PostSecret Rock Point
An Adult Coloring Book
for Authors! This book
will help you paint
powerful visual scenes
that stick with readers

long after they're
finished your book. The
techniques described
within are simple and
easy to use. Think of
this as a guided
coloring book
adventure. YOUR
adventure. There are
lots of systems and
guides to plotting, but
if you're like me you
have journals filled

with notes, scenes and description... it can get overwhelming. I've based this book on traditional three-act story architecture, but it's greatly simplified. Plotters and pantsers can use the guided exercises to gain greater visual clarity and build more meaningful scenes with resonance. This book will help you get organized and unlock hidden potential in your scenes that you didn't know was there, by going beyond words and focusing on drawing and coloring your scenes until you have a full outline. This book makes an excellent workbook for writing retreats, is simple enough for children to use (it's never too early to write your first novel), and introduces a new, and

hopefully useful, way to organize your novel, improve your writing, and create unforgettable scenes that will make a deep and lasting impact.

Dot Journaling—The Set Hachette UK

If you can make a dot, then you're ready to be taken on a creative journey. Inspired by his internationally beloved picture book *The Dot*, Peter H. Reynolds begins this guided journal by giving you permission to draw just one dot and sign your name. Over the next several pages, you're encouraged to take pleasure in making iterations of the dot: big dots, little dots, colorful dots, orderly dots, and scattered dots. Then you'll move on to other mark-making activities, conquering

perfectionism, loosening up, and letting your creativity flow. Throughout, Reynolds offers exercises that draw a connection between mindfulness and leaving your mark on the page. Whether you're a timid beginner or a seasoned artist who needs a creative jolt to keep fresh and recharge, this journal is for you.

Harry Potter Dot Journal

HarperBusiness
He has stolen Eleanor Fitt's heart, but who was Daniel Sheridan before he became a Spirit-Hunter? In this suspenseful 100-page digital-original romance novella from *Something Strange and Deadly* author Susan Dennard, Daniel's past—and his first love—will be exposed.

With a checkered past like Daniel Sheridan's, landing an apprenticeship aboard the Sadie Queen was just the fresh start he was looking for. But that's the last thing it's been. Teeming with ghosts that plague the crew with horrific nightmares, this ship is more trouble than it's worth to Daniel. Except for Cass. . . . Gorgeous and stubborn to a fault, apprentice pilot Cassidy Cochran is the one thing keeping Daniel on board. Though they started as best friends, their relationship has grown into something more intense. Their stolen, sometimes steamy moments have Daniel feeling something he never thought possible: love. Enlisting the help of a short-tempered Chinese boy named Jie

and a Creole gentleman named Joseph, the three attempt to rid the boat of the ghosts—for if they don't, the Sadie Queen will be put out of business. And with Cass's fatally-ill sister in need of expensive medical help, Daniel is more determined than ever to save the ship. But when he discovers that the ghosts are linked to a dangerous curse whose caster wants everyone on board dead, Daniel will come face-to-face with an evil so dark, so wicked, that it will change the course of his life forever. Dot.con The Experiment

The #1 New York Times bestseller. Over 20 million copies sold! Translated into 60+ languages! Tiny Changes, Remarkable Results No matter your

goals, Atomic Habits offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that

can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: make time for new habits (even when life

gets crazy); overcome a lack of motivation and willpower; design your environment to make success easier; get back on track when you fall off course; ...and much more. Atomic Habits will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits-- whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal. The Little Bullet Book David and Charles Get organized! Blogging star Rebecca Spooner shows how a great journal can put your life in order.

Whether you're planning the week's menus or training for your first 5K, Journal Me Organized offers a creative way to eliminate mental clutter and focus on goals. It covers everything from choosing a notebook and cross-referencing to goal setting and time management. Inspirational pages, fun ideas, and easy-to-follow instructions accompany tutorials and templates for designs that range from minimalist to exuberant.

The Internet stock bubble wasn't just about goggle-eyed day traderstriving to get rich on the Nasdaq and goateed twenty-five-year-olds playing

wannabe Bill Gates. It was also about an America that believed it had discovered the secret of eternal prosperity: it said something about all of us, and what we thought about ourselves, as the twenty-first century dawned. John Cassidy's Dot.con brings this tumultuous episode to life. Moving from the Cold War Pentagon to Silicon Valley to Wall Street and into the homes of millions of Americans, Cassidy tells the story of the great boom and bust in an authoritative and entertaining narrative. Featuring all the iconic figures of the Internet era -- Marc Andreessen, Jeff Bezos, Steve Case, Alan Greenspan, and many others -- and with a new Afterword on the

aftermath of the bust, Dot.con is a panoramic and stirring account of human greed and gullibility.

Phlebotomy uses large, hollow needles to remove blood specimens for lab testing or blood donation. Each step in the process carries risks - both for patients and health workers.

Patients may be bruised. Health workers may receive needle-stick injuries.

Both can become infected with bloodborne organisms

such as hepatitis B, HIV, syphilis or malaria. Moreover, each step affects the quality of the specimen and the diagnosis. A contaminated specimen will produce a misdiagnosis. Clerical errors can prove fatal. The new WHO guidelines provide recommended steps for safe phlebotomy and reiterate accepted principles for drawing, collecting blood and transporting blood to laboratories/blood banks.

So what is a bullet journal? It's a planner, to-do list and diary that will help you get your life together! This fun, practical guide shows you how to start and keep a bullet journal: a single notebook in which you write down all the things that you

want to remember, or need to do, or you've already done - from every aspect of your life: work, home, relationships and hobbies. With colourful illustrations and easy tips to get you started, early adopter Rachel Wilkerson Miller explains how to make a bullet journal work for you - whether you want to create something simple or elaborate. Ideas for content include: - Lists of your to-dos and to-don'ts - Symbols that will make your lists efficient and effective - Calendars to plan your day, week, month or year - Trackers for your habits and goals (think health, money, travel) - Stationery such as washi tape, book darts and more! The phenomenon that is bullet journaling has

led to thousands of journalers sharing their work on Pinterest, Instagram and Facebook. In *How to Bullet Plan*, BuzzFeed editor Rachel Wilkerson Miller tells you everything you need to know to start your own.

The Butterfly Garden

Carolrhoda Lab ®

This inspiring gift book offers beautifully illustrated guided bullet organization lists that will make your achievements shine! In *Bullet It! Lists for Living: A Notebook for Charting Your Tasks, Hopes and Dreams*, author/illustrator Nicole Lara gives bullet journalers beautifully illustrated, full-color pages and prompts for recording their “life lists.” The prompts include practical lists, like movies to watch, favorite books,

Christmas present ideas, trips they’d like to take, and home decorating ideas, but also personal lists, like the people who make them laugh the most, the things they’re most grateful for, and where they see themselves in 10 years.
