*Jack the Ripper* Simon and Schuster

Stewart Evans is a policeman whose hobby is collecting true crime ephemera. When a second hand bookseller rang to ask him if he would be interested in a collection of letters from the Special Branch, he had no idea of the sensational revelation they would contain. One of these letters supplied an astonishing piece of information not contained in the decimated Scotland Yard files. The police had actually arrested and charged an American with the Ripper murders, but he escaped and disappeared in America. The Ripper murders ceased. The book reveals for the first time the identity of Jack the Ripper. From Hell 1888

This #1 New York Times bestseller and deliciously creepy horror novel has a storyline inspired by the Ripper murders and an unexpected, blood-chilling conclusion. Includes exclusive alternate POV bonus chapters! Seventeen-year-old Audrey Rose Wadsworth

was born a lord's daughter, with a life of wealth and privilege stretched out before her. But between the social teas and silk dress fittings, she leads a forbidden secret life. Against her stern father's wishes and society's expectations, Audrey often slips away to her uncle's laboratory to study the gruesome practice of forensic medicine. When her work on a string of savagely killed corpses drags Audrey into the investigation of a serial murderer, her search for answers brings her back to her own sheltered world. The story's shocking twists and turns, augmented with real, sinister period photos, will make this dazzling, #1 New York Times bestselling debut from author Kerri Maniscalco impossible to forget. *Jack the Ripper* Macmillan Jack the Ripper In 1888, between August and November, the women of London's East End were terrorized by a deranged serial killer. A man was stalking the streets at night, seizing random women who worked those streets and killing them. This man mutilated his victim's bodies after death, removing body

parts, taking organs. Inside you will read about... - The Whitechapel Murderer's Hunting Ground - Leather Apron - The Double Murder - The Investigation - Letters from Jack the Ripper - Who was Jack the Ripper? And much more! No one has ever been able to identify Jack the Ripper. Despite the best efforts of numerous police officers, media professionals, historians, and amateur detectives over more than a century, we know of dozens of suspects but no definitive perpetrator. What we do know is the identity of Jack the Ripper's victims, the canonical five women who lost their lives at his hands. This is the story not of Jack the Ripper's life, about which we know nothing, but the lives of the women he destroyed. For better or worse, after Jack the Ripper, life on the streets of London would never be the same again. **Jack the Ripper and the East End** Hachette UK Jack the Ripper is a gothic tale of Victorian conspiracies, the supernatural, secret societies and the police. Scotland Yard hunted a serial killer shrouded in politics as the mutilator of East End prostitutes. This book uses historic sources

and rare official reports to reveal dark and supernatural aspects of the Ripper case.

1888 Nantier Beall Minoustchine Publishing  
After 125 years of theorizing and speculation regarding the identity of Jack the Ripper, Russell Edwards is in the unique position of owning the first physical evidence relating to the crimes to have emerged since 1888. This evidence is from one of the crime scenes, and has now been rigorously examined by some of the most highly-qualified forensic scientists in the country who have ascertained its true provenance. With the help of modern forensic techniques, Russell's ground-breaking discoveries provide conclusive answers to many of the most challenging mysterious surrounding the case.

The Ladies of Whitechapel: London. 1888. Their Stories  
Arcturus Publishing  
From Chicago historian Adam Selzer, expert on all of the Windy City's quirks and oddities, comes a compelling heavily researched anthology of the stories behind its most fascinating unsolved mysteries. To create this unique volume, Selzer has

collected forty unsolved mysteries from the 1800s to modern day. He has poured through all newspaper, magazine, and book references to them, and consulted expert historians. Topics covered include who really started the great Chicago fire, who was the first "automobile murderer," and even if there was actually a vampire slaying at Rose Hill cemetery. The result is both a colorful read to get lost in, a window to a world of curiosity and wonder, as well as a volume that separates fact from fiction—true crime from urban legend. Complementing the gripping stories Selzer presents are original images of the crime and its suspects as developed by its original investigators. Readers will marvel at how each character and crime were presented, and happily journey with Selzer as he presents all facts and theories presented at the time of the "crime" and uses modern hindsight to assemble the pieces.

