The Department of Licensing has worked to keep the notary public application process as simple as possible. A prospective notary need only submit a complete application, proof of a \$10,000 surety bond, and appropriate fees to the Department of Licensing in order to begin the process. Once an applicant has completed all application requirements and proven that he or she is eligible, the Department will have a new certificate of commission mailed out promptly. New in 2018, notaries public can also apply for an electronic records notary public endorsement, which allows the notary to perform notarial acts on electronic documents as well as paper documents. The application process is similar to the application process for the commission, and can be done at the

same time or separately.

meet the world. change the world. I set this motto for myself when I began my solo travel adventure as a grounding foundation. The belief that by immersing myself in people and the world, I would be more able to create positive impact. And no, it is not always the best. world. ever. Yes, there is an abyss of bad news. Yet, when we open our eyes and hearts to see it, we find it is the best. world. ever. Not despite its flaws but because of our will to focus on and create the good. My depiction of city to city and theme to theme is woven with my own mental-health challenges and learning to love myself, build resilience, and the power of dialectics (two truths can exist at the same time). I hope these words find you, speak to you, and transport you in a time you need them
