Nava Varna Kritis are a great gift for us all. The structure of those songs and the ragas selected for each chakra are a beauty. Dikshitar systematically reaches from base to Bindu in each song and explains the greatness of the position of the chakra. The last Mantra Keerthana comprehensively covers all mantras of the chakra. This shows the depth of research and understanding Dikshitar had on the Sri Vidhya Maha Shodasakshari mantra learnt from Sri. Chidambara Swamiji. So far, there is no clear notation for such difficult songs and a student finds it difficult to learn the song in a proper way. This book brings out the notation to the benefit of music lovers and students. It provides a brief explanation of each sentence of the song for understanding the same.Muthuswami Dikshitar's life incidents in paintings, which are the first of its kind, have been presented in this book. The book has been published in three languages: English, Tamil and Telugu for wide circulation.

This book, elucidates the basic steps called Adavus of Bharata Natyam in the traditional Pandanallur style, as taught by the revered Gurus Sri Meenakshi Sundaram Pillai and Sri Muthukumara Pillai, to Sri T.K Narayan and Smt. Jayalakshmi Narayan, parents of the author. It is an honest attempt to explain the various steps with unerring and accurate execution technique. The book offers a visual representation of the Adavus with the help of stick diagrams in a sequential manner so that the beginners and practitioners can understand the finer points of each movement. The author has developed simple schematics to show the various moves, such as jump, stretch, turn, hit etc. The author endeavours to illustrate Adavus in a precise manner in this book. Classification and categorization of each step is the salient feature of this work. Gayathri Keshavan makes a humble effort to pass on the knowledge of this ancient and sacred art to the present and future generations of Bharata Natyam dancers.

The main purpose of the book is to explore basic music theory so thoroughly that the interested student will then be able to easily pick up whatever further theory is wanted. Music history and the physics of sound are included to the extent that they shed light on music theory. The main premise of this course is that a better understanding of where the basics come from will lead to better and faster comprehension of more complex ideas. It also helps to remember, however, that music theory is a bit like grammar. Catherine Schmidt-Hones is a music teacher from Champaign, Illinois and she has been a pioneer in open education since 2004. She is currently a doctoral candidate at the University of Illinois in the Open Online Education program with a focus in Curriculum and Instruction.
