unnoticed across the globe. In *The Colder War: How the Global Energy Trade Slipped from America's Grasp*, energy expert Marin Katusa takes a look at the ways the western world is losing control of the energy market, and what can be done about it. Russia is in the midst of a rapid economic and geopolitical renaissance under the rule of Vladimir Putin, a tenacious KGB officer turned modern-day tsar. Understanding his rise to power provides the keys to understanding the shift

in the energy trade from Saudi Arabia to Russia. This powerful new position threatens to unravel the political dominance of the United States once and for all. Discover how political coups, hostile takeovers, and assassinations have brought Russia to the center of the world's energy market. Follow Putin's rise to power and how it has led to an upsetting of the global balance of trade. Learn how Russia toppled a generation of robber barons and positioned

itself as the most powerful force in the energy market. Study Putin's long-range plans and their potential impact on the United States and the U.S. dollar. If Putin's plans are successful, not only will Russia be able to starve other countries of power, but the BRIC countries (Brazil, Russia, India, and China) will replace the G7 in wealth and clout. *The Colder War* takes a hard look at what is to come in a new global energy market that is certain to cause unprecedented impact on the U.S. dollar.

and the American way of life.

 Robert T. Kiyosaki
 It's estimated that there are over 50 million

pensioners--in the United States alone. Like the United States, the United Kingdom, Japan, Italy, Germany and many other countries around the world are all in big trouble when it comes to the solvency of their pension funds. *Who Stole My Pension?* was written to give them guidance, resources, and tools so they can take action... and stop the looting. We are in the early stages of the greatest retirement crisis in the history of our nation and, indeed, the entire world. According to

the World Health Organization, nearly two billion people around the world are expected to be over age 60 by 2050, a figure that's more than triple what it was in 2000. For better or for worse, never before have there been more elderly people living on planet Earth. One thing is certain: Doing nothing--sitting back, confident your pension check is "in the mail"--is not an option. That's a risk you can't afford to take. According to Edward Siedle, a former attorney with the

United States Securities and Exchange Commission and America's leading expert in pension looting, "In the decades to come, we will witness hundreds of millions of elders worldwide, including America's Baby Boomers, slipping into poverty. Too frail to work, too poor to retire will become the "new normal" for many of the aged." Kiyosaki, who like Siedle saw this crisis looming years ago, complements the facts and stats Siedle puts forth with strategies on how

retirees can take control--not only their pensions, but their financial futures. Kiyosaki writes about the fact that his father, a highly educated man he calls his poor dad, wasn't poor until he lost his job, his paycheck--and his pension. "His PHD couldn't save him," says Kiyosaki, who has dedicated his life to teaching and financial literacy advocacy. In *Who Stole My Pension?* the authors focus on the most misunderstood and ignored cause of the pension crisis: mismanagement of

pensions and investments. The culprits that are looting the pensions of public school teachers, firefighters, police, as well as private sector workers, are on Wall Street. The Wall Street casinos charging high fees for gambling in risky hedge funds and other speculative investments, outrageous investment-industry conflicts of interest, and outright violations of the law. *Who Stole My Pension?* is an in-depth assessment of the pension crisis that the

world is facing today and what millions around the world--employees who expected to have pension income at retirement--can do about it. The authors recount a history of pension failures, inexperienced boards, gambling, looting and other horror stories--with a focus on action steps workers and retirees can take to quickly determine if a pension is being mismanaged as well as the concrete steps they can take to end decades of pension mismanagement. They

detail critical questions retirees can ask--and guidance regarding how to act on what they learn. *Starting A Business For Beginners & Dummies* ARMOUR PUBLISHING PTE LTD

From the #1 bestselling author of "Rich Dad, Poor Dad" comes the ultimate guide to real estate--the advice and techniques every investor needs to navigate through the ups, downs, and in-betweens of the market.

