A leading workplace  
expert provides an  
inspirational, practical,  
and forward-looking  
career playbook for recent  
grads, career changers,  
and transitioning

professionals looking to  
thrive in today's rapidly  
evolving workplace.  
Covid-19 has heightened  
career uncertainty in a  
work landscape  
dominated by turbulence  
and change, and it is  
directly impacting how  
people are entering—or  
re-entering—the  
workplace. But as Lindsey  
Pollak makes clear, the  
pandemic merely

accelerated career and  
hiring trends that have  
been building. Changes  
that were once slowly  
spreading have been  
rapidly implemented  
across all industries. This  
means that the old job  
hunting and career  
success rules no longer  
apply. Job seekers of all  
generations and skill sets  
must learn how to thrive  
in this “new normal,”

which will include a hybrid of remote and in-person experiences, increased reliance on virtual communication and automation, constant disruption, and renewed employer emphasis on workers' health and well-being. While this new world is complicated and constantly evolving, you won't have to navigate it alone. For twenty years, Pollak has been following the trends and successfully advising young professionals and organizations on workplace success. Now,

she guides you through the changes currently happening—and those to come. Combining insights from both experts and professionals across generations, she provides encouraging, strategic, and actionable advice on making lifelong decisions about education; building a resilient personal brand; using virtual communication to remotely interview, network, and work; skilling and reskilling for the future; and maintaining self-care and mental health. Like your

personal GPS, Pollak equips you to handle workplace obstacles, helping you see them as challenges to navigate rather than impossible roadblocks. There is no perfect path to a dream career, but with Recalculating you'll be prepared with the necessary skills and tools to succeed.

Donor-centered Fundraising Tor Books Gratitude and happiness go hand-in-hand -- and The Thank-You Project provides an easy-to-follow approach for creating more of both. Who helped you become the person

you are today? As Nancy Davis Kho approached a milestone birthday, she decided to answer that question by sending thank-you letters to the many people who had influenced her, helped her, and inspired her over the years: family, friends, mentors, teachers, co-workers, even a couple of former friends and exes. While her recipients always seemed genuinely pleased to read the letters, what Nancy never expected was the profound and positive effect the process would

have on her. As it turns out, emerging research proves that actively appreciating the formative people in your life, past and present, can lead to a lasting increase in your happiness levels--and The Thank-you Project offers a charming, entertaining roadmap to see, say and savor your way there. *365 Thank Yous* National Geographic Books Horrid Henry hates writing thank you letters. presents? In fact, why should anyone? Then he has a wonderful, spectacular idea, one that's guaranteed to make him rich.

"Working from research conducted over six years with hundreds of charities and donors, 'Donor-Centered Fundraising' paints a candid picture of why donors stop giving to charities they once supported, and what it will take to preserve their loyalty in the future. In clear language and

backed by statistical evidence, Penelope Burk explores the pitfalls of our traditional approaches to donor communication and recognition and articulates what donors want but seldom get from the charities they support. The book features straightforward and accessible calculations that show how much money charities are failing to raise, and offers a step-by-step procedure for testing a donor-centered alternative and gaining its acceptance in any organization."--From

From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a

reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for

it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party  
Praise for Ask a Manager  
“A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are

The acclaimed, award-winning author of *The Resisters* takes measure of the fifty years since the opening of China and its unexpected effects on the lives of ordinary people. It is a unique book that only Jen could write—a story collection accruing the power of a novel as it proceeds—a work that Cynthia Ozick has called “an art beyond art. It is life itself.” Beginning with a cheery letter penned by a Chinese girl in heaven

to “poor Mr. Nixon” in hell, Gish Jen embarks on a fictional journey through U.S.-China relations, capturing the excitement of a world on the brink of tectonic change. Opal Chen reunites with her Chinese sisters after forty years; newly cosmopolitan Lulu Koo wonders why Americans “like to walk around in the woods with the mosquitoes”; Hong Kong parents go to extreme lengths to reestablish contact with their “number-one daughter” in New York; and Betty Koo,

brought up on “no politics, just make money,” finds she must reassess her mother’s philosophy. With their profound compassion and equally profound humor, these eleven linked stories trace the intimate ways in which humans make and are made by history, capturing an extraordinary era in an extraordinary way. Delightful, provocative, and powerful, Thank You, Mr. Nixon furnishes yet more proof of Gish Jen’s eminent place among American storytellers.

