Detective Work
Widening International Entrepreneurship Research addresses several unresolved questions and thus moves forward by acknowledging that future international entrepreneurship research needs to find new ways to further enrich its knowledge. The book presents the results of six studies that explain how human resource management contributes to the strategy of early internationalization, compares different experiences in several countries, assesses innovation in international entrepreneurship education teaching, analyses the effects of entrepreneurial education on entrepreneurial skills, and provides new knowledge about the effect of digitalization on firm performance in international markets. This collection of papers reviews the main factors that have been identified as having a high explanatory power at different levels.
National American Kennel Club Stud Book Simon and Schuster Poe's most famous tales and poems, including "The Tell-Tale Heart," "The Fall of the House of Usher," and "The Raven," are collected in this edition that includes a reading group guide.
Michael Jackson Farrar, Straus and Giroux
 In this informative book on recycling for children, you will find everything you need to know about our environment. The good, the bad and the incredibly innovative. From pollution and litter to renewable energy and plastic recycling. This educational book will teach young budding ecologists about how our actions affect planet Earth and the big impact we can make by the little things we do. Did you know that every single plastic toothbrush ever made still exists? Or that there is a floating mass of trash larger than the USA drifting around the Pacific Ocean? It is not all bad news though. While this is a knowledge book that explains where we are going wrong, **What a Waste** also shows what we are getting right! Discover plans to save our seas. How countries are implementing green projects worldwide, and how to turn waste into something useful. The tiniest everyday changes can make all the difference to ensure our beautiful planet stays lush and teeming with life. It is a lively kid's educational book with fabulous illustrations and fun facts about the world broken into easy to digest bite-sized bits. Each page can be looked at in short bursts or longer reads for more detail, making it a great children's book for a range of age groups. Get Involved - Make A Difference!
 Almost everything we do creates waste, from litter and leftovers to factory gases and old gadgets. Find out where it goes, how it affects our planet and what we can do to reduce the problem. From how to make your home more energy and water efficient, to

which items can be recycled and tips for grocery shopping, this book is packed full of ideas on how you can get involved to make our planet a better place to live. This environment book for children has a wealth of ideas for becoming a planet-defending hero: - Discover shocking facts about the waste we produce and where it goes - Learn where about our Earth's limited resources and how to take some pressure off - Your trash is another man's treasure - Small changes to take your home from wasteful to super resource efficient - Dive into saving our oceans and super recycling - And much, much more
What a Waste is one of several nature books for kids written by Jess French, a passionate conservationist and veterinarian committed to protecting the beautiful world we live in.
Exploring Science for the New Junior Cycle Capstone Classroom
 With exclusive access to the Haughey archives, Gary Murphy presents a reassessment of Charles Haughey's life and legacy. Saint or sinner? Charles Haughey was, depending on whom you ask, either the great villain of Irish political life or the benevolent and forward-thinking saviour of a benighted nation. He was undoubtedly the most talented and influential politician of his generation, yet the very roots of his success – his charisma, his intelligence, his ruthlessness, his secrecy – have rendered almost impossible any objective evaluation of his life and work. That is, until now. Based on unfettered access to Haughey's personal archives, as well as extensive interviews with more than eighty of his peers, rivals, confidants and relatives, Haughey is a rich and nuanced portrait of a man of prodigious gifts, who, for all his flaws and many contradictions, came to define modern Ireland. 'A superbly balanced exploration of the life and politics of one of the most fascinating figures in 20th century Ireland.' Professor John Horgan 'An indispensable read for anyone with an interest in modern Irish history.' David McCullagh 'Offers much new detail – and not a few surprises – about the personality and career of a political titan who is still, in equal measure, revered and reviled in 21st century Ireland.' Conor Brady
Indiana Jones Pearson Longman
 A collection of six timeless, classic stories in one gift-packed volume, retold for younger readers: The Count of Monte Cristo, The 39 Steps, The Prisoner of Zenda, Moonfleet and The Three Musketeers.
Nelson Mandela VIZ Media LLC
 Many believe that pirates and other water-bound terrorists present a significant threat to international maritime security. Testing the validity of this claim, Martin N. Murphy scrutinizes recent incidents of maritime terrorism and locates the commonalities between pirates and maritime terrorists that enable them to commit their extensive crimes. Murphy's research opens up surprising sites of contact between pirates and wider criminal networks, organizations that pursue their corrupt

agendas not only on sea but also on land. It is these relationships, Murphy argues, that bring about the destabilization of states and regions in which piracy occurs. Murphy's most significant revelation is the way in which maritime criminality may disguise insurgent and terrorist activity, allowing such actors greater freedom to maneuver. Although these acts currently rank as a low-level threat, piracy feeds off of political upheaval. Before they can evolve into a truly powerful and dangerous force, however, maritime terrorists and insurgents will have to overcome significant operational and technical issues. They must also capture the attention of an international audience by committing atrocities at sea that are as devastating as those committed on land.

