INTERNATIONAL BESTSELLER • Brilliant, audaciously rogue police officer Harry Hole from The Snowman is back and in the throes of a new, unanticipated rage in this installment of the New York Times bestselling series—once again hunting the murderer who has haunted his entire career. "I can't think of anyone who makes my skin crawl like Nesbo."—The New York Times Book Review Harry Hole is not in a good place. Rakel—the only woman he's ever loved—has ended it with him, permanently. He's been given a chance for a new start with the Oslo Police but it's in the cold case office, when what he really wants is to be investigating cases he suspects have ties to Svein Finne, the serial rapist and murderer who Harry helped put behind bars. And now, Finne is free after a decade-plus in prison—free, and Harry is certain, unreformed and ready to take up where he left off. But things will get worse. When Harry wakes up the morning after a blackout, drunken night with blood that's clearly not his own on his hands, it's only the very beginning of what will be a waking nightmare the likes of which even he could never have imagined. Limit is his most ambitious work to-date--a multilayered thriller that balances astonishing scientific, historical, and technical detail. Against this backdrop, Schatzing convincingly realizes a possible near future when humankind's ingenuity may become the greatest risk to its continued existence. In 2025, entrepreneur Julian Orley opens the first-ever hotel on the moon. But Orley Enterprises deals in more than space tourism--it also operates the world's only space elevator, which in addition to allowing the very wealthy to play tennis on the lunar surface connects Earth with the moon and enables the transportation of helium-3, the fuel of the future, back to the planet. Julian has invited twenty-one of the world's richest and most powerful individuals to sample his brand-new lunar accommodation, hoping to secure the finances for a second elevator. On Earth, meanwhile, cybercop Owen Jericho is sent to Shanghai to find a young female hacker known as Yoyo, who's been on the run since acquiring access to information that someone seems quite determined to keep quiet. As Jericho closes in on the girl and the conspiracy swirling around her, he finds mounting evidence that connects her to Julian Orley as well as to the entrepreneur's many competitors and enemies. Soon, the detective realizes that the lunar junket to Orley's hotel is in real and immediate danger. From the Hardcover edition.
