[The Unabridged Journals of Sylvia Plath](#) Univ of California Press

Two Lives is Janet Malcolm's stunning portrait of a legendary couple: Gertrude Stein, the modernist master, and Alice B Toklas, the 'worker bee' who ministered to Stein's needs throughout their forty-year expatriate 'marriage'. As Malcolm pursues the truth of the couple's charmed life in a village in Vichy France her subject becomes the larger question of biographical truth. 'The instability of human knowledge is one of our few certainties,' she writes. The portrait of their relationship that emerges is unexpectedly charged. The two world wars Stein and Toklas lived through together are paralleled by the private war that went on between them. This war, as Malcolm learned, sometimes flared into bitter combat. Janet Malcolm is at her finest in this extraordinary work of literary biography and investigative journalism.

Letters Home represents Sylvia Plath's correspondence from her time at Smith College in the early 1950s, through her meeting with, and subsequent marriage to, the poet Ted Hughes, up to her death in February 1963. The letters are addressed mainly to her mother, with whom she had an extremely close and confiding relationship, but there are also some to her brother Warren and her benefactress Mrs Prouty. Plath's energy, enthusiasm and her passionate tackling of life burst onto these pages, providing us with a vivid and intimate portrait of a woman who has come to be

regarded as one of the greatest of twentieth-century poets. In addition to her capacity for domestic and writerly happiness, however, these letters also hint at Plath's potential for deep despair, which reached its crisis when she holed up in a London flat for the terrible winter of 1963.

[Sylvia Plath](#) Algonquin Books

This is the first full-length biography of Sylvia Plath, whose suicide in made her a misinterpreted cause celebre and catapulted her into the ranks of the major confessional voices of her generation.

The Silent Woman Cambridge Scholars Publishing

"A dual biography of poets, friends, and rivals Sylvia Plath and Anne Sexton"--

[The Crime of Sheila McGough](#) Bloomsbury Publishing

PULITZER PRIZE FINALIST • The highly anticipated biography of Sylvia Plath that focuses on her remarkable literary and intellectual achievements, while restoring the woman behind the long-held myths about her life and art. "One of the most beautiful biographies I've ever read." —Glennon Doyle, author of #1 New York Times Bestseller, *Untamed* With a wealth of never-before-accessed materials, Heather Clark brings to life the brilliant Sylvia Plath, who had precocious poetic ambition and was an accomplished published writer even before she became a star at Smith College. Refusing to read Plath's work as if her every act was a harbinger of her tragic fate, Clark considers the sociopolitical context as she thoroughly explores Plath's world: her early relationships and determination not to become a conventional woman and wife; her troubles with an unenlightened mental health industry; her Cambridge years and thunderclap meeting with Ted Hughes; and much more. Clark's clear-eyed portraits of Hughes, his lover Assia

Wevill, and other demonized players in the arena of Plath's suicide promote a deeper understanding of her final days. Along with illuminating readings of the poems themselves, Clark's meticulous, compassionate research brings us closer than ever to the spirited woman and visionary artist who blazed a trail that still lights the way for women poets the world over.

[On Not Being Able to Sleep](#) Vintage

Includes an afterword by the author In the Freud Archives tells the story of an unlikely encounter among three men: K. R. Eissler, the venerable doyen of psychoanalysis; Jeffrey Moussaieff Masson, a flamboyant, restless forty-two-year-old Sanskrit scholar turned psychoanalyst turned virulent anti-Freudian; and Peter Swales, a mischievous thirty-five-year-old former assistant to the Rolling Stones and self-taught Freud scholar. At the center of their Oedipal drama are the Sigmund Freud Archives--founded, headed, and jealously guarded by Eissler--whose sealed treasure gleams and beckons to the community of Freud scholarship as if it were the Rhine gold. Janet Malcolm's fascinating book first appeared some twenty years ago, when it was immediately recognized as a rare and remarkable work of nonfiction. A story of infatuation and disappointment, betrayal and revenge, In the Freud Archives is essentially a comedy. But the powerful presence of Freud himself and the harsh bracing air of his ideas about unconscious life hover over the narrative and give it a tragic dimension.