Helping People Business Plus

"In this third edition of his bestselling book, Robert T. Kiyosaki updates and expands his original eight "hidden values" of a network marketing business (other than making money!). Special Bonus--additonal "hidden values" from Robert, Kim Kiyosaki and Tom Wheelwright. ... Robert explains that building a network marketing business: is a revolutionary way to achieve wealth; makes it possible for anyone to

acquire great wealth; and is open to anyone who has drive, determination, and perseverance." --

The Real Book of Real Estate INTI Publishing & Resource Books

The tenth book in the series provides firsthand accounts of the author's startup companies, what he learned from his successes and failures, and other topics a reader needs to know in order to start a company and quickly develop it.

The Business of the 21st Century John Wiley & Sons Reveals how to actually

speed up and maximize the return on investments to achieve total financial independence.

Household Gold Profile Books

Today, almost 70% of Americans own their own homes. And for good reason. As a homeowner, you're benefiting from the equity in your real estate. But wouldn't it be great if you could benefit from the equity in your Retail Estate, that is, the products and services in your household that you purchased from retail stores? This book will show

you how you can profit from the household essentials that everyone buys and uses on a regular basis. If you're interested in making money instead of spending money on products and services you have to buy anyway, then read this book.

Rich Dad's Increase Your Financial IQ RDA Press, LLC

Di edisi ketiga buku best seller ini, Robert T. Kiyosaki memperbarui dan memperluas delapan nilai tersembunyi yang membangun bisnis pemasaran jaringan

yang disampaikannya (selain menghasilkan uang!). Temukan Bonus Spesial nilai tersembunyi tambahan dari Robert, Kim Kiyosaki, dan Tom Wheelwright, CPA serta Rich Dad Advisor. Robert menjelaskan bahwa membangun bisnis pemasaran jaringan: adalah cara yang revolusioner untuk mencapai kemakmuran, memungkinkan siapa pun memperoleh kekayaan dalam jumlah besar, dan terbuka bagi siapa pun yang memiliki motivasi

kuat, keteguhan hati, dan kegigihan. Karena saya tidak memperoleh kekayaan dari membangun bisnis pemasaran jaringan, saya bisa bersikap sedikit lebih objektif tentang industri tersebut. Buku ini membahas apa yang saya lihat merupakan nilai-nilai nyata dari bisnis pemasaran jaringan nilai-nilai yang lebih dari sekadar potensi menghasilkan banyak uang. Akhirnya saya menemukan bisnis yang memiliki hati. Robert Kiyosaki

WHO STOLE THE
AMERICAN DREAM - 2 ?

The Book Your Boss

Doesn't Want You to Read

! ReadHowYouWant.com

With The Firm, financial journalist Duff McDonald pulled back the curtain on consulting giant McKinsey & Company. In The Golden Passport, he reveals the inner works of a singular nexus of power, ambition, and influence: Harvard Business School. Harvard University still occupies a unique place in the public's imagination, but the Harvard Business School eclipsed its parent

in terms of influence on modern society long ago. A Harvard degree guarantees respect. But a Harvard MBA near-guarantees entrance into Western capitalism's most powerful realm—the corner office. And because the School shapes the way its powerful graduates think, its influence extends well beyond their own lives. It affects the organizations they command, the economy they dominate, and society itself. Decisions and priorities at HBS touch every single

one of us. Most people have a vague knowledge of the power of the HBS network, but few understand the dynamics that have made HBS an indestructible and dominant force for almost a century. Graduates of HBS share more than just an alma mater. They also share a way of thinking about how the world should work, and they have successfully molded the world to that vision—that is what truly binds them together. In addition to teasing out the essence of this exclusive,

if not necessarily “secret” club, McDonald explores two important questions: Has the school failed at reaching the goal it set for itself—“the multiplication of men who will handle their current business problems in socially constructive ways?” Is HBS complicit in the moral failings of Western capitalism? At a time of

soaring economic inequality and growing political unrest, this hard-hitting yet fair portrait offers a much-needed look at an institution that has had a profound influence not just in the world of business but on the shape of our society—and on all our lives.

The Colder War Aslan Pub
