chapter being omitted.] Also, an appendix, detailing the progress of the voyage after the death of Captain Cook Macmillan
