## CAMERON HARRINGTON

---

*I Love My Planet Earth* Simon and Schuster

"I take care of the earth because I know I can do little things every day to make a BIG difference..." With his signature blend of playfulness and sensitivity, Todd Parr explores the important, timely subject of environmental protection and conservation in this eco-friendly picture book. Featuring a circular die-cut Earth on the cover, and printed entirely with recycled materials and nontoxic soy inks, this book includes lots of easy, smart ideas on how we can all work together to make the Earth feel good - from planting a tree and using both sides of the paper, to saving energy and reusing old things in new ways. Best of all, the book includes an interior gatefold with a poster with tips/reminders on how kids can "go green" everyday. Equally whimsical and heartfelt, this sweet homage to our beautiful planet is sure to inspire readers of all ages to do their part in keeping the Earth happy and healthy.

**Eavesdropping: A Memoir of Blindness and Listening** Grand Central Publishing

The next novel in the international publishing phenomenon the Ice Planet Barbarians series, now in a special print edition with a bonus original novella! Tiffany doesn't care about all the attention she's getting from the alien men, but there is one particular hunter she can see herself with—if only she can find a way to move forward from the past. . . . It's hard being the most popular girl on the ice planet. The alien men are falling all over themselves to impress me in the hopes that I'll take them to my furs. But they don't know my secrets. And they don't realize that behind my smile, I just wish they'd take their courting presents and their competitions for my affection and go away. I want to be left alone. But on a planet where women are a scarcity, that won't be happening. If I had to choose a mate . . . it'd be someone with a gorgeous blue body, big horns, and the most intense gaze ever. Someone who knows the truth of what happened to me and why I don't like attention. Patient, handsome Salukh knows my secrets. He knows why I have nightmares and why I don't trust anyone. He's willing to let me "experiment" with him. I can use him. Take what I need from him to work through my trauma. He's been a good friend and the best shoulder to cry on. There's one small problem. When it comes to us, he doesn't just want to be my friend. He wants to be my forever. And day by day, he's getting harder to resist. . . .

*Stop Saving the Planet!: An Environmentalist Manifesto* W. W. Norton & Company

"Pithy, funny, exasperated, and informed...You cannot read a more important hundred pages than *Stop Saving the Planet!*" —Richard White, author of *The Republic for Which It Stands* We've been "saving the planet" for decades!...And environmental crises just get worse. All this hybrid driving and LEED building and carbon trading seems to accomplish little to nothing—and low-income communities continue to suffer the worst consequences. Why aren't we cleaning up the toxic messes and rolling back climate change? And why do so many Americans hate environmentalists? Jenny Price says Enough already! with this short, fun, fierce manifesto for an environmentalism that is hugely more effective, a whole lot fairer, and infinitely less righteous. She challenges you,

corporate sustainability officers, and the EPA to think and act completely anew—and to start right now—to ensure a truly habitable future.

**Love Your Enemies** HarperCollins

At the end of the world, a woman must hide her secret power and find her kidnapped daughter in this "intricate and extraordinary" Hugo Award winning novel of power, oppression, and revolution. (The New York Times) This is the way the world ends. . .for the last time. It starts with the great red rift across the heart of the world's sole continent, spewing ash that blots out the sun. It starts with death, with a murdered son and a missing daughter. It starts with betrayal, and long dormant wounds rising up to fester. This is the Stillness, a land long familiar with catastrophe, where the power of the earth is wielded as a weapon. And where there is no mercy. Read the first book in the critically acclaimed, three-time Hugo award-winning trilogy by NYT bestselling author N. K. Jemisin.

**The Fifth Season** Yearling

As climate change and development pressures overwhelm the environment, our emotional relationships with Earth are also in crisis. Pessimism and distress are overwhelming people the world over. In this maelstrom of emotion, solastalgia, the homesickness you have when you are still at home, has become, writes Glenn A. Albrecht, one of the defining emotions of the twenty-first century. *Earth Emotions* examines our positive and negative Earth emotions. It explains the author's concept of solastalgia and other well-known eco-emotions such as biophilia and topophilia. Albrecht introduces us to the many new words needed to describe the full range of our emotional responses to the emergent state of the world. We need this creation of a hopeful vocabulary of positive emotions, argues Albrecht, so that we can extract ourselves out of environmental desolation and reignite our millennia-old biophilia—love of life—for our home planet. To do so, he proposes a dramatic change from the current human-dominated Anthropocene era to one that will be founded, materially, ethically, politically, and spiritually on the revolution in thinking being delivered by contemporary symbiotic science. Albrecht names this period the Symbiocene. With the current and coming generations, "Generation Symbiocene," Albrecht sees reason for optimism. The battle between the forces of destruction and the forces of creation will be won by Generation Symbiocene, and *Earth Emotions* presents an ethical and emotional odyssey for that victory.