Nobody's Looking at You The Silent Woman

Since her suicide at age thirty, Sylvia Plath (1932-1963) has been celebrated for her impeccable and ruthless poetry. Rough Magic probes the events of Plath's life, including her turbulent marriage to the poet Ted Hughes.

The Journalist and the Murderer Faber & Faber

It is not a matter of argument among the vast majority of scholars, but of demonstrable fact. White supremacy includes both individual prejudice and, for instance, the long history of the disproportionate incarceration of people of color. It describes a legal system still predisposed towards racial inequality even when judge, counsel, and jurors abjure racism at the individual level. It is collective and individual. It is old and immediate. Some white supremacists turn to violence, but there are also a lot of people who are individually white supremacist-some openly so-and reject violence. This Field Guide proposes that a better understanding of hate groups, white supremacy, and the ways that racism and patriarchy have braided into our laws and systems can help people to tell, and understand, better stories. .

Two Lives Princeton University Press

Malcolm's riveting new book tells the story of a murder trial in the insular Bukharan-Jewish community of Forest Hills, Queens, that captured national attention.

Giving Up is Jillian Becker's intimate account of her brief but extraordinary time with Sylvia Plath during the winter of 1963, the last months of the poet's life. Abandoned by Ted Hughes, Sylvia found companionship and care in the home of Becker and her husband, who helped care for the estranged couple's two small children while Sylvia tried to rest. In clear-eyed recollections unclouded by the intervening decades, Becker describes the events of Sylvia's final days and suicide: her physical and emotional state, her grief over Hughes's infidelity, her mysterious meeting with an unknown companion the night before her suicide, and the harsh aftermath of her funeral. Alongside this tragic conclusion is a beautifully rendered portrait of a friendship between two very different women.

Bitter Fame Random House

Over the years, Sylvia Plath has come to inhabit a contested area of cultural production with other ambiguous authors between the highbrow, the middlebrow, and the popular. Claiming Sylvia Plath is a critical and comprehensive reception study of what has been written about Plath from 1960 to 2010. Academic and popular interest in her seems incessant, verging on a public obsession. The story of Sylvia Plath is not only the story of a writer and her texts, but also of the readers who have tried to make sense of her life and work. A religious tone and a rhetoric of accountability dominate among the devoted. Questing for the real or true Sylvia, they share a sense of possessiveness towards outsiders or those who deviate from what they see as a correct approach to the poet. In order to offer a new and more nuanced perspective on Plath's public image, the reception has been organized into interpretive communities composed of critics, feminists, biographers, psychologists, and friends. Pertinent questions are raised about how the poet functions as an exemplary figure, and how - and by whom - she is used to further theories, politics, careers, and a number of other causes. Ethical issues and rhetorical strategies consequently loom high in Claiming Sylvia Plath. The book may be employed both as a guide to the massive body of Plath literature and as a history of a changing critical doxa. Why Sylvia Plath has been serviceable to so many and open to colonization is another way of asking why she keeps on fascinating all kinds of readers worldwide. Claiming Sylvia Plath suggests a host of possible answers. It includes an extensive Plath bibliography.

Psychoanalysis Farrar, Straus and Giroux

A brilliantly original exploration of the interface between feminism, psychoanalysis, semiotics and film theory.

Draws on the recently opened archives of Ted Hughes to offer new insights into the iconic poet's psyche and literary achievements, in a portrait that includes previously unpublished papers and dozens of letters exchanged between Plath and Hughes.

Birthdays Letters Vintage

What does Peter Pan have to say about our conception of childhood, about how we understand the child's and our own relationship to language, sexuality, and death? What can Peter Pan tell us about the theatrical, literary, and educational institutions of which it is a part? In a new preface written especially for this edition, Rose accounts for some of the new developments since her book's first publication in 1984. She discusses some of Peter Pan's new guises and their implications. From Spielberg's Hook, to the lesbian production of the play at the London Drill Hall in 1991, to debates in the English House of Lords, to a newly claimed status as the icon of a transvestite culture, Peter Pan continues to demonstrate its bizarre renewability as a cultural fetish of our times.

