 At first, they put Konrad's
 absentmindedness down to an
 immoderate fondness for alcohol. For
 years he had been a benign parasite on
 the Koch family, first as the childhood
 playmate of Thomas, heir to the Koch
 family fortune, later as caretaker of the
 Koch family holiday villa on Corfu. And

they, in their turn, had used him as the
 mood took them. But when the villa
 burns down because of Konrad's
 forgetfulness, Elvira Senn, the matriarch
 of the Koch family, puts him on a strict
 regime. No longer allowed his daily
 tipple, Konrad recovers and even falls in
 love again. But then his condition
 deteriorates. He can't find his way out of
 the supermarket, let alone his way
 home. Soon Konrad doesn't even
 recognise his new lover. Alzheimer's has
 taken hold. As Konrad loses his present
 he regains his distant past, and this is
 what Elvira fears the most. As they
 watch and wait for him to rewind to the
 crucial moment, his life is in danger from
 far more than the debilitating disease...
 A gripping psychological thriller, Small

World depicts a man with a void in his soul whose only salvation lies buried deep within himself.

This book takes the mystery out of the

sewing machine, holding first-time

stitchers by the hand and showing the

easiest ways to get the most from their

machine. This book takes the mystery

out of the sewing machine, holding first-

time stitchers by the hand and showing

the easiest ways to get the most from

their machine. In the climate of "make

do and mend," sales of sewing machines

have soared, but many are only

accompanied by a difficult-to-understand

technical manual. Here, Jane Bolsover

provides a comprehensive guide for

beginners. Starting with an essential

overview of the sewing machine, learn

how to thread it and wind bobbins, why

tension is important, and which needles

to choose. There's information on the

basic sewing kit you will need, plus

advice on which fabrics to choose and

how to cut out. The chapters then build

into a complete sewing course, and at

the end of each chapter is a simple

project to consolidate the skills you have

just mastered. The projects include

items for the home, including a cushion

cover and a lampshade, stylish

accessories, such as bags and scarves,

plus great clothing basics, such as an A-

line skirt and a simple shift dress. Also

included at the back of the book are two

full-size pull-out paper pattern sections.

Fidel Castro is one of the most interesting and controversial personalities of our time – he has become a myth and an icon. He was the first Cuban Caudillo – the man who freed his country from dependence on the USA and who lead his people to rediscover their national identity and pride. Castro has outlived generations of American presidents and Soviet leaders. He has survived countless assassination attempts by the CIA, the Mafia, and Cubans living in exile. He has become one of the greatest politicians of the 20th Century. His biography, and the history of his country exemplify the tensions between East and West, North and South, rich and poor. As Castro's life draws to a close, the question as to what will become of Cuba is more important than ever. Will Castro open Cuba to economic reform and democratization, or stick to his old slogan socialism or death? In this remarkable, up-to-date reconstruction of Castro's life, Volker Skierka addresses these questions and provides an account of the economic, social, and political history of Cuba since Castro's childhood. He draws on a number of little-known sources, including material from the East German communist archives on Cuba, which were until recently inaccessible. This is an exciting, painstakingly researched, and authoritative account of the life of one of the most extraordinary political figures of our time.

International Bestseller Shortlisted for the Helen and Kurt Wolff Prize and Schlegel-Tieck Prize What makes us who we are? Arno Geiger's father was never an easy man to know and when he developed Alzheimer's, Arno realised he was not going to ask for help. "As my father can no longer cross the bridge into my world, I have to go over to his." So Arno sets out on a journey to get to know him at last. Born in 1926 in the Austrian Alps, into a farming family who had an orchard, kept three cows, and made schnapps in the cellar, his father was conscripted into World War II as a "schoolboy soldier" - an experience he rarely spoke about, though it marked him. Striking up a new friendship, Arno walks with him in the village and the landscape they both grew up in and listens to his words, which are often full of unexpected poetry. Through his intelligent, moving and often funny account, we begin to see that whatever happens in old age, a human being retains their past and their character. Translated into nearly 30 languages, *The Old King in His Exile* will offer solace and insight to anyone coping with a loved one's aging.