**Love Your World** Harper Collins

Acclaimed children's book author and photographer April Pulley Sayre's love letter to Earth is a stunning exploration of the beauty and complexity of the world around us. Remarkable photographs and a rich, layered text introduce concepts of science, nature, geography, biology, poetry, and community. This nonfiction picture book is an excellent choice to share during homeschooling, in particular for children ages 4 to 6. It's a fun way to learn to read and as a supplement for activity books for children. April Pulley Sayre, award-winning photographer and acclaimed author of more than sixty-five books, introduces concepts of science, nature, and language arts through stunning photographs and a poetic text structured as a simple thank-you note. Touching on subjects from life cycles to weather, colors, shapes, and patterns, this is an ideal resource for science and language art curriculums and a terrific book for bedtime sharing. *Thank You, Earth* is a great choice for Earth

Day celebrations, as well as family and group read-alouds. Includes backmatter with kid-friendly ideas for conservation projects information about the photographs, and additional resources. --Kirkus Reviews

Fall in Love, Have Children, Stay Put, Save the Planet, Be Happy W. W. Norton & Company

Details the ozone depletion, excess energy consumption, pollution, and global warming, analyzing a cure for the dying earth.

**The Planet of Junior Brown** Red Wheel/Weiser

The Geography of Bliss membawa pembaca melanglangbuana ke berbagai negara, dari Belanda, Swiss, Bhutan, hingga Qatar, Islandia, India, dan Amerika ... untuk mencari kebahagiaan. Buku ini adalah campuran aneh tulisan perjalanan, psikologi, sains, dan humor. Ditulis tidak untuk mencari makna kebahagiaan, tapi di mana. Apakah orang-orang di Swiss lebih bahagia karena negara mereka paling demokratis di dunia? Apakah penduduk Qatar, yang bergelimang dolar dari minyak mereka, menemukan kebahagiaan di tengah kekayaan itu? Apakah Raja Bhutan seorang pengkhayal karena berinisiatif memakai indikator kebahagiaan rakyat yang disebut Gross National Happiness sebagai prioritas nasional? Kenapa penduduk Ashville, Carolina Utara, sangat bahagia? Kenapa penduduk di Islandia, yang suhunya sangat dingin dan jauh dari mana-mana, termasuk negara yang warganya paling bahagia di dunia? Kenapa di India kebahagiaan dan kesengsaraan bisa hidup berdampingan? Dengan wawasan yang dalam dan ditulis dengan kocak, Eric Wiener membawa pembaca ke tempat-tempat yang aneh dan bertemu dengan orang-orang yang, anehnya, tampak akrab. Sebuah bacaan ringan yang sekaligus memancing pemikiran pembaca. "Lucu, mencerahkan, mengagumkan." —Washington Post Book World "Tulisan yang menyentuh ...mendalam ...buku yang hebat!" —National Geographic "Selalu ada pencerahan di setiap halaman buku ini." —Los Angeles Times [Mizan, Mizan Publishing, Qanita, Petualangan, Perjalanan, Dunia, Dewasa, Indonesia]

It's Your Story Mizan Qanita

Teach your little one to take care of plants, animals and the planet. A DK Made with Care book is created using the best ethical and environmental practices possible. We have taken great care to source FSC paper (Forest Stewardship Council) and to use only non-hazardous vegetable inks. Plus we only use printers who look after their workers. Children can make a big difference to take care of the planet. From growing a garden in a tray and turning yogurt pots into plant pots, to switching lights off when leaving a room, this fun book is full of fantastic ideas for you and your child. And if they do really well they can earn a special Green Team certificate and chart!

The Little Prince Harper Collins

The inspiring memoir for young readers about a Latina rocket scientist whose early life was transformed by joining the Girl Scouts and who currently serves as CEO of the Girl Scouts of the USA. A meningitis outbreak in their underprivileged neighborhood left Sylvia Acevedo's family forever altered. As she struggled in the aftermath of loss, young Sylvia's life transformed when she joined the Brownies. The Girl Scouts taught her how to take control of her world and nourished her love of numbers and science. With new confidence, Sylvia navigated shifting cultural expectations at school and at home, forging her own trail to become one of the first Latinx to graduate with a master's in engineering from Stanford University and going on to become a rocket scientist at NASA's Jet

Propulsion Laboratory. Simultaneously available in Spanish!