**Tess of the D'Urbervilles** Random House

In 1888, Whitechapel - at the heart of the inner East End - was the most (in)famous place in the

country, widely imagined as a site of the blackest and deepest horror. Its streets and alleys were seen as violent and dangerous, overflowing with poverty and depravity. This book aims to uncover the reality of East End life. Sections look at slum housing, immigration, attitudes to women, poverty, violence and crime. The book examines how the brutal killings were reported and how the police tried to identify the murderer. A final section shows how Jack the Ripper has shaped our vision of London, and influenced our popular culture. Jack the Ripper and the East End Labyrinth coincides with an exhibition organised by the Museum of London at their Museum in Docklands. Key surviving documents from the National Archives and the London Metropolitan Archives will be on display - in addition to material from the collections of the Museum of London such as photographs of the Whitechapel Mission. The illustrations for the book will include rare and unpublished photographs, sections of the 'master' Booth Map of Poverty, detectives' reports and original letters. The

introduction will be written by Peter Ackroyd, who is the acknowledged expert on London, its darker aspects and how its history has seeped into its very stones. Leading historians and curators will provide additional insights. This is a book which will be valued for years to come for its enduring and important portrait of the Victorian East End.

The Man Who Hunted Jack the Ripper Skyhorse

The Thames Torso Murders have been overshadowed by Jack the Ripper and his crimes, but were just as brutal and gruesome. They began in 1887 in London's East End, just north of the Thames River in Rainham, England. The killer took one victim that year, another in 1888, and two more in 1889. He resumed his crimes in 1902, taking his last victim south of the Thames and leaving her body in a pile of dismembered parts as he had done with most of his other victims. This work delves deep into the case of the Thames Torso Murders. It begins with a look at London in the late 1800s, a time of great confusion and tremendous population increase, and the killer's

path to London, which seems to include a murder in Paris in 1886. The book then examines in great detail each murder and the investigation that may have been hindered by the search for Jack the Ripper. It also raises the idea that Jack the Ripper and the Torso Murderer may have been the same man--Severin Klosowski, better known as George Chapman, the Borough Poisoner. It ends with an examination of Serial Killers; the Ripper, Torso, and Borough Poisoner murder cases; the search for clues to the serial killer responsible for the five Thames Torso murders; and Wolff Levisohn, a dark horse who seems to have known much about all three sets of murders, testified at Chapman's murder trial, and then faded away as Chapman was sent to the gallows. The Victims of Jack the Ripper Random House 1888The History Press

**Naming Jack the Ripper** McFarland

Geary explores the ghastliest and most famous murders of Victorian England. Geary has researched the subject extensively and presents, with his own inimitable tongue-in-cheek style, the Jack The

Ripper mystery as told through a journal of a fascinated Englishman of the day. Both factual and darkly funny, Geary shines an ironic light on the repressive society that spawned such a monster and its hypocritical reaction to it. Uncovering Jack the Ripper's London Penguin

Jack the Ripper is not the only blood-soaked fiend at work in London. There are others. In the festering alleys of Whitechapel, a habitual murderer is at work slashing women of the night to death and mutilating their remains. As the body count rises, local and national newspapers heap scorn on the Metropolitan Police and their hapless commissioner, Sir Charles Warren. Gory descriptions of the victims' wounds are published, illustrated with images drawn as much from the artists' imaginations as from witness testimony. The vaunted Scotland Yard sleuths are helpless, and the murderer sends them taunting messages in blood red letters signed Saucy Jack. And what of Sherlock Holmes? Is the foremost private consulting detective in the world standing aloof as the capital of the Empire is paralyzed by the

nameless terror stalking its streets? Here, for the first time, is my account of those dreadful days and nights in that blood-soaked autumn of 1888. John H Watson MD. [The Jack the Ripper Files](#) Academy Chicago Publishers, Limited Does this long-forgotten novel hold the key to the mystery of the Whitechapel Murders of 1888?

