Ember
From #1 New York
Times bestselling
author Greg Iles comes
the first novel in his
Natchez Burning
trilogy—which also
includes The Bone Tree
and the upcoming
Mississippi Blood—an
epic trilogy that
interweaves crimes,
lies, and secrets past

and present in a mesmerizing thriller featuring Southern lawyer and former prosecutor Penn Cage. Raised in the southern splendor of Natchez, Mississippi, Penn Cage learned all he knows of duty from his father, Dr. Tom Cage. But now the beloved family doctor has been accused of murdering the African American nurse with whom he worked in the dark days of the 1960s. Once a crusading prosecutor, Penn is determined to save his father, but Tom, stubbornly invoking doctor-patient privilege, refuses even to speak in his own defense. Penn's quest for the truth sends him deep into his father's past, where a sexually charged secret lies. More chilling, this long-

buried sin is only one thread in a conspiracy of greed and murder involving the vicious Double Eagles, an offshoot of the KKK controlled by some of the most powerful men in the state. Aided by a dedicated reporter privy to Natchez's oldest secrets and by his fiancée, Caitlin Masters, Penn uncovers a trail of corruption and brutality that places his family squarely in the Double Eagles' crosshairs. With every step costing blood and faith, Penn is forced to confront the most wrenching dilemma of his life: Does a man of honor choose his father or the truth?

ONE OF THE MOST
ACCLAIMED BOOKS OF
THE YEAR Contains an

excerpt from Don Winslow's explosive new novel, *City on Fire!* NAMED A BEST BOOK OF THE YEAR BY Washington Post • NPR • Financial Times • The Guardian • Booklist • New Statesman • Daily Telegraph • Irish Times • Dallas Morning News • Sunday Times • New York Post "A big, sprawling, ultimately stunning crime tableau." - Janet Maslin, *New York Times* "You can't ask for more emotionally moving entertainment." - Stephen King "One of the best thriller writers on the planet." - *Esquire* The explosive, highly anticipated conclusion to the epic Cartel trilogy from the *New York Times* bestselling author of *The Force* What do you do when there are no borders? When the

lines you thought existed simply vanish? How do you plant your feet to make a stand when you no longer know what side you're on? The war has come home. For over forty years, Art Keller has been on the front lines of America's longest conflict: *The War on Drugs*. His obsession to defeat the world's most powerful, wealthy, and lethal kingpin?the godfather of the Sinaloa Cartel, Adán Barrera?has left him bloody and scarred, cost him the people he loves, even taken a piece of his soul. Now Keller is elevated to the highest ranks of the DEA, only to find that in destroying one monster he has created thirty more that are wreaking even more chaos and

suffering in his beloved Mexico. But not just there. Barrera's final legacy is the heroin epidemic scourging America. Throwing himself into the gap to stem the deadly flow, Keller finds himself surrounded by enemies?men who want to kill him, politicians who want to destroy him, and worse, the unimaginable?an incoming administration that's in bed with the very drug traffickers that Keller is trying to bring down. Art Keller is at war with not only the cartels, but with his own government. And the long fight has taught him more than he ever imagined. Now, he learns the final lesson?there are no borders. In a story that moves from deserts of

Mexico to Wall Street, from the slums of Guatemala to the marbled corridors of Washington, D.C., Winslow follows a new generation of narcos, the cops who fight them, street traffickers, addicts, politicians, money-launderers, real-estate moguls, and mere children fleeing the violence for the chance of a life in a new country. A shattering tale of vengeance, violence, corruption and justice, this last novel in Don Winslow's magnificent, award-winning, internationally bestselling trilogy is packed with unforgettable, drawn-from-the-headlines scenes. Shocking in its brutality, raw in its humanity, *The Border* is an unflinching portrait of modern

America, a story of—and for—our time.

Another delightful installment in the internationally acclaimed series featuring Chief of Police Bruno: When a British tourist fails to turn up for a luxurious cooking vacation in the idyllic village in the south of France that Bruno Courrèges calls home, the chief of police is quickly on the case. Monika Felder is nowhere to be found, and her husband, a retired British general, is unreachable. Not long after Bruno discovers that Monika was traveling with a mysterious Irishman with a background in intelligence, the two turn up dead. Was she running away? How

much does her husband really know? Meanwhile, the star of the girls' rugby team is pregnant, jeopardizing her chances of being named to the French national squad. Bruno's search for the truth in both cases leads him in some unexpected directions—but as ever, he and his friends find time along the way to savor the culinary delights of the region. Take One Fish Hardie Grant Publishing #1 New York Times bestselling author of Mississippi Blood and The Bone Tree keeps the secrets of the South alive in this "powerful... heartfelt... entirely gripping" (The Washington Post) novel of infatuation, murder, and sexual intrigue set in his hometown of Natchez, Mississippi. When the nude body of

