**The Church of Mary Tudor** Macmillan

This illuminating history examines the life and many legends of the 16th century Queen who was executed by her husband, King Henry VIII. Part biography, part cultural history, *The Creation of Anne Boleyn* is a fascinating reconstruction of Anne's life and a revealing look at her afterlife in the popular imagination. Why is her story so compelling? Why has she inspired such extreme reactions? Was she the flaxen-haired martyr of Romantic paintings or the raven-haired seductress of twenty-first-century portrayals? (Answer: neither.) But the most provocative question of all concerns Anne's death: How could Henry order the execution of a once beloved wife? Drawing on scholarship and critical analysis, Bordo probes the complexities of one of history's most infamous relationships. She then demonstrates how generations of polemicists, biographers, novelists, and filmmakers have imagined and re-imagined Anne: whore, martyr, cautionary tale, proto "mean

girl," feminist icon, and everything in between. In *The Creation of Anne Boleyn*, Bordo steps off the well-trodden paths of Tudoriana to tease out the human being behind the competing mythologies, paintings, and on-screen portrayals.

*Material and Symbolic Circulation between Spain and England, 1554-1604* Simon and Schuster One of England's most fascinating monarchs is brought to life in this hands-on study for young minds. Combining projects, pictures, and sidebars with an authoritative biography, children will develop an understanding of the Reformation, Shakespearean England, and how Elizabeth's 45-year reign set the stage for the English Renaissance and marshaled her country into a chief military power. Providing 21 activities, from singing a madrigal and growing a knot garden to creating a period costume--complete with a neck ruff and a cloak for the queen's court--readers will experience a sliver of life in the Elizabethan age. For those who wish to delve deeper, a time line, online resources, and a reading list are included to aid in further study.

*The Tudor Conspiracy* Haus Publishing

"Printed book and manuscript dedications were at the juncture between the actual interests and reading abilities of Tudor royal ladies and the beliefs and hopes of those who wrote and printed them on what was suitable for royalty and how royal ladies might be persuaded in certain directions. Queen Mary I received eighteen manuscript dedications and thirty-three printed book dedications, the majority of them were religious in nature, specifically addressing a return to Catholicism. In this revisionist approach to book history and Marian studies Valerie Schutte argues that dedications, and the negotiations that accompanied them, reveal both contemporary perceptions of how statecraft, religion, and gender were and the political maneuvering attempting to influence how they ought to be. Schutte offers the first comprehensive catalogue of all book and

manuscript dedications to Mary and all books that were known to have been in Mary's possession"-

- *The Tudors on Film and Television* Madeglobal Publishing

The final book of the Tudor series from #1 New York Times bestselling author Philippa Gregory features one of the most famous women in history, Lady Jane Grey, and her two sisters, each of whom dared to defy her queen. Jane Grey was queen of England for nine days. Her father and his allies crowned her instead of the dead king's half-sister Mary Tudor, who quickly mustered an army, claimed her throne, and locked Jane in the Tower of London. When Jane refused to betray her Protestant faith, Mary sent her to the executioner's block, where Jane transformed her father's greedy power-grab into tragic martyrdom. "Learn you to die," was the advice Jane wrote to her younger sister Katherine, who has no intention of dying. She intends to enjoy her beauty and her youth and fall in love. But she is heir to the insecure and infertile Queen Mary and then to her sister Queen Elizabeth, who will never allow Katherine to marry and produce a Tudor son. When Katherine's pregnancy betrays her secret marriage, she faces imprisonment in the Tower, only yards from her sister's scaffold. "Farewell, my sister," writes Katherine to the youngest Grey sister, Mary. A beautiful dwarf, disregarded by the court, Mary keeps family secrets, especially her own, while avoiding Elizabeth's suspicious glare. After seeing her sisters defy their queens, Mary is acutely aware of her own danger, but determined to command her own life. What will happen when the last Tudor defies her ruthless and unforgiving cousin Queen Elizabeth?