 The Fifth Edition of Longman Dictionary of American English is the key to vocabulary building! Now with the full contents online, plus online Thesaurus and Vocabulary Checker. Clear and comprehensive 109,000 words, meanings and phrases, including words from the Academic Word List 59,000 example sentences, showing thousands of academic words and collocations Clear definitions written using the Longman American Defining Vocabulary of just 2,000 common words Words for content areas such as Science and Social Studies The key to vocabulary building Collocation boxes show combination of words that are often used together, such as strong interest, highly successful, and take a test Integrated Thesaurus explains thousands of synonyms and antonyms 3,000 etymologies explain the origin of words -15,000 etymologies online Learner's Handbook on Writing, Collocations and Grammar Workbook exercises for self-study and classroom use Entire contents online Pronunciation of all the words and example sentences, and pronunciation practice Longman Vocabulary Checker: find out which type of vocabulary is used in the text you are reading and which words you should learn Thesaurus: choose the right word and build your vocabulary Topic Vocabulary: find all the words you need to write about common topics such as Describing Places, Technology, Sports and Relationships Academic Study Center with interactive exercises for vocabulary, reading and writing, and exam practice for TOEFL
Religion for Living Gill & Macmillan Ltd
 Extensive reading improves fluency and there is a real need in the ELT classroom for contemporary graded material that will motivate students to read. Nelson Mandela is the most South African of the last one hundred years. This is a fascinating and informative biography charting Mandela's long fight against apartheid before becoming President of South Africa in 1994.

This comprehensive examination of extensive reading shows how reading large quantities of books and other materials can provide students with essential practice in learning to read and help them develop a positive attitude towards reading, which is sometimes missed in second language classes. The authors first examine the cognitive and affective nature of reading and then offer a wealth of practical advice for implementing extensive reading with second language learners. Suggestions are provided for integrating extensive reading into the curriculum, establishing a library, selecting reading materials, and keeping records for purposes of evaluation. The text also describes a wide variety of classroom activities to supplement individualized silent reading. The information will be useful both for pre-service teachers and for teachers and administrators who want to improve the teaching of reading in their second language programs.

[Aeneid Book VI](#) Pearson UK

This book explores a provocative area of inquiry for critical theory and research into world politics and popular culture: music. Not just because political science barely engages with anything musical, but also because it is clear that many opportunities for critical scholarship and reflection on global politics and economics are present in the spaces and relationships created by organized sound. It is easy to focus on the textual elements of music, but there is more at stake than just the words. Critical reflection on the intersections between music and politics also need to take

into account the visceral and non-verbal elements such as counterpoint and harmony, polyphony and dissonance, noise, rhymes, rhythms, performance and the visual/aural dimensions to music-making.

[In the Night Garden: Igglepiggle's Birthday Surprise](#) Routledge

A masterpiece from one of the greatest poets of the century In a momentous publication, Seamus Heaney's translation of Book VI of the Aeneid, Virgil's epic poem composed sometime between 29 and 19 BC, follows the hero, Aeneas, on his descent into the underworld. In *Stepping Stones*, a book of interviews conducted by Dennis O'Driscoll, Heaney acknowledged the significance of the poem to his writing, noting that "there's one Virgilian journey that has indeed been a constant presence, and that is Aeneas's venture into the underworld. The motifs in Book VI have been in my head for years--the golden bough, Charon's barge, the quest to meet the shade of the father." In this new translation, Heaney employs the same deft handling of the original combined with the immediacy of language and sophisticated poetic voice as was on show in his translation of *Beowulf*, a reimagining which, in the words of James Wood, "created something imperishable and great that is stainless--stainless, because its force as poetry makes it untouchable by the claw of literalism: it lives singly, as an English language poem."

From the New York Times bestselling author of *The Glass Sentence*, a lightly speculative, relevant puzzle box with undertones of *Never Let Me Go*. The time is now. The place is San Francisco. The world is filled with adults devoid of emotion and children on the cusp of losing their feelings--of "waning"--when they reach their teens. Natalia Peña has already waned. So why does she love her little brother with such ferocity that, when he's kidnapped by a Big Brother-esque corporation, she'll do anything to get him back? From the New York Times bestselling author of *The Glass Sentence* comes this haunting story of one determined girl who will use her razor-sharp wits, her martial arts skills, and, ultimately, her heart to fight killers, predators, and the world's biggest company to rescue her brother--and to uncover the shocking truth about waning.
