This undigested piece of medievalia disappeared as more strictly biblical narratives of the End replaced medieval myth. As a result, the Red Jews have not been noticed by modern historians though they were a universally-known feature of German apocalyptic belief for over three centuries. Europa! Europa? <p>during World War II <i>Index translationum</i> University Press of Kentucky Now in paperback, The Shadow of Things to Come and its catastrophic and carnivalesque dreamscape speak out against political rhetoric and the destruction of meaning by government. In an unnamed African nation, the people are subject to a state of perpetual warfare and to</p>	<p>an Orwellian abuse of language that strips from language its meaning and renders life senseless. And in a bare room lit only by moonlight, a young man hides, waiting for the mysterious crocodile-men to come and help him escape from the violent tyranny of the state. While he waits, he tells his story. This is Kossi Efoui's catastrophic and carnivalesque dreamscape, the dark setting of The</p>	<p>Shadow of Things to Come. Here, men and women are taken in the night, spirited away from their families, and sent to plantation penal colonies to be worked to the edge of madness. When they return, they are empty shells, their lost time referred to as the "Time of Annexation." But though his parents were taken, our protagonist survived, first in the care of a quirky benefactress named Mama</p>

Maize, then under the wing of the state itself, as a student at one of its elite schools. When he meets a bookseller named Axis Kemal, however, he has found a surrogate father, an eccentric and wise man who can bring him out of the meaningless confusion and tell him the truth about the society he lives in. Through his characters, Efoui speaks out against atrocity and the abuse of power, but

more, he writes against political rhetoric and the destruction of meaning by government. This novel is a love letter to language and, in Chris Turner's dazzling translation, it becomes a stunning introduction for English-language readers to an exciting new talent. [The Dance of Genghis Cohn](#) [Readme Publishing](#) The Literary Absolute is the first authoritative study of the

emergence of the modern concept of literature in German romanticism. The authors trace this concept from the philosophical crisis bequeathed by Kant to his successors, to its development by the central figures of the Athenaeum group: the Schlegel brothers, Schelling, and Novalis. This study situates the Jena romantics' "fragmentary" model of literature—a model of

literature as the production of its own theory—in relation to the development of a post-Kantian conception of philosophy as the total and reflective auto-production of the thinking subject. Analyzing key texts of the period, the authors articulate the characteristics of romantic thought and at the same time show historical and systematic connections with modern literary theory. Thus,

The Literary Absolute renews contemporary scholarship, showing the romantic origins of some of the leading issues in current critical theory. *Maurice Guest* New York : G. Braziller
 “The evil that men do” has been chronicled for thousands of years on the European stage, and perhaps nowhere else is human fear of our own evil more detailed than in its personifications in theater. In *Stages of Evil*,

Robert Lima explores the sociohistorical implications of Christian and pagan representations of evil and the theatrical creativity that occultism has engendered. By examining examples of alchemy, astronomy, demonology, exorcism, fairies, vampires, witchcraft, hauntings, and voodoo in prominent plays, *Stages of Evil* explores American and European perceptions of occultism from medieval

times to the modern age. L'Afrique française Pattern Books Minimanual of the Urban Guerrilla is a call to action, no matter how small. It is a small book which gives advice on how to overthrow an authoritarian regime, aiming at revolution. Minimanual was written to be concise and and to describe the ways for successful revolution. This book has been fought over to keep in print time

and time again after being banned in multiple countries, and while there are a few copies consistently recurring in print today, we wish to spread this important revolutionary text further. Eliminating its copyright. Do not let this minimanual be an isolated event, share it, keep it in your pocket to read, and spread it. If you have the means, print it from home as well from our zine library. **La Librairie**

In a small village in northern France, Monsieur Ouine, a retired professor, is taken in by the dull local squire, Anthelme de Nârâis, and soon rules the life of both Anthelme and his wife, Ginette. A fourteen-year-old fatherless boy, Philippe Dorval, flees home and, on impulse, follows Madame de Nârâis to her château. There the

squire, who is dying, tells the boy that his father is actually alive and well?that despite what Philippe?s mother had told him, his father had not died in World War I. The forsaken boy finds himself on that fatal evening succumbing to Monsieur Ouine?s embrace after falling into a drunken sleep in the old professor?s bed. The events of the tempestuous night lead to upheaval in the village the next morning,

when, at dawn, a boy?s body is found afloat in a stream near the ch?teau. Aspects de la France Africa List La liste exhaustive des ouvrages disponibles publiés en langue française dans le monde. La liste des éditeurs et la liste des collections de langue française. Le Point BRILL This edited collection explores the ways in which our understanding of the past in Dutch history

and culture can be rethought to consider not only how it forms part of the present but how it can relate also to the future. Divided into three parts – The Uses of Myth and History, The Past as Illumination of Cultural Context, and Historiography in Focus – this book seeks to demonstrate the importance of the past by investigating the transmission of culture and its transformation

s. It reflects on the history of historiography and looks critically at the products of the historiographic process, such as Dutch and Afrikaans literary history. The chapters cover a range of disciplines and approaches: some authors offer a broad view of a particular period, such as Jonathan Israel's contribution on myth and history in the ideological politics of the Dutch Golden

Age, while others zoom in on specific genres, texts or historical moments, such as Benjamin Schmidt's study of the doolhof, a word that today means 'labyrinth' but once described a 17th-century educational amusement park. This volume, enlightening and home to multiple paths of enquiry leading in different directions, is an excellent example of what a past-present

doolhof might look like.