During the Holocaust the young Hetty was rounded up by the Nazis and sent for 14 long months to Belsen Concentration Camp. Hetty and her two little brothers were forcefully separated from their parents. This is her story; how she as one of the eldest children had to become the 'Little Mother' not only taking care of her two brothers but also forty young children living in Barrack 211 known as 'The Children's House of Belsen'. At fourteen-years-old, an unimaginable task amidst the inhumane conditions of hunger, cold, sickness

death and despair, she kept up her spirits. A truly remarkable story of a young girl's determination.

For Fauziya Kassindja, an idyllic childhood in Togo, West Africa, sheltered from the tribal practices of polygamy and genital mutilation, ended with her beloved father's sudden death. Forced into an arranged marriage at age seventeen, Fauziya was told to prepare for kakia, the ritual also known as female genital mutilation. It is a ritual no woman can refuse. But Fauziya dared to try. This is her story--told in her own words--of fleeing Africa just hours before the ritual kakia was to take place, of seeking asylum in America only to be locked up in U.S. prisons, and of meeting Layli Miller Bashir, a law student who became Fauziya's friend and advocate during her horrifying sixteen months behind bars. Layli enlisted help from Karen Musalo, an expert in refugee law and acting director of the American University International Human Rights Clinic. In addition to devoting her own considerable efforts to the case, Musalo assembled a team to fight with her on Fauziya's behalf.

Ultimately, in a landmark decision in immigration history, Fauziya Kassindja was granted asylum on June 13, 1996. *Do They Hear You When You Cry* is her unforgettable chronicle of triumph.

Do They Hear You When You Cry CICO Books

In 1998, Sarbjit Athwal was called by her husband to attend a family meeting. It looked like just another family gathering. An attractive house in west London, a large dining room, two brothers, their mother, one wife. But the subject they were discussing was anything but ordinary. At the head of the group sat

the elderly mother. She stared proudly around, smiling at her children, then raised her hand for silence. 'It's decided then,' the old lady announced. 'We have to get rid of her.' 'Her' was Surjit Athwal, Sarbjit's sister-in-law. Within three weeks of that meeting, Surjit was dead: lured from London to India, drugged, strangled, and her body dumped in the Ravi River, never to be seen again. After the killing, risking her own life, Sarbjit fought secretly for justice for nine long, scared years. Eventually, with immense bravery, she became the first person within a murderer's family ever to go into open court in an honour killing trial as the Prosecution's key witness, and the first to waive her anonymity in such a trial. As a result of her testimony, the trial led to the first successful prosecution of an honour killing without the body ever being found. But her story doesn't end there. Since the trial, her life has been threatened; her own husband arrested after an allegation of intimidation. Shamed is a story of fear and of horror - but also of immense courage, and a woman who risked everything to see that justice was done. *The Old King in His Exile* Simon and Schuster

Although Alzheimer's disease has been well documented throughout the twentieth century, no biography has been written of the man who was its namesake. This biography is the first, and it covers the life of Alois Alzheimer (1864-1915), his discovery of the disease that currently afflicts some thirty to forty million people, and his subsequent research.

Mark Mathabane first came to prominence with the publication of *Kaffir Boy*, which became a New York Times bestseller. His story of growing up in South Africa was one of the most riveting accounts of life under apartheid. Mathabane's newest book, *Miriam's Song*, is the story of Mark's sister, who was left behind in South Africa. It is the gripping tale of a woman -- representative of an entire generation -- who came of age amid the violence and rebellion of the 1980s and finally saw the destruction of apartheid and the birth of a new, democratic South Africa. Mathabane writes in Miriam's voice based on stories she told him, but he has re-created her unforgettable experience

as only someone who also lived through it could. The immediacy of the hardships that brother and sister endured -- from daily school beatings to overwhelming poverty -- is balanced by the beauty of their childhood observations and the true affection that they have for each other.

Mit der Anwendung in Gesundheits- und Pflegeeinrichtungen können Leistungen der Berufsgruppen inhaltlich aufeinander abgestimmt und verschiedene Instrumente und Verfahren miteinander kombiniert werden. Am konkreten Beispiel des Phänomens Mangelernährung im Krankenhaus wird in Form von zentralen Themenbereichen die Basis für ein zu entwickelndes Praxiskonzept zur Verfügung gestellt. Ein Good-Practice-Beispiel rundet die Untersuchung ab.
