Blackwell's Nursing Dictionary Basic Medical Language - E-Book

Nou vir die eerste keer in Afrikaans, 'n verwerking van Born a Crime and Other Stories - die Suid-Afrikaanse en New York Times-#1-topverkoper. "As my ma een doel voor oë gehad het, was dit om my verstand te bevry. My ma het soos 'n grootmens met my gepraat. Sy het gedurig vir my stories vertel, vir my lesse geleer, veral lesse uit die Bybel. Sy was mal oor Psalms. Ek moes elke dag Psalms lees. Sy het my agterna gepeper met vrae daarvoor. 'Wat beteken daardie gedeelte? Wat beteken dit vir jou? Hoe kan jy dit in jou lewe toepas?' So het dit elke dag van my lewe gegaan. My ma het gedoen wat die skool nie kon doen nie. Sy het my geleer hoe om te dink." Trevor Noah het in Suid-Afrika grootgeword met 'n swart Suid-Afrikaanse ma en 'n wit Switserse pa - in 'n tyd toe dit teen die wet was vir 'n kind van gemengde rasse om te bestaan. Maar Trevor het bestaan. In Teen die reëls vertel hy van sy grootwordjare. Die stories wat hy in dié boek vertel, sal jou laat lag, huil en jou vol verwondering en inspirasie laat, terwyl jy dié ondeunde seuntjie met sy vlymskerp brein en humorsin leer ken. Teen alle verwagtinge in, en danksy sy ma se onfeilbare liefde en geloof in hom, het Trevor hope struikelblokke oorkom om vir hom 'n belowende toekoms te skep.

The new edition of Bruce Wingerd's The Human Body: Concepts of Anatomy and Physiology helps encourage learning through concept building, and is truly written with the student in mind. Learning Concepts divide each chapter into easily absorbed subunits of information, making learning more achievable. Since students in a one-semester course may have little experience with biological and chemical concepts, giving them tools such as "concept statements," "concept check" questions, and a "concept block study sheet" at the end of each chapter help them relate complex ideas to simple everyday events. The book also has a companion Student Notebook and Study Guide (available separately) that reinvents the traditional study guide by giving students a tool to help grasp information in class and then reinforce learning outside of class.