A Wild Love for the World Hodder & Stoughton

"Fascinating . . . memorable . . . revealing . . . perhaps the best of Carl Sagan's books."—The Washington Post Book World (front page review) In *Cosmos*, the late astronomer Carl Sagan cast his gaze over the magnificent mystery of the Universe and made it accessible to millions of people around the world. Now in this stunning sequel, Carl Sagan completes his revolutionary journey through space and time. Future generations will look back on our epoch as the time when the human race finally broke into a radically new frontier—space. In *Pale Blue Dot*, Sagan traces the spellbinding history of our launch into the cosmos and assesses the future that looms before us as we move out into our own solar system and on to distant galaxies beyond. The exploration and eventual settlement of other worlds is neither a fantasy nor luxury, insists Sagan, but rather a necessary condition for the survival of the human race. "Takes readers far beyond *Cosmos* . . . Sagan sees humanity's future in the stars."—Chicago Tribune

**If You Love this Planet** Algonquin Young Readers

LONGLISTED FOR THE BAILEY'S WOMEN'S PRIZE FOR FICTION 'A quietly profound, humane tour de force' Guardian The beloved debut novel that will restore your faith in humanity #SmallAngryPlanet When Rosemary Harper joins the crew of the *Wayfarer*, she isn't expecting much. The ship, which has seen better days, offers her everything she could possibly want: a small, quiet spot to call home for a while, adventure in far-off corners of the galaxy, and distance from her troubled past. But Rosemary gets more than she bargained for with the *Wayfarer*. The crew is a mishmash of species and personalities, from Sissix, the friendly reptilian pilot, to Kizzy and Jenks, the constantly sparring engineers who keep the ship running. Life on board is chaotic, but more or less peaceful - exactly what Rosemary wants. Until the crew are offered the job of a lifetime: the chance to build a hyperspace tunnel to a distant planet. They'll earn enough money to live comfortably for years... if they survive the long trip through war-torn interstellar space without endangering any of the fragile alliances that keep the galaxy peaceful. But Rosemary isn't the only person on board with secrets to hide, and the crew will soon discover that space may be vast, but spaceships are very small indeed. PRAISE FOR THE WAYFARERS 'Never less than deeply involving' DAILY MAIL 'Explores the quieter side of sci-fi while still wowing us with daring leaps of imagination' iBOOKS 'So much fun to read' HEAT 'Chambers is simply an exceptional talent, quietly and beautifully redefining the space opera' TOR.COM 'The most fun that I've had with a novel in a long, long time' iO9

Path to the Stars Hachette UK

By the author of the acclaimed "Planet of the Blind" comes a memoir of blindness and listening rendered with a poet's delight. Blind since birth, Kuusisto explains the art of eavesdropping and recounts the poetic surprise that comes when we actively listen to our surroundings.

The Crossroads of Should and Must Penguin

The poems in Dobby Gibson's new book transform the everyday into the revelatory Little Glass Planet exults in the strangeness of the known and unknowable world. In poems set as far afield as Mumbai and Marfa, Texas, Dobby Gibson maps disparate landscapes, both terrestrial and subliminal, to reveal the drama of the quotidian. Aphoristic, allusive, and collaged, these poems mine our various human languages to help us understand what we might mean when we speak to each other—as lovers, as family, as strangers. Little Glass Planet uses lyric broadcasts to foreshorten the perceived distances between us, opening borders and pointing toward a sense of collectivity. "This is my love letter to the world," Gibson writes, "someone call us a sitter. / We're going to be here a while." Elegiac, funny, and candid, Little Glass Planet is a kind of manual for paying attention to a world that is increasingly engineered to distract us from our own humanity. It's a book that points toward hope, offering the possibilities of a "we" that only the open frequency of poetry can create, possibilities that are indistinguishable from love.