*Jack the Ripper* Yale University Press Jack the Ripper has haunted the world's imagination since his murderous reign drew to a close in 1888. Exploring the social context of the crimes, this invaluable survey includes police reports, letters purporting to be from the notorious killer, and newspaper clippings from the time. These documents enable readers to become armchair detectives, sifting through the evidence, sorting out the complex and contradictory theories, and assessing all the clues and conclusions gathered through the decades.

*Jack The Ripper* Hachette UK

Jack The Ripper. The most coveted murderer in history as well as the most elusive. For over a

century the pursuit of Jack and proof of his identity continues to come up short. The murders remain unsolved and there is no conclusive evidence pointing to a single suspect.

Investigative Reporter Carl Axford is offered the story of a lifetime. When recruited by Limbo, (a covert group that uses unique technology to solve cold cases), Axford is presented the chance to crack the greatest cold case in existence. Catch Jack The Ripper! The opportunity of a front row seat to the Jack The Ripper murders seems too good to be true. What will Axford discover in 1888? Will he be able to identify history's greatest criminal and bring him to justice? Or does Victorian Whitechapel hold further secrets that influence events of the past as well as the present? Jack The Ripper may not be the only mystery Axford has to solve.

NATIONAL BESTSELLER •

Considering a trip to a quaint English village? You'll think twice after learning about the countless murderous possibilities lurking behind

the bucolic façades, thanks to this illustrated guide from #1 bestselling author Maureen Johnson and illustrator Jay Cooper—perfect for fans of cozy mysteries. A weekend roaming narrow old lanes, touring the faded glories of a country manor, and quaffing pints in the pub. How charming. That is, unless you have the misfortune of finding yourself in an English Murder Village, where danger lurks around each picturesque cobblestone corner and every sip of tea may be your last. If you insist on your travels, do yourself a favor and bring a copy of this little book. It may just keep you alive. Brought to life with dozens of Gorey-esque drawings by illustrator Jay Cooper and peppered with allusions to classic crime series and unmistakably British murder lore, *Your Guide to Not Getting Murdered in a Quaint English Village* gives you the tools you need to avoid the same fate, should you find yourself in a suspiciously cozy English village (or simply dream of going). Good luck! And whatever you do, avoid the vicar. *The Victorian City* The History Press "Roland provides a well-balanced overview ...

extensively illustrated and with timely coverage of some of the latest theories and research." - Stephen P. Ryder, Editor, *Casebook: Jack the Ripper* More than a century after he stalked the streets of London's East End, Jack the Ripper continues to exert a macabre fascination on the popular imagination. After scrupulously re-examining official documents of the time, investigative journalist Paul Roland strips away decades of myth and misconceptions to reveal the identity of a brand-new suspect who has never been seriously considered until now. If you are expecting a finger to be pointed at one of the usual suspects, be prepared to have your assumptions turned on their head. If these crimes were being investigated today, what would the authorities consider to be the vital clues? How would their profilers describe England's first serial killer and who would they be looking to convict? As Roland makes clear in this book, nothing about the Whitechapel murders can be taken at face value.

**Oscar Wilde and the Return of Jack the Ripper** Kings Road Publishing  
"Emma Smith and Martha

Tabram were once considered the first victims of Jack the Ripper. Accepted wisdom changed over time and they're now little more than footnotes to the Ripper mystery. But could it be that these early murders are in fact the key to unlocking the secret history of the Whitechapel murders? With new evidence and a fresh evaluation of the facts, we now find ourselves closer than ever to the answers that have eluded historians and criminologists for well over a century."-- From back cover.

[Your Guide to Not Getting Murdered in a Quaint English Village](#) Robert Snow

The crimes of Jack the Ripper have gone down in history as some of the most brutal and violent ever committed. This text examines the wider context of the murders, taking into account the social conditions against which they were committed, the animosity between police and press, the instances of anti-Semitism and the geography of the area.

