THE SUNDAY TIMES BESTSELLING AUTOBIOGRAPHY So... the story of my life. I've often thought about this moment, about what it would be like to write my memoirs. I always thought it would make me feel important. It doesn't. If anything it makes me feel a little strange. The truth is, I should never have been this famous guy. I wasn't the cool, clever, good-looking boy at school.

But I always dreamt of it, hoped for it, longed for it: throughout school when I was disruptive, in my teens when I tried to form my own boy band and through hundreds of auditions for parts which were met with constant rejection. Until finally I co-wrote Gavin and Stacey. And my whole life changed... This is that story. The story of how I found myself here, talking to you.

The novel that stunned—and scandalized—Europe comes to America Wolf, a low-rent private detective, roams London's gloomy, grimy streets, haunted

by dark visions of a future that could have been—and a dangerous present populated by British Fascists and Nazis escaping Germany. Shomer, a pulp fiction writer, lies in a concentration camp, imagining another world. And when Wolf and Shomer's stories converge, we find ourselves drawn into a novel both shocking and profoundly haunting. At once a perfectly pitched hard-boiled noir thriller (with an utterly shocking twist) and a “Holocaust novel like no other” (The Guardian), *A Man Lies Dreaming* is a masterful, unforgettable literary experiment from “one of our best and most adventurous writers” (Locus).

fortune—become rivals for the affections of Jacqueline, a flirtatious, newly arrived Québécoise student of wine. Events grow ever darker, culminating in two suspicious deaths, and Bruno finds that the problems of the present are never far from those of the past.

"Captivating...Sure to appeal to readers with a palate for mysteries with social nuance and understated charm." —The Wall Street Journal "A gentle reminder to slow down and smell the grapes.... [Walker] beguiles the reader." —The New York Times Book Review "The real pleasure of the book is the place itself.... As readers are drawn into wine-stomping parties, truffle omelet dinners, and the aged dignity of a French hunting hound, the narrative tension gathers."

Good Faith and Truthful Ignorance uncovers from history the fascinating and strange story of Spanish explorer Francisco Noguero de Ulloa. In 1556, accompanied by his second wife, Francisco returned to his home in Spain after a profitable twenty-year sojourn in the new world of Peru. However, unlike most other rich conquistadores who returned to the land of their birth, Francisco was not allowed to settle into a

life of leisure. Instead, he was charged with bigamy and illegal shipment of silver, was arrested and imprisoned. Francisco's first wife (thought long dead) had filed suit in Spain against her renegade husband. So begins the labyrinthine legal tale and engrossing drama of an explorer and his two wives, skillfully reconstructed through the expert and original archival research of Alexandra Parma Cook and Noble David Cook. Drawing on the remarkable records from the trial, the narrative of Francisco's adventures provides a window into daily life in sixteenth-century Spain, as well as the mentalité and experience of conquest and settlement of the New World. Told from the point of view of the conquerors, Francisco's story reveals not only the

lives of the middle class and minor nobility but also much about those at the lower rungs of the social order and relations between the sexes. In the tradition of Carlo Ginzberg's *The Cheese and the Worms* and Natalie Zemon Davis' *The Return of Martin Guerre*, *Good Faith and Truthful Ignorance* illuminates an historical period--the world of sixteenth-century Spain and Peru--through the wonderful and unusual story of one man and his two wives.

"Dazzling. . . . In glittering prose, Momaday recalls stories passed down through generations, illuminating the

earth as a sacrosanct place of wonder and abundance. At once a celebration and a warning, *Earth Keeper* is an impassioned defense of all that our endangered planet stands to lose." — *Esquire*  
A magnificent testament to the earth, from Pulitzer Prize-winning novelist and poet N. Scott Momaday. One of the most distinguished voices in American letters, N. Scott Momaday has devoted much of his life to celebrating and preserving Native American culture, especially its oral tradition. A member of the Kiowa tribe, Momaday was born in Lawton, Oklahoma and grew up on Navajo, Apache, and Pueblo reservations throughout the Southwest. It is a part of the earth he knows well and loves deeply. In *Earth Keeper*, he reflects on his native ground and its influence on his

people. "When I think about my life and the lives of my ancestors," he writes, "I am inevitably led to the conviction that I, and they, belong to the American land. This is a declaration of belonging. And it is an offering to the earth." In this wise and wonderous work, Momaday shares stories and memories throughout his life, stories that have been passed down through generations, stories that reveal a profound spiritual connection to the American landscape and reverence for the natural world. He offers an homage and a warning. He shows us that the earth is a sacred place of wonder and beauty, a source of strength and healing that must be honored and protected before it's too late. As he so eloquently and simply reminds us, we must all be keepers of the earth.

### The Gift in Sixteenth-century France Swallow Press

This historical novel is the third and final book in American poet and fiction writer Janet Lewis's *Cases of Circumstantial Evidence* series, based on legal case studies compiled in the nineteenth century. In *The Ghost of Monsieur Scarron*, Lewis returns to her beloved France, the setting of *The Wife of Martin Guerre*, her best-known novel and the first in the series. As Swallow Press executive editor Kevin Haworth relates in a new introduction, *Monsieur Scarron* shifts the reader into the center of Paris in 1694, during the turbulent reign of the Sun King, Louis XIV. The junction of this time and place gives *Monsieur Scarron* an intriguing political element not apparent in either *The Wife of Martin*

Guerre or The Trial of Sören Qvist. The Ghost of Monsieur Scarron begins in a small bookbinder's shop on a modest Paris street, but inexorably expands to encompass a tumultuous affair, growing social unrest, and the conflicts between a legal system based on oppressive order and a society about to undergo harsh changes. With its domestic drama set against a larger political and historical backdrop, Monsieur Scarron is considered by some critics and readers to be the most intricately layered and fully realized book of Lewis's long career. Originally published in 1959, Monsieur Scarron has remained in print almost continuously ever since.