*Blame Your Planet* Cornell University Press

Coping with anger and pain is more challenging than ever in these times—and more necessary. Two acclaimed Buddhist teachers offer strategies and wisdom in a book that's been called "possibly the most inspiring and liberating meditation on love ever written." When people and circumstances upset us, how do we deal with them? Often, we feel victimized. We become hurt, angry, and defensive. We end up seeing others as enemies, and when things don't go our way, we become enemies to ourselves. But what if we could move past this pain, anger, and defensiveness? Inspired by Buddhist philosophy, this book introduces us to the four kinds of enemies we encounter in life: the outer enemy, people, institutions, and situations that mean to harm us; the inner enemy, anger, hatred, fear, and other destructive emotions; the secret enemy, self-obsession that isolates us from others; and the super-secret enemy, deep-seated self-loathing that prevents us from finding inner freedom and true happiness. In this practical guide, we learn not only how to identify our enemies, but more important, how to transform our relationship to them. Love Your Enemies teaches us how to . . . · break free from the mode of "us" versus "them" thinking · develop compassion, patience, and love · accept what is beyond our control · embrace lovingkindness, right speech, and other core concepts First published in 2013, Love Your Enemies is, more than ever, required reading for navigating our world. Throughout, authors Sharon Salzberg and Robert Thurman draw from ancient spiritual wisdom and modern psychology to help you find peace within yourself and with the world. \* Includes new prefaces from both authors \*

*Little Glass Planet* Planet Earth Is Blue

There are two paths in life: Should & Must. We arrive at this crossroads over and over again, and every day. And we get to choose. Starting out or starting over, making a career change or making a life change, the most life-affirming thing you can do is to honor the voice inside that says you have something special to give, and then heed the call and act. Many have traveled this road before. Here's how you can, too. #choosemust An inspirational gift book for every recent graduate, every artist, every seeker, and every career change.

*The Geography of Bliss* Hachette UK

In the tradition of Sloane Crosley, Mindy Kaling, and Katie Heaney, a hilarious and insightful memoir about one New York City millennial's journey to find herself, her dream career, and true love, all

while juggling a truly unique job as the world's only professional bridesmaid. After moving to New York City in her mid-twenties to pursue her dream of writing—and not living on the "Upper East Side" of her parents' house anymore—Jen Glantz looked forward to a future of happy hours and Sunday brunches with her besties. What she got instead were a string of phone calls that began with, "Jen, I have something exciting to tell you!" and ended with, "I'd be honored if you would be my bridesmaid." At first she was delighted, but it wasn't long before she realized two things: all of her assets were tied up in bridesmaid dresses, and she herself was no closer to finding The One. She couldn't do much about the second thing (though her mother would beg to differ), but she could about the first. One (slightly tipsy) night, Jen posted an ad on Craigslist advertising her services as a professional bridesmaid. When she woke up the next morning, it had gone viral. What began as a half-joke suddenly turned into a lifetime of adventure for Jen—and more insight into the meaning of love than she was getting from OKCupid—as she walked down the aisle at stranger after stranger's wedding. Fresh, funny, and surprisingly sweet, *Always a Bridesmaid (For Hire)* is an entertaining reminder that even if you don't have everything together, you can still be a total boss—or, at the very least, a BFF to another girl in need.

*It's Your World* Perfect Scars Media, LLC

A post-coronavirus evolution-based how-to for putting living ahead of work. Bestselling author Frank Schaeffer offers a passionate political, social, and lifestyle "blueprint" for changes millions of us know are needed to rebalance our work lives with thriving relationships: Fall in Love, Have Children, Stay Put, Save the Planet, Be Happy. Even before everything was disrupted by COVID-19 (not to mention by Trump), millions of Americans were already questioning capitalism's "values." We were already challenging the idea that your job defines you. We already knew something was wrong. Loneliness, frustration, and alienation were already on the rise. Even the most successful of us felt too busy, too preoccupied, and too distracted to enjoy what we intuitively know are life's greatest rewards: vibrant relationships, family life, connection to others, involvement in our community, and the thrilling experience of love. *Fall in Love . . .* builds a well-researched and entertaining bridge to living happier lives and to a better future. It shows us that based on a better understanding of our evolutionary selves, we can thrive in family life and in our work life, too. But to do both joyfully—and at the same time—depends on rediscovering the priority of relationships, connections, community, and love.

*The EARTH Book (Illustrated Edition)* Orbit

If there was ever a time to stand up for your planet, for Mother Earth, this is the time. But what are the most pressing environmental issues affecting us today? And what actions can you, as an individual, take to combat them? If you want to know what you can do, then this is the book for you. *Your Planet Needs You* is the essential beginner's guide to understanding the environment and the threats to its wellbeing. From plastic waste to pesticides, food production and chemicals, global warming to species extinction, this book covers the topics that you need to know about. With practical and positive tips, this book will show how you can be part of the solution and help make a better world, whatever age you are. Includes sections on air pollution, environmental law, fast fashion and ethical living, as well as resources such as recommended reading and lists of groups and organisations that you can get involved with.
