He doesn't remember hitting his head. He doesn't, in fact, remember anything. He wakes up in a hospital room and suddenly has to learn his whole life all over again . . . starting with his own name. He knows he's Chase. But who is Chase? When he gets back to school, he sees that different kids have very different reactions to his return. Some kids treat him like a hero. Some kids are clearly afraid of him. One girl in particular is so angry with him that she pours her frozen yogurt on his head the first chance she gets. Pretty soon, it's not only a question of who Chase is -- it's a question of who he was . . . and who he's going to be. From the #1 bestselling author of *Swindle and Slacker*, *Restart* is the spectacular story of a kid with a messy past who has to figure out what it means to get a clean start.

Nessus: a trembling coward, a puppeteer with a built-in survival pattern of nonviolence. Except that this particular puppeteer is insane. Teela Brown: human; a wide-eyed youngster with no allegiances, no experience, no abilities. And all the luck in the world. Speaker-To-Animals: kzin; large, orange-furred, and carnivorous. "The cadence of Rominger's narrative style is soundly evocative of the world she brings to life in *The Rangy Tango Kids*. Growing up on a California farm riding horses and motorcycles, Rominger figured out where her heart was. The rich story of how to be a great family, to overcome challenges together, and to win in the end is one you won't want to miss." —ROBERT REDFORD "From the ground it looks like a falcon flies in circles. It actually rises flying over the same territory to a new, higher level. Rominger's life and charming book are like this. She was born to a traditional, religious, farm family with the kind of old-fashioned values and principles

politicians rant about and rarely practice. Lorraine's story melds the best of true conservatism, neither Right nor Left, with a huge human heart. I loved this book." —PETER COYOTE

**The Rangity Tango Kids** is the story of a fifth-generation, German Catholic farm family in 1950s and 1960s California, narrated by the eldest of 17 grandchildren. Born into a loving, hard-working, highly competitive family, and united by a strong faith, every day was an adventure growing up on a bucolic American farm, a way of life that is rapidly disappearing. The land provided her, her siblings and cousins with a sense of place, an upbringing steeped in rituals and traditions that was in stark contrast with the values and preoccupations of the outside world. When the Rangity Tango

Kids' coming-of-age rebellion ran wild, they were often tangled up in the family's strict morals and values. Regardless of the situation or conflict, the kids were surrounded by a swarm of loving relatives who put their arms around them and stuck together, no matter what.