*Rival Queens* Routledge

Elizabeth I is perhaps the most visible woman in early modern Europe, yet little attention has been paid to what she said about the difficulties of constructing her power in a patriarchal society. This revisionist study examines her struggle for authority through the representation of her female body. Based on a variety of extant historical and literary materials, Frye's interpretation focuses on three representational crises spaced fifteen years apart: the London coronation of 1559, the Kenilworth entertainments of 1575, and the publication of *The Faerie Queene* in 1590. In ways which varied with social class and historical circumstance, the London merchants, the members of the Protestant faction, courtly artists, and artful courtiers all sought to stabilize their own gendered identities by constructing the queen within the "natural" definitions of the feminine as passive and weak. Elizabeth fought back, acting as a discursive agent by crossing, and thus disrupting, these definitions. She and those closely identified with her interests evolved a number of strategies through which to express her political control in terms of the ownership of her body, including her elaborate iconography and a mythic biography upon which most accounts of Elizabeth's life have been based. The more authoritative her image became, the more vigorously it was contested in a process which this study examines and consciously perpetuates.

*Women during the English Reformations* HarperCollins UK

This volume of Tudor Roses presents new and reimagined garments based on the original Tudor Roses published in 1998. Alice Starmore looks to historical female figures of the Tudor Dynasty as inspiration for her stunning knitwear, and her modernization of traditional Fair Isle and Aran patterns has created a sensation in the knitting world. Through garment design, Starmore and her daughter Jade tell the stories of fourteen women connected with the Tudor dynasty. They weave a narrative around the known facts of their subjects' lives using photography, art, and the only medium through which the Tudor women could leave a lasting physical record in their world — needlework. Tudor Roses includes fourteen patterns for sweaters and other wearables that follow the chronological order of the Tudor dynasty. A different model portrays each of the Tudor women, from Elizabeth Woodville, grandmother of Henry VIII, through Mary, Queen of Scots. The stunning design and photography appeals to knitters seeking designs that offer an attractive balance of historic and modern elements.

*The Birth of a Queen* Palgrave MacMillan

The reign of Queen Mary is popularly remembered largely for her re-introduction of Catholicism into England, and especially for the persecution of Protestants, memorably described in John Foxe's *Acts and Monuments*. Mary's brief reign has often been treated as an aberrant interruption of England's march to triumphant Protestantism, a period of political sterility, foreign influence and religious repression rightly eclipsed by the happier reign of her more sympathetic half-sister, Elizabeth. In pursuit of a more balanced assessment of Mary's religious policies, this volume explores the theology, pastoral practice and ecclesiastical administration of the Church in England during her reign. Focusing on the neglected Catholic renaissance which she ushered in, the book traces its influences and emphases, its methods and its rationales - together the role of Philip's

Spanish clergy and native English Catholics - in relation to the wider influence of the continental Counter Reformation and Mary's humanist learning. Measuring these issues against the reintroduction of papal authority into England, and the balance between persuasion and coercion used by the authorities to restore Catholic worship, the volume offers a more nuanced and balanced view of Mary's religious policies. Addressing such intriguing and under-researched matters from a variety of literary, political and theological perspectives, the essays in this volume cast new light, not only on Marian Catholicism, but also on the wider European religious picture. *Mary and Philip* Amberley Publishing Limited

\_\_\_\_\_ 'Scintillating, provocative... An elegant synthesis of royal biography and political thriller.' Daily Telegraph A Times History Book of the Year: a story which inspired the Hollywood film MARY QUEEN OF SCOTS Mary, Queen of Scots & Elizabeth I of England. Two powerful monarchs on a single island. Threatened by voices who believed no woman could govern. Surrounded by sycophants, spies and detractors. Accosted for their dominion, their favour and their bodies. Besieged by secret plots, devastating betrayals and a terrible final act. Only one queen could survive to rule all. \_\_\_\_\_ 'Brings us a fresh Mary, set in a gloriously rich context, a tragic heroine - irresistibly real and relevant... There isn't a line wasted in this taut, dramatic and utterly beguiling biography.' Charles Spencer author of Killers of the King: The Men Who Dared to Execute Charles I 'The perfect combination of scholarship and storytelling, meticulous research and emotional insight, Kate Williams brings Mary vividly to life in all her complexities and contradictions.' Kate Mosse, author of The Burning Chambers 'It takes a special kind of historian to turn an old story on its head. Eye-opening, provocative, this is the great rivalry re-imagined for the #MeToo generation.' Lucy Worsley *Elizabeth and Mary* Yale University Press

