Plain Truth Simon and Schuster

Seven-year-old Calli Clark suffers from selective mutism brought on by a tragedy when she was a toddler. Petra Gregory is Calli's best friend--and her voice. But neither girl has been heard from since they vanished. Now, Calli and Petra's parents are tied by the question of what happened to their children. And the answer is trapped in the silence of unspoken family secrets.

From the #1 New York Times bestselling author of *Small Great Things* and the modern classics *My Sister's Keeper*, *The Storyteller*, and more, comes a "complex, compassionate, and smart" (The Washington Post) novel about a family torn apart by a murder accusation. When your son can't look you in the eye...does that mean he's guilty? Jacob Hunt is a teen with Asperger's syndrome. He's hopeless at reading social cues or expressing himself well to others, though he is brilliant in many ways. He has a special focus on one subject--forensic analysis. A police scanner in his room clues him in to crime scenes, and he's always showing up and telling the cops what to do. And he's usually right. But when Jacob's small hometown is rocked by a terrible murder, law enforcement comes to him. Jacob's behaviors are hallmark Asperger's, but they look a lot like guilt to the local police. Suddenly the Hunt family, who only want to fit in, are thrust directly in the spotlight. For Jacob's mother, it's a brutal reminder of the intolerance and misunderstanding that always threaten her family. For his brother, it's another indication why nothing is normal because of Jacob. And for the frightened small town, the soul-searing question looms: Did Jacob commit murder? *House Rules* is "a provocative story in which [Picoult] explores the pain of trying to comprehend the people we love--and reminds us that the truth often travels in disguise" (People).

Off the Page Simon and Schuster

The #1 New York Times bestselling author and "master...at targeting hot issues and writing highly readable page-turners about them" (The Washington Post) weaves an unforgettable and moving novel of a small town gripped by a shocking and controversial murder trial. Cameron McDonald, the police chief of his small New England town, is forced to make the toughest arrest of his life when his cousin Jamie confesses that he has killed his wife. He claims that since she was suffering from a terminal disease, he ended her life out of mercy. Now, a heated murder trial plunges the town into upheaval, and drives a wedge into a contented marriage: Cameron, aiding the prosecution in their case against Jamie, is suddenly at odds with his devoted wife, Allie, who believes Jamie so loved his wife, he granted her wish to end her life. And when an inexplicable attraction leads to a shocking betrayal, Allie faces the hardest questions of the heart: when does love cross the line of moral obligation? And what does it mean to truly love another? Praised for her "personal, detail-rich style" (Glamour), Jodi Picoult infuses this page-turning and evocative novel with heart, warmth, and startling candor.

Where There's Smoke: A Short Story Allen & Unwin

After his expulsion from Russia in 1974, Solzhenitsyn wrote a secret record, while it was still fresh in his mind, of the courageous efforts of those people who hid his writings and smuggled them to the West. Before the fall of the Soviet Union he could not publish *Invisible Allies* without putting those people into jeopardy. Now the facts can be revealed and this book is an intimate account of the network of individuals who risked life and liberty to ensure that his works were concealed, circulated in 'samizdat' form, and exported via illicit channels. These conspirators, often unknown to one another, shared a devotion to the dissident writer's work and a hatred of censorship, and they were prepared to act upon them. *Invisible Allies* contains the previously untold chapters in Solzhenitsyn's autobiography and pays deserved tribute to those who refused to allow an

oppressive regime to suppress his writings.

#1 NEW YORK TIMES BESTSELLER • From the author of Small Great Things and A Spark of Light comes a “powerful” (The Washington Post) novel about the choices that alter the course of our lives. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY MARIE CLAIRE Everything changes in a single moment for Dawn Edelstein. She’s on a plane when the flight attendant makes an announcement: Prepare for a crash landing. She braces herself as thoughts flash through her mind. The shocking thing is, the thoughts are not of her husband but of a man she last saw fifteen years ago: Wyatt Armstrong. Dawn, miraculously, survives the

crash, but so do all the doubts that have suddenly been raised. She has led a good life. Back in Boston, there is her husband, Brian, their beloved daughter, and her work as a death doula, in which she helps ease the transition between life and death for her clients. But somewhere in Egypt is Wyatt Armstrong, who works as an archaeologist unearthing ancient burial sites, a career Dawn once studied for but was forced to abandon when life suddenly intervened. And now, when it seems that fate is offering her second chances, she is not as sure of the choice she once made. After the crash landing, the airline ensures that the survivors are seen by a doctor, then offers transportation to wherever they want to go. The obvious destination is to fly home, but she could take another path: return to the archaeological site she left years before, reconnect with Wyatt and their unresolved history, and maybe even complete her research on The Book of Two Ways—the first known map of the afterlife. As the story unfolds, Dawn’s two possible futures unspool side by side, as do the secrets and doubts long buried with them. Dawn must confront the questions she’s never truly asked: What does a life well lived look like? When we leave this earth, what do we leave behind? Do we make choices . . . or do our choices make us? And who would you be if you hadn’t turned out to be the person you are right now?