*Mysterious Chicago* Ten Speed Press

Now updated with new material that brings the killer's picture into clearer

focus. In the fall of 1888, all of London was held in the grip of unspeakable terror. An elusive madman calling himself Jack the Ripper was brutally butchering women in the slums of London's East End. Police seemed powerless to stop the killer, who delighted in taunting them and whose crimes were clearly escalating in violence from victim to victim. And then the Ripper's violent spree seemingly ended as abruptly as it had begun. He had struck out of nowhere and then vanished from the scene. Decades passed, then fifty years, then a hundred, and the Ripper's bloody sexual crimes became anemic and impotent fodder for puzzles, mystery weekends, crime conventions, and so-called "Ripper Walks" that end with pints of ale in the pubs of Whitechapel. But to number-one New York Times bestselling novelist Patricia Cornwell, the Ripper murders are not cute little mysteries to be transformed into parlor games or movies but rather a series of terrible crimes that no one should get away with, even after death. Now Cornwell applies her trademark skills for meticulous

research and scientific expertise to dig deeper into the Ripper case than any detective before her—and reveal the true identity of this fabled Victorian killer. In *Portrait of a Killer: Jack the Ripper, Case Closed*, Cornwell combines the rigorous discipline of twenty-first century police investigation with forensic techniques undreamed of during the late Victorian era to solve one of the most infamous and difficult serial murder cases in history. Drawing on unparalleled access to original Ripper evidence, documents, and records, as well as archival, academic, and law-enforcement resources, FBI profilers, and top forensic scientists, Cornwell reveals that Jack the Ripper was none other than a respected painter of his day, an artist now collected by some of the world's finest museums: Walter Richard Sickert. It has been said of Cornwell that no one depicts the human capability for evil better than she. Adding layer after layer of circumstantial evidence to the physical evidence discovered by modern forensic science and expert minds, Cornwell shows that Sickert, who died peacefully in his bed

in 1942, at the age of 81, was not only one of Great Britain's greatest painters but also a serial killer, a damaged diabolical man driven by megalomania and hate. She exposes Sickert as the author of the infamous Ripper letters that were written to the Metropolitan Police and the press. Her detailed analysis of his paintings shows that his art continually depicted his horrific mutilation of his victims, and her examination of this man's birth defects, the consequent genital surgical interventions, and their effects on his upbringing present a casebook example of how a psychopathic killer is created. New information and startling revelations detailed in *Portrait of a Killer* include: - How a year-long battery of more than 100 DNA tests—on samples drawn by Cornwell's forensics team in September 2001 from original Ripper letters and Sickert documents—yielded the first shadows of the 75- to 114 year-old genetic evid...

BY THE AUTHOR OF  
MULTI-AWARDWINNING  
#1 SUNDAY TIMES

**BESTSELLER: THE FIVE, THE WOMEN KILLED BY JACK THE RIPPER** A fascinating feminist retelling of the historical true-crime story of infamous wife-murderer Dr Crippen in Edwardian England, brought to justice by an extraordinary group of music hall women 'Unbelievably addictive. Written with a unique combination of sleuthing, storytelling and compassion' LUCY WORSLEY \_\_\_\_\_ No murderer should ever be the keeper of their victim's story ... On 1 February, 1910, vivacious music hall performer, Belle Elmore, suddenly vanished from her north London home, causing alarm among her circle of female friends, the entertainers of the Music Hall Ladies' Guild who demanded an immediate investigation. They could not have known what they would provoke: the unearthing of a gruesome secret, followed by a fevered manhunt for the prime suspect: Belle's husband, medical fraudster, Dr Hawley Harvey Crippen. Hiding in the shadows of this evergreen tale is Crippen's typist and lover, Ethel Le Neve - was she really just 'an innocent

young girl' in thrall to a powerful older man as so many people have since reported? And what is the story behind the death of Crippen's first wife, Charlotte, who died so quietly, never to be heard of again? In this epic examination of one of the

most infamous murders of the twentieth century, prizewinning social historian Hallie Rubenhold gives voice to those who have never properly been heard - the women. Featuring a carnival cast of eccentric entertainers, glamorous lawyers,

zealous detectives, medics and liars, *STORY OF A MURDER* is forensically researched and multi-layered, offering the contemporary reader an electrifying snapshot of Britain and America at the dawn of the modern era.