Now a Major Motion Picture Directed by American Sniper Writer Jason Hall and Starring Miles Teller The wars of the past decade have been covered by brave and talented reporters, but none has reckoned with the psychology of these wars as intimately as the Pulitzer Prize-winning journalist David Finkel. For *The Good Soldiers*, his bestselling account from the front lines of Baghdad, Finkel embedded with the men

of the 2-16 Infantry Battalion during the infamous “surge,” a grueling fifteen-month tour that changed them all forever. In Finkel’s hands, readers can feel what these young men were experiencing, and his harrowing story instantly became a classic in the literature of modern war. In *Thank You for Your Service*, Finkel has done something even more extraordinary. Once again, he has embedded with some of the men of the 2-16—but this time he has done it at home, here

in the States, after their deployments have ended. He is with them in their most intimate, painful, and hopeful moments as they try to recover, and in doing so, he creates an indelible, essential portrait of what life after war is like—not just for these soldiers, but for their wives, widows, children, and friends, and for the professionals who are truly trying, and to a great degree failing, to undo the damage that has been done. The story Finkel tells is mesmerizing, impossible

to put down. With his unparalleled ability to report a story, he climbs into the hearts and minds of those he writes about. Thank You for Your Service is an act of understanding, and it offers a more complete picture than we have ever had of these two essential questions: When we ask young men and women to go to war, what are we asking of them? And when they return, what are we thanking them for? One of Publishers Weekly's Best Nonfiction Books of 2013 One of The Washington

The definitive career guide for grad students, adjuncts, post-docs and anyone else eager to get tenure or turn their Ph.D. into their ideal job Each year tens of thousands of students will, after years of hard work and enormous amounts of money, earn their Ph.D. And each year only a small percentage of them will land a job that justifies and rewards their investment. For every comfortably tenured professor or well-paid former academic, there are countless underpaid

and overworked adjuncts, and many more who simply give up in frustration. Those who do make it share an important asset that separates them from the pack: they have a plan. They understand exactly what they need to do to set themselves up for success. They know what really moves the needle in academic job searches, how to avoid the all-too-common mistakes that sink so many of their peers, and how to decide when to point their Ph.D. toward other, non-

academic options. Karen Kelsky has made it her mission to help readers join the select few who get the most out of their Ph.D. As a former tenured professor and department head who oversaw numerous academic job searches, she knows from experience exactly what gets an academic applicant a job. And as the creator of the popular and widely respected advice site The Professor is In, she has helped countless Ph.D.'s turn themselves into stronger applicants and land their

dream careers. Now, for the first time ever, Karen has poured all her best advice into a single handy guide that addresses the most important issues facing any Ph.D., including: -When, where, and what to publish - Writing a foolproof grant application -Cultivating references and crafting the perfect CV -Acing the job talk and campus interview -Avoiding the adjunct trap -Making the leap to nonacademic work, when the time is right *The Professor Is In* addresses all of these

issues, and many more. *Teaching with Heart* BalboaPress Learn how to write the perfect thank-you note. **Thank You, Mr. Falker** John Wiley & Sons Each and every day teachers show up in their classrooms with a relentless sense of optimism. *Teaching with Heart: Poetry that Speaks to the Courage to Teach* a diverse group of ninety teachers describe the complex of emotions and experiences of the teaching life – joy, outrage, heartbreak, hope, commitment and dedication. Each heartfelt commentary is paired with a cherished poem selected by the teacher. The contributors represent a broad array of educators: K-12 teachers, principals, superintendents, college professors, as well as

many non-traditional teachers. They range from first year teachers to mid-career veterans to those who have retired after decades in the classroom. They come from inner-city, suburban, charter and private schools. The teachers identified an eclectic collection of poems and poets from Emily Dickinson, to

Richard Wright, to Mary Oliver to the rapper Tupac Shakur. It is a book by teachers and for all who teach. The book also includes a poignant Foreword by Parker J. Palmer (The Courage to Teach), a stirring Introduction by Taylor Mali (What Teachers Make), and a moving

Afterword by Sarah Brown Wessler (Teaching Channel). Where Teaching with Fire honored and celebrated the work of teachers; Teaching with Heart salutes the tenacious and relentless optimism of teachers and their belief that despite the many challenges and obstacles of the teaching life, much is possible.
