This new sixth edition of Bradt's Georgia, the only dedicated guide to the country, has been thoroughly updated throughout to include all the most recent developments, ranging from greatly expanded coverage of Batumi, Adjara and Svaneti to the addition of new maps for Tbilisi, Mestia and Telavi. Tourism is booming in Georgia: the number of guesthouses has mushroomed, Tbilisi airport has just opened a second terminal and a new terminal and rail link are under construction at Kutaisi airport. New low-cost flights are now available and visa-free travel is the norm for most. With Bradt's Georgia discover both the old and the new. The capital, Tbilisi, has seen huge changes in

the past decade with some conspicuous new projects such as the Peace Bridge, the Opera House and the Presidential Palace, as well as excellent new restaurants and bars. Much of the country can be reached in day-trips from the luxury hotels of Tbilisi and Batumi, and the remotest areas such as Svaneti and the Pankisi Valley can also now be visited. In addition, Mestia, the capital of Svaneti, now has an airport and two ski resorts. Also new for this edition is expanded information on Tusheti and the Trans Caucasian Trail, a volunteer-led project to create two long-distance hiking routes, east-west and north-south, linking the Black Sea with the Caspian, the Greater Caucasus

with the Lower Caucasus and Georgia with Armenia and Azerbaijan. The Georgian wine industry is covered, with particular emphasis on natural qvevri wines, and so too are skiing, rugby, the World Heritage sites of Mtskheta and Gelati, Georgian food, 5th-century churches, cave cities, and Georgian polyphonic singing. Bradt's unique guide to Georgia is the ideal companion for all travellers, from serious hikers to wine buffs, high-end culture lovers to backpackers of all ages.

We travel to grow our Adventure Guides show you how.

Experience the places you visit more directly, freshly, intensely than you would otherwise

sometimes best done on foot, in a canoe, or through cultural adventures like art courses, cooking classes, learning the language, meeting the people, joining in the festivals and celebrations. This can make your trip life-changing, unforgettable. All of the detailed information you need is here about the hotels, restaurants, shopping, sightseeing. But we also lead you to new discoveries, turning corners you haven't turned before, helping you to interact with the world in new ways. That's what makes our Travel Adventure Guides unique. The author is fascinated with these islands and her passion comes across in the text, which is lively,

revealing and a pleasure to read. Detailed town and regional maps make planning day-trips or city tours easy. Adventures covered range from town sightseeing tours and nature watching to sea kayaking and mountain climbing excursions. Travelers looking for a more relaxed vacation may want to sign up for dance lessons and take part in the local Carnival or join a local cycling club and tackle some of the most scenic areas - these cultural adventures will introduce you to the people and afford you a truly unique travel experience. This guide focuses on Curaçao primarily and is based on material found in our larger book, Aruba, Bonaire & Curacao Pocket Adventures.

This book was created for those who seek adventure everywhere, who enjoy living wild and staying in touch with nature. What is a Bucket List? Unsure what a bucket list is? Let's take a minute to explain this. A bucket list is a collection of experiences you'd like to have before you kick the bucket. It might include places to visit, people to see, foods to eat, or any number of other things. Most people keep one long bucket list that covers every part of their lives. However, we think it's much easier to keep several smaller lists. We like to split these lists up based on places we intend to travel to and have

been making one for each state. Below is our Georgia bucket list book. Hopefully, it works as inspiration so you can create a must-do Georgia travel list of your own. Participate in the 50 books - 50 states challenge - with us! The old-fashioned way of travel with any bucket list usually looks as follows... You're buying an expensive atlas, which includes plenty of beautiful photographs and descriptions of the destinations to which you plan to travel. Before you leave the house, within a matter of weeks, You will conclude, that in fact, you've seen everything already and nothing can phase you. A lot of people are giving up at this point and are ending their „life adventure"

flipping through book pages. However, if you choose to go on a trip, you do every single thing, which a book tells you to do. You're following the book schedule. Instead of being one of many, stay for a while and listen, what our way of traveling can look like. Take your Georgia Bucket List Adventure & Memory Journal, pack your bag and go. Have you ever wondered about having your atlas with many beautiful pictures? You can easily make it on your own. The best descriptions are those, which are created by you. Describe precisely what caught your attention, or maybe mention the animals you encountered on your way? There must also be a place for a description of how you

spent time with your family or friends. Do you want to get to know the most beautiful breathtaking natural wonders from anywhere? You have to do it on your own. Create your memory book, which you'll be able to come back to for years, and then imagine the feeling of accomplishing your „bucket list" like true native Americans. The shelf is not a place for this book... The aim of it is to inspire You on the biggest life trip and make your dreams come true. The interior of the book includes: 1. Your Personal Bucket List - list of top places to visit and things to do in Georgia 2. Contour Map of Georgia - you can mark your trail, the best points, or whatever you want. The possibilities are

endless 3. Equipment Checklist - whether you are an advanced hiker or just starting out, you will find useful things here. The things listed apply to the tent, campers, RV lovers, people who come from abroad to visit the United States, and anyone passionate about day trips 4. Your Personal Storage - make your trip even more interesting, easier, and safer. 5. Campsite & Campground Checklist - unique list of useful things to keep in mind when choosing where to stay 6. Road Information - depending on the state you are traveling to there may be different

conditions, renovations, restrictions, requirements. Write them all down. 7. Local Area Notes - write down and keep all your memories and photos in uniquely designed sections Benefits of having this book: 1. Gift for a loved one, children, or grandparents to inspire them to a great adventure, 2. Great help in keeping you organized and recording all your adventures while saving your memories for a lifetime, 3. Taking notes during your journey will make it more enjoyable, 4. Inspire grandchildren and children to live in harmony with nature,
