Bryan Stevenson's incredible fight to end mass incarceration, excessive punishment, and racial inequality comes to life in this young adult adaptation of the acclaimed, #1 New York Times bestseller that was adapted into a major motion picture starring Michael B. Jordan, Jaime Foxx, and Brie Larson. In this very personal work--adapted from the original #1 bestseller, which the New York Times calls "as compelling as *To Kill a Mockingbird*, and in some ways more so"--renowned lawyer and social justice advocate Bryan Stevenson offers a glimpse into the lives of the wrongfully imprisoned and his efforts to fight for their freedom as the founder of the Equal Justice Initiative. Stevenson's story is one of working to protect basic human rights for the most vulnerable people in American society--the poor, the wrongly convicted, and those whose lives have been marked by discrimination and marginalization. Through this adaptation, young people of today will find themselves called to action and compassion in the pursuit of justice. A portion of the proceeds of this book will go to charity to help in Stevenson's important work to benefit the voiceless and the vulnerable as they attempt to navigate the broken U.S. justice system. #1 NEW YORK TIMES, WALL STREET JOURNAL, AND BOSTON GLOBE BESTSELLER • One of the most acclaimed books of our time: an unforgettable memoir about a young woman who, kept out of school, leaves her survivalist family and goes on to earn a PhD from Cambridge University "Extraordinary . . . an act of courage and self-invention."—The New York Times NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW • ONE OF PRESIDENT BARACK OBAMA'S FAVORITE BOOKS OF THE YEAR • BILL GATES'S HOLIDAY READING LIST • FINALIST: National Book Critics Circle's Award In Autobiography and John Leonard Prize For Best First Book • PEN/Jean Stein Book Award • Los Angeles Times Book Prize Born to survivalists in the mountains of Idaho, Tara Westover was seventeen the first time she set foot in a classroom. Her family was so isolated from mainstream society that there was no one to ensure the children received an education, and no one to intervene when one of Tara's older brothers became violent. When another brother got himself into college, Tara decided to try a new kind of life. Her quest for knowledge transformed her, taking her over oceans and across continents, to Harvard and to Cambridge University. Only then would she wonder if she'd traveled too far, if there was still a way home. "Beautiful and propulsive . . . Despite the singularity of [Westover's] childhood, the questions her book poses are universal: How much of ourselves should we give to those we love? #1 NEW YORK TIMES BESTSELLER • Michelle Obama's worldwide bestselling memoir, *Becoming*, is now adapted for young readers. Michelle Robinson was born on the South Side of Chicago. From her modest beginnings, she would become Michelle Obama, the inspiring and powerful First Lady of the United States, when her husband, Barack Obama, was elected the forty-fourth president. They would be the first Black First Family in the White House and serve the country for two terms. Growing up, Michelle and her older brother, Craig, shared a bedroom in their family's upstairs apartment in her great-aunt's house. Her parents, Fraser and Marian, poured their love and energy into their children. Michelle's beloved dad taught his kids to work hard, keep their word, and remember to laugh. Her mom showed them how to think for themselves, use their voice, and be unafraid. But life soon took her far from home. With determination, carefully made plans, and the desire to achieve, Michelle was eager to expand the sphere of her life from her schooling in Chicago. She went to Princeton University, where she learned what it felt like to be the only Black woman in the room. She then went to Harvard Law School, and after graduating returned to Chicago and became a high-powered lawyer. Her plans changed, however, when she met and fell in love with Barack Obama. From her early years of marriage, and the struggle to balance being a working woman, a wife, and the mom of two daughters, Michelle Obama details the shift she made to political life and what her family endured as a result of her husband's fast-moving political career and campaign for the presidency. She shares the glamour of ball gowns and world travel, and the difficulties of comforting families after tragedies. She managed to be there for her daughters' swim competitions and attend plays at their schools without catching the spotlight, while defining and championing numerous initiatives, especially those geared toward kids, during her time as First Lady. Most important, this volume for young people is an honest and fascinating account of Michelle Obama's life led by example. She shares her views on how all young people can help

themselves as well as help others, no matter their status in life. She asks readers to realize that no one is perfect, and that the process of becoming is what matters, as finding yourself is ever evolving. In telling her story with boldness, she asks young readers: Who are you, and what do you want to become?

#1 NEW YORK TIMES BESTSELLER • More than one million copies sold! A "brilliant" (Lupita Nyong'o, Time), "poignant" (Entertainment Weekly), "soul-nourishing" (USA Today) memoir about coming of age during the twilight of apartheid "Noah's childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa's history that must never be forgotten."—Esquire Winner of the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by The New York Time, USA Today, San Francisco Chronicle, NPR, Esquire, Newsday, and Booklist Trevor Noah's unlikely path from apartheid South Africa to the desk of The Daily Show began with a criminal act: his birth. Trevor was

born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents' indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa's tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. *Born a Crime* is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man's relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother's unconventional, unconditional love.

NATIONAL BEST SELLER A stunning, personal memoir from the astronaut and modern-day hero who spent a record-breaking year aboard the International Space Station—a message of hope for the future that will inspire for generations to come. The veteran of four spaceflights and the American record holder for consecutive days spent in space, Scott Kelly has experienced things very few have. Now, he takes us inside a sphere utterly hostile to human life. He describes navigating the extreme challenge of long-term spaceflight, both life-threatening and mundane: the devastating effects on the body; the isolation from everyone he loves and the comforts of Earth; the catastrophic risks of colliding with space junk; and the still more haunting threat of being unable to help should tragedy strike at home—an agonizing situation Kelly faced when, on a previous mission, his twin brother's wife, American Congresswoman Gabrielle Giffords, was shot while he still had two months in space. Kelly's humanity, compassion, humor, and determination resonate throughout, as he recalls his rough-and-tumble New Jersey childhood and the youthful inspiration that sparked his astounding career, and as he makes clear his belief that Mars will be the next, ultimately challenging, step in spaceflight. In *Endurance*, we see the triumph of the human imagination, the strength of the human will, and the infinite wonder of the galaxy.

Turtleback Books

An essay collection that offers “a fascinating glimpse of post-apartheid South Africa” from the bestselling author of *My Traitor’s Heart* (The Sunday Times). *The Lion Sleeps Tonight* is Rian Malan’s remarkable chronicle of South Africa’s halting steps and

missteps, taken as blacks and whites try to build a new country. In the title story, Malan investigates the provenance of the world-famous song, recorded by Pete Seeger and REM among many others, which Malan traces back to a Zulu singer named Solomon Linda. He follows the trial of Winnie Mandela; he writes about the last Afrikaner, an old Boer woman who settled on the slopes of Mount Meru; he plunges into President Mbeki’s AIDS policies of the 1990s; and finally he tells the story of the Alcock brothers (sons of Neil and Creina whose heartbreaking story was told in *My Traitor’s Heart*), two white South Africans raised among the Zulu and fluent in their language and customs. The twenty-one essays collected here, combined with Malan’s sardonic interstitial commentary, offer a brilliantly observed portrait of contemporary South Africa; “a grimly realistic picture of a nation clinging desperately to hope” (The Guardian).