Since the appearance in print of her early poems over seventy-five years ago, the poetry of Janet Lewis has grown in quiet acclaim and popularity. Although she is better known as a novelist of historical fiction, her first and last writings were poems. With the publication of her selected poems, Swallow Press celebrates the distinguished career of one of its most cherished authors. Critics as disparate as Kenneth Rexroth, Timothy Steele, Theodore Roethke, Larry McMurtry, N. Scott Momaday, and Dana Gioia have sung the praises of her work over the decades. Her career as a poet was remarkable not only for its longevity but also for the fact that even well into her tenth decade she wrote poems that stand with her very best work.

Characterized by the vigor and sharpness of her images and the understated lyricism that permeates her rhythmic lines, *The Selected Poems of Janet Lewis* is a survey of modern poetry unto itself.

An accusation of attempted murder rudely interrupted Mary Arnold's dalliances with working men and her extensive shopping sprees. When her husband Benedict fell deathly ill and then asserted she had tried to kill him with poison, the result was a dramatic petition for divorce. The case before the Rhode Island General Assembly and its tumultuous aftermath, during which Benedict died, made Mary a cause célèbre in Newport through the winter of 1738 and 1739. Elaine Forman Crane

invites readers into the salacious domestic life of Mary and Benedict Arnold and reveals the seamy side of colonial Newport. The surprise of *The Poison Plot*, however, is not the outrageous acts of Mary or the peculiar fact that attempted murder was not a convictable offense in Rhode Island. As Crane shows with style, Mary's case was remarkable precisely because adultery, criminality and theft, and even spousal homicide were well known in the New England colonies. Assumptions of Puritan propriety are overturned by the facts of rough and tumble life in a port city: money was to be made, pleasure was to be had, and if marriage became an obstacle to those pursuits a woman had means to set things right. *The Poison Plot* is an intimate drama constructed

from historical documents and informed by Crane's deep knowledge of elite and common life in Newport. Her keen eye for telling details and her sense of story bring Mary, Benedict, and a host of other characters—including her partner in adultery, Walter Motley, and John Tweedy the apothecary who sold Mary toxic drugs—to life in the homes, streets, and shops of the port city. The result is a vivid tale that will change minds about life in supposedly prim and proper New England.

In this accessible volume, Thomas R. Martin compares the writings of Herodotus in ancient Greece with those of Sima Qian in ancient China to demonstrate the hallmarks of early

history writing. While these authors lived in different centuries and were not aware of each other's works, Martin shows the similar struggles that each grappled with in preparing their historical accounts and how their efforts helped invent modern notions of history writing and the job of the historian. The introduction's cross-cultural analysis includes a biography of each author, illustrating the setting and times in which he worked, as well as a discussion of how each man introduced interpretation and moral judgment into his writing. The accompanying documents include excerpts from Herodotus' *The Histories* and Sima Qian's *Shiji*, which illustrate their approach to history writing and their understanding of their own cultures. Also

featured are maps and illustrations, a chronology, questions to consider, and a selected bibliography.

This illuminating history examines the life and many legends of the 16th century Queen who was executed by her husband, King Henry VIII. Part biography, part cultural history, *The Creation of Anne Boleyn* is a fascinating reconstruction of Anne's life and a revealing look at her afterlife in the popular imagination. Why is her story so compelling? Why has she inspired such extreme reactions? Was she the flax-haired martyr of Romantic paintings or the raven-haired seductress of twenty-first-century portrayals? (Answer: neither.) But the most provocative question of all concerns Anne's death:

How could Henry order the execution of a once beloved wife? Drawing on scholarship and critical analysis, Bordo probes the complexities of one of history's most infamous relationships. She then demonstrates how generations of polemicists, biographers, novelists, and filmmakers have imagined and re-imagined Anne: whore, martyr, cautionary tale, proto "mean girl," feminist icon, and everything in between. In *The Creation of Anne Boleyn*, Bordo steps off the well-trodden paths of Tudoriana to tease out the human being behind the competing mythologies, paintings, and on-screen portrayals.

The clever peasant Arnaud du Tilh had

almost persuaded the learned judges at the Parlement of Toulouse when, on a summer's day in 1560, a man swaggered into the court on a wooden leg, denounced Arnaud, and reestablished his claim to the identity, property, and wife of Martin Guerre. The astonishing case captured the imagination of the continent. Told and retold over the centuries, the story of Martin Guerre became a legend, still remembered in the Pyrenean village where the impostor was executed more than 400 years ago. Now a noted historian, who served as consultant for a new French film on Martin Guerre, has searched archives and lawbooks to add new dimensions to a tale already abundant in mysteries: we are led to ponder how a common man could

become an impostor in the sixteenth century, why Bertrande de Rols, an honorable peasant woman, would accept such a man as her husband, and why lawyers, poets, and men of letters like Montaigne became so fascinated with the episode. Natalie Zemon Davis reconstructs the lives of ordinary people, in a sparkling way that reveals the hidden attachments and sensibilities of nonliterate sixteenth-century villagers. Here we see men and women trying to fashion their identities within a world of traditional ideas about property and family and of changing ideas about religion. We learn what happens when common people get involved in the workings of the criminal courts in the ancien régime, and how judges struggle to decide who a man was in the days

before fingerprints and photographs. We sense the secret affinity between the eloquent men of law and the honey-tongued village impostor, a rare identification across class lines. Deftly written to please both the general public and specialists, *The Return of Martin Guerre* will interest those who want to know more about ordinary families and especially women of the past, and about the creation of literary legends. It is also a remarkable psychological narrative about where self-fashioning stops and lying begins.