*The Myth of Elizabeth* Springer Nature

A spellbinding novel about Elizabeth I from the internationally bestselling author of the *Guenevere* and *Tristan and Isolde* trilogies. Publicly declared a bastard at the age of three, daughter of a disgraced and executed mother, last in the line of succession to the throne of England, Elizabeth I inherited an England ravaged by bloody religious conflict, at war with Spain and France, and badly in debt. When she died in 1603, after a forty-five year reign, her empire spanned two continents and was united under one church, victorious in war, and blessed with an overflowing treasury. What's more, her favorites—William Shakespeare, Sir Francis Drake, and Sir Walter Raleigh—had made the Elizabethan era a cultural Golden Age still remembered today. But for Elizabeth the woman, tragedy went hand in hand with triumph. Politics and scandal forced the passionate queen to reject her true love, Robert Dudley, and to execute his stepson, her much-adored Lord Essex. Now in this spellbinding novel, Rosalind Miles brings to life the woman behind the myth. By turns imperious, brilliant, calculating, vain, and witty, this is the Elizabeth the world never knew. From the days of her brutal father, Henry VIII, to her final dying moments, Elizabeth tells her story in her own words.

*Mary Tudor* Amberley Publishing Limited

"Partners both in throne and grave, here rest we two sisters Elizabeth and Mary, in the hope of one resurrection." This inscription is visible on the tomb where Elizabeth I and her half sister, Mary I, lie buried together in one vault in the North Aisle of Henry VII's Lady Chapel in Westminster Abbey. It is the relationship between Elizabeth and her Scottish cousin Mary Stuart that is often discussed and pondered over while the relationship between Elizabeth and her own half sister is largely forgotten. Yet it is the relationship with Mary Tudor that forged Elizabeth's personality and set her on the path to queenship. Mary's reign was the darkest period in Elizabeth's life. "I stood in danger of my life, my sister was so incensed against me," Elizabeth reminded her councillors when they pressed her to name a successor. It is time to tell the whole story of the fierce rivalry between the Tudor half sisters who became their father's successors.

*Elizabeth's Women* Vintage

In this groundbreaking new biography of "Bloody Mary," Linda Porter brings to life a queen best remembered for burning hundreds of Protestant heretics at the stake, but whose passion, will, and sophistication have for centuries been overlooked. Daughter of Henry VIII and Katherine of Aragon, wife of Philip of Spain, and sister of Edward VI, Mary Tudor was a cultured Renaissance princess. A Latin scholar and outstanding musician, her love of fashion was matched only by her zeal for gambling. It is the tragedy of Queen Mary that today, 450 years after her death, she remains the most hated, least understood monarch in English history. Linda Porter's pioneering new

biography—based on contemporary documents and drawing from recent scholarship—cuts through the myths to reveal the truth about the first queen to rule England in her own right. Mary learned politics in a hard school, and was cruelly treated by her father and bullied by the strongmen of her brother, Edward VI. An audacious coup brought her to the throne, and she needed all her strong will and courage to keep it. Mary made a grand marriage to Philip of Spain, but her attempts to revitalize England at home and abroad were cut short by her premature death at the age of forty-two. The first popular biography of Mary in thirty years, *The First Queen of England* offers a fascinating, controversial look at this much-maligned queen.