a beautiful young female student is found near the Mississippi River, the entire community is shocked—but no one more than Penn Cage, who discovers that his best friend, Drew Elliott, was entangled in a passionate relationship with the girl and may be accused of her murder. On the surface, Kate Townsend seems the most unlikely murder victim imaginable. A star student and athlete, she'd been accepted to Harvard and carried the hope and pride of the town on her shoulders. But like her school and her town, Kate also had a secret life—one about which her adult lover knew little. Penn will do all he can to exonerate Drew, but in a town where the gaze of a

landmark cemetery statue—the Turning Angel—never looks away, Penn finds himself caught on the jagged edge of blackmail, betrayal, and deadly violence. By the time Penn arrives at the shattering truth, this quiet Southern town will never be the same and “Turning Angel will have you wondering where Greg Iles has been all your life” (USA TODAY).

This is a newly edited revision of Albert Howard's important text on organic farming and gardening, and the central role of humus in maintaining soil health and fertility. No single generation has the right to exhaust the soil from which

humanity must draw its sustenance. Modern agricultural practices, with their emphasis on chemicals, poisons, and toxins, lead to the impoverishment and death of the soil. THE SOIL AND HEALTH is a detailed analysis of the vital role of humus and compost in soil health — and the importance of soil health to the health of crops and the humans who eat them. The author is keenly aware of the dead end which awaits humanity if we insist on growing our food using artificial fertilisers and poisons. Albert Howard (1873-1947) was one of the leaders of the British organics movement in the mid-twentieth century. He was the first westerner to document and publish research on traditional techniques

of agriculture, including Indian and Chinese farming and management of the soil. “Gripping, meticulously researched, and smartly plotted, I devoured this brilliant novel over the course of a weekend.” —Paula Hawkins, author of *Into the Water* “Fascinating, moving, and so very, very real. It grabbed me by the heart and mind from page one and never let me go.” —Marcia Clark, author of *The Final Judgment*

An electrifying, multi-voiced thriller tackling our criminal justice system, from the writer Michael Connelly has called “one of our most gifted novelists.” On December 6, 1993, a drug dealer called Scrappy is shot and left for dead on the lawn outside her mother’s house in South Central Los Angeles. Augie, a heroin addict, witnesses the whole thing—before he steals all the drugs on her person, as well as the gun that was dropped at the scene. When Augie gets busted, he names local gang members Wizard and Dreamer the shooters. But only one of them is guilty. A search of Wizard and Dreamer’s premises uncovers the gun that was used in the shooting, and a warrant goes out for

their arrest. They know it's a frame-up, but the word from the gang is to keep their mouths shut and face the charges. With these two off the streets and headed for jail, Dreamer's friend Little, the unlikeliest of new gang members, is given one job: discover how the gun got moved, and why. Played out in the streets, precincts, jails, and courtrooms of Los Angeles, Ryan Gattis's *The System* is the harrowing story of a crime—from moments before the bullets are fired, to the verdict and its violent aftershocks—told through the vivid chorus of those involved, guilty, the innocent, and everyone in between.

#1 NEW YORK TIMES BESTSELLER • The

world-famous cosmologist and author of *A Brief History of Time* leaves us with his final thoughts on the biggest questions facing humankind.

“Hawking’s parting gift to humanity . . . a book every thinking person worried about humanity’s future

should read.”—NPR NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Forbes • The Guardian • Wired
Stephen Hawking was the most renowned scientist since Einstein, known both for his groundbreaking work in physics and cosmology and for his mischievous sense of humor. He educated millions of readers about the origins of the universe and the nature of black holes, and inspired millions more by defying a terrifying early prognosis of ALS, which originally gave him only two years to live. In later life he could communicate only by using a few facial muscles, but he continued to advance his field and serve as a revered voice on social and humanitarian

issues. Hawking not only unraveled some of the universe's greatest mysteries but also believed science plays a critical role in fixing problems here on Earth. Now, as we face immense challenges on our planet—including climate change, the threat of nuclear war, and the development of artificial intelligence—he turns his attention to the most urgent issues facing us. Will humanity survive? Should we colonize space? Does God exist? These are just a few of the questions Hawking addresses in this wide-ranging, passionately argued final book from one of the greatest minds in history. Featuring a foreword by Eddie Redmayne, who won an Oscar playing

Stephen Hawking, an introduction by Nobel Laureate Kip Thorne, and an afterword from Hawking's daughter, Lucy, *Brief Answers to the Big Questions* is a brilliant last message to the world. Praise for *Brief Answers to the Big Questions* "[Hawking is] a symbol of the soaring power of the human mind."—The Washington Post "Hawking's final message to readers . . . is a hopeful one."—CNN "Brisk, lucid peeks into the future of science and of humanity."—The Wall Street Journal "Hawking pulls no punches on subjects like machines taking over, the biggest threat to Earth, and the possibilities of intelligent life in space."—Quartz
