*Wireless World and Radio Review* Institution of Electrical Engineers

This text reports the findings of a study into pupils' learning of science. The results are interpreted with respect to such factors as the behaviours of girls and boys in lessons; importance of the teacher; purpose of investigations in science education; and the effects of the National Curriculum.

### **British Communications and Electronics**

The Kenya Gazette is an official publication of the government of the Republic of Kenya. It contains notices of new legislation,

notices required to be published by law or policy as well as other announcements that are published for general public information. It is published every week, usually on Friday, with occasional releases of special or supplementary editions within the week.

### The Electrician

This historical account of the IERE begins 35 years prior to the granting of a Royal Charter in 1961. The text describes the subsequent achievements in education and training, learned society activities and publishing, and relates the negotiations which led to merger with the IEE in 1988.