*Mary Tudor* Courier Dover Publications

With its mix of family drama, sex and violence, Britain's Tudor dynasty (1485-1603) has long excited the interest of filmmakers and moviegoers. Since the birth of movie-making technology, the lives and times of kings Henry VII, Henry VIII, and Edward VI and queens Mary I, Jane Grey and Elizabeth I have remained popular cinematic themes. From 1895's *The Execution of Mary Stuart* to 2011's *Anonymous*, this comprehensive filmography chronicles every known movie about the Tudor era, including feature films; made-for-television films, mini-series, and series; documentaries; animated films; and shorts. From royal biographies to period pieces to modern movies with flashbacks or time travel, this work reveals how these films both convey the attitudes of Tudor times and reflect the era in which they were made.

*Mary Tudor* Springer

'Muhlstein is an excellent writer: the book is effective, its characters vividly portrayed.' - History Today This major double biography examines the relationship between the two queens: Elizabeth, one of the few queens to never marry and so never to subordinate herself and her power, and Mary, who is seen as a slave to passion.

**The Myth of "Bloody Mary"** Houghton Mifflin Harcourt

This book—along with its companion volume *Writing Mary I: History, Historiography, and Fiction*—centers on representations of Queen Mary I in writing, broadly construed, and the process of writing that queen into literature and other textual sources. It spans an equally wide chronological and geographical scope, accounting for the years prior to her accession in July 1553 through the centuries that followed her death in November 1558 and for her reach across England, and into Ireland, Spain, Italy, Russia, and Africa. Its intent is to foreground words and language—written, spoken, and acted out—and, by extension, to draw out matters of and conversations about rhetoric, imagery, methodology, source base, genre, narrative, form, and more. Taken together, these two volumes find in England's first crowned queen regnant an incomparable opportunity to ask new questions and seek new answers that deepen our understanding of queenship, the early modern era, and modern popular culture.

*Elizabeth I and Mary Stuart* Oxford University Press

**Writing Mary I** Springer

Separated only by a narrow body of water, Spain and England have had a long history of material and cultural interactions; but this intertwined history is rarely perceived by scholars of one country with a view toward the other. Through their analyses of the various modes of exchange of material goods and the circulation of symbolic systems of meaning, the contributors to the anthology—historians and literary critics—investigate, for the first time, the two nations' express points of contact and conflict during these historically crucial fifty years. Focusing on the half-century period that began with the marriage of Mary Tudor to Prince Philip of Spain, and spanned the reigns of Philip II and Elizabeth I of England, the essays in this anthology demonstrate and problematize, from the perspective of Spanish cultural history, the significant material, cultural, and symbolic contacts between the two countries. The volume shows how the two countries' alliances and

clashes, which led to the debacle of the 'Invincible Armada' of 1588 and continued for decades afterwards, held enormous historical significance by shaping the religious, political, and cultural developments of the modern world.

**The Temptation of Elizabeth Tudor** A&C Black

"Superb.... A perceptive, suspenseful account." --The New York Times Book Review "Dunn demythologizes Elizabeth and Mary. In humanizing their dynamic and shifting relationship, Dunn describes it as fueled by both rivalry and their natural solidarity as women in an overwhelmingly

masculine world." --Boston Herald The political and religious conflicts between Queen Elizabeth I and the doomed Mary, Queen of Scots, have for centuries captured our imagination and inspired memorable dramas played out on stage, screen, and in opera. But few books have brought to life more vividly the exquisite texture of two women's rivalry, spurred on by the ambitions and machinations of the forceful men who surrounded them. The drama has terrific resonance even now as women continue to struggle in their bid for executive power. Against the backdrop of

sixteenth-century England, Scotland, and France, Dunn paints portraits of a pair of protagonists whose formidable strengths were placed in relentless opposition. Protestant Elizabeth, the bastard daughter of Anne Boleyn, whose legitimacy had to be vouchsafed by legal means, glowed with executive ability and a visionary energy as bright as her red hair. Mary, the Catholic successor whom England's rivals wished to see on the throne, was charming, feminine, and deeply persuasive. That two such women, queens in their own right, should have been contemporaries and neighbours sets in motion a joint biography of rare spark and page-turning power.