Sexuality in the Field of Vision Knopf

'Assia was my true wife, and the best friend I ever had', wrote Ted Hughes, after his lover surrendered her life and that of their young daughter in 1969, six years after Sylvia Plath had suffered a similar fate. Diva, she-devil, enchantress, muse, Lillith, Jezebel - Assia inspired many epithets during her life. The tragic story of Sylvia Plath and Ted Hughes has always been related from one of two points of view: hers or his. Missing for over four decades had been a third: that of Hughes's mistress. This first biography of Assia Wevill views afresh the Plath-Hughes relationship and at the same time, recounts the journey that shaped her life. Wevill's is a complex story, formed as it is by the pull of often contrary forces.

Parallel Lives Harper Collins

In her study of the married couple as the smallest political unit, Phyllis Rose uses the marriages of five Victorian writers who wrote about their own lives with unusual candor: Charles Dickens, John Ruskin, Thomas Carlyle, John Stuart Mill, and George Eliot--née Marian Evans.

The Silent WomanVintage

[Giving Up](#) New York Review of Books

Ted Hughes, Poet Laureate, was one of the greatest writers of the twentieth century. He was one of Britain's most important poets. With an equal gift for poetry and prose, he was also a prolific children's writer and has been hailed as the greatest English letterwriter since John Keats. His magnetic personality and insatiable appetite for friendship, love, and life also attracted more scandal than any poet since Lord Byron. His lifelong quest to come to terms with the suicide of his first wife, Sylvia Plath, is the saddest and most infamous moment in the public history of modern poetry. Hughes left behind a more complete archive of notes and journals than any other major poet, including thousands of pages of drafts, unpublished poems, and memorandum books that make up an almost complete record of Hughes's inner life, which he preserved for posterity. Renowned scholar Jonathan Bate has spent five years in the Hughes archives, unearthing a wealth of new material. His book offers, for the first time, the full story of Hughes's life as it was lived, remembered, and reshaped in his art.

Pain, Parties, Work IPG

Jacqueline Rose's new book begins with three remarkable women: revolutionary socialist Rosa Luxemburg; German-Jewish painter Charlotte Salomon, persecuted by family tragedy and Nazism; film icon and consummate performer Marilyn Monroe. Together these women have a shared story to tell, as they blaze a trail across some of the most dramatic events of the last century - revolution, totalitarianism, the American dream. Enraged by injustice, they are each in touch with what is most painful about being human, bound together by their willingness to bring the unspeakable to light. Taking the argument into the present are today's women, courageous individuals involved in some of the cruellest realities of our times. Grappling with the reality of honour killing - notably through the stories of Shafiea Ahmed, Fadime Sahindal and Heshu Yones - Rose argues that the work of feminism is far from done. In the final three chapters, she celebrates the work of three brilliant contemporary artists - Esther Shalev-Gerz, Yael Bartana and Thérèse Oulton - whose work grows out of an unflinching engagement with all that is darkest in the modern world. Women in Dark Times shows us how these visionary women offer a new template for feminism. Taking their stand against the iniquities of our times, they tread a path between public and private pain, confronting us with what we need most urgently, but also often, cannot bear to see.

Forty-one False Starts Simon and Schuster

From the author of In the Freud Archives and The Journalist and the Murderer comes an intensive look at the practice of psychoanalysis through interviews with "Aaron Green," a Freudian analyst in New York City. Malcolm is accessible and lucid in describing the history of psychoanalysis and its development in the United States. It provides rare insight into the contradictory world of psychoanalytic training and treatment and a foundation for our understanding of psychiatry and mental health. "Janet Malcom has managed somehow to peer into the reticent, reclusive world of psychoanalysis and to report to us, with remarkable fidelity, what she has seen. When I began reading I thought condescendingly, 'She will get the facts right, and everything else wrong.' She does get the facts right, but far more pressive, she has been able to capture and convey the claustal atmosphere of the profession. Her book is journalism become art." —Joseph Andelson, The New York Times Book Review
