Enjoy beloved classics while developing vocabulary, reading, and critical thinking skills! Each literature book in the series is a one-year course Each chapter has five lessons with daily concept-building exercises, warm-up questions, and guided readings Easy-to-use with suggested reading schedules and daily calendar Equips students to think critically about philosophy and trends in culture, and

articulate their views through writing A well-crafted presentation of whole-book or whole-work selections from the major genres of classic literature (prose, poetry, and drama), each course has 34 chapters representing 34 weeks of study, with an overview of narrative background material on the writers, their historical settings, and worldview. The rich curriculum's content is infused with critical thinking skills, and an easy-to-use teacher's guide outlines student objectives with each chapter, providing the answers to the assignments and weekly exercises. The final lesson of the week includes both the exam, covering

insights on the week's chapter, as well as essays developed through the course of that week's study, chosen by the educator and student to personalize the coursework for the individual learner.

Konsulting Engr  
As "the English Athens," Oxford has long been seen as central to England's intellectual life. For over six centuries the

city has been lauded, slighted, and cited in the pages of English literature. While it has been hailed as the embodiment of excellence, beauty, and truth on the one hand, it has also been attacked for its elitism, insularity, and traditionalism on the other. Oxford in English Literature provides for the first time an overview of these literary representations, ranging from Chaucer's account of medieval students to modern-day detective stories set in the city. The book begins with the early university, possibly founded by an eighth-century princess named Frideswide. The volume moves on through the Middle Ages with Chaucer's clerks and Foxe's

martyrs. Oxford in English Literature touches on more recent centuries with Lewis Carroll and Alice in Wonderland, Matthew Arnold, Max Beerbohm and Evelyn Waugh, and the "Infamous St. Oscar." Following the rise of the colleges, the literature becomes characterized by a sense of insulation, for the closed collegiate structure led to elitism and eccentricity. The notion of the university as a paradise of youth, beauty, and intelligence led to the so-called Oxford myth and the backlash against it after World War II. The underlying argument of John Dougill's work is that the defining symbol of Oxford is not so much the dreaming spire as the college wall. In

Oxford literature the college is depicted as a world of its own-- secluded, conservative, and eccentric, driven by its own rituals. Idealized, it becomes a cloistered utopia, an Athenian city-state, a fantasy wonderland, or an Arcadian idyll. Exclusivity led to resentment from those on the outside, as is evident in Thomas Hardy's *Jude the Obscure*. With the advent of democratic and egalitarian values in the twentieth century, the privilege and elitism of the university has come under increasing attack, as has the whole notion of the "English Athens." Oxford in English Literature is aimed at the general reader interested in the literature and history of

a very unusual town. Its familiar subject and the inclusion of numerous rare and specially commissioned illustrations and photographs make this a compelling book.

John Dougill is

Associate Professor of English Literature, Ryukoku University, Kyoto, Japan. He is an Oxford graduate and author of *The Writers of English Literature*.

A veteran hockey writer takes on hockey culture and the NHL--addressing the games most controversial issue Whether its on-ice fist fights or head shots into the glass, hockey has become a nightly news spectacle--with players pummeling and bashing each other across the ice like drunken gladiators. And while the NHL may actually condone on-ice violence as a ticket draw, diehard hockey fan and expert Adam Proteau argues against hockeys transformation into a thuggish blood sport. In *Fighting the Good Fight*, Proteau sheds light on the many perspectives of those in and around the game, with interviews of current and former NHL stars, coaches, general

managers, and league executives, as well as medical experts. One of the most well-known media figures on the hockey scene today, famous for his funny, feisty observations as a writer for the Toronto Star and The Hockey News and commentator on CBC radio and TV, Adam Proteau is also one of the few mainstream media voices who is vehemently anti-fighting in hockey. Not only is his book a plea to the games gatekeepers to finally clamp down on the runaway violence that permeates the sport even at its highest level, he offers realistic suggestions on ways to finally clean the game up. • Includes interviews with medical experts on head injuries and

concussions, as well as with other members of the media • The author not only wages an attack on the value of fighting in hockey--but also on the establishment hockey culture Covering the most polarizing issue in hockey today, Fighting the Good Fight gives hockey fans and sports lovers everywhere a reason to stamp their feet and whistle--at a rare display of eloquence and common sense.

From reformers and rogues to poets and playwrights, a study of British literature will take you through some of the most popular works ever written. This curriculum uses a strong biblical worldview to teach students about literary masterpieces from the British literary canon and their historical context. In this

comprehensive examination of British literature, students' critical thinking abilities, communication skills, and knowledge of literary classics are all amply developed. This course also stresses biblical application and equips students to think critically about philosophy and trends in culture. Through studying and writing about literature, students will greatly enhance their own personal communication skills. 1 Year Curriculum 10th - 12th Grade 1 Credit
