This book is a
superposition
of two distinct
narratives: the
first is
historical,
discussing the
evolution of
astronomical
knowledge
since the
dawn of
civilizations;
the second is
scientific,
conveying
mathematical
and physical
content of
each
advancement.
Great
scientists of
antiquity,
Middle Ages
and modern
times until the
18th century,
are presented

along with
their
discoveries,
through short
biographies
and
anecdotes.
Special care is
taken to
explain their
achievements
using
mathematical
and physical
concepts of
their time,
with modern
perspective
added only
when ancient
methodology
is too
cumbersome
or its
language

contemporary
readers.The
book conveys
a lot of

astronomical
facts and data
in a pleasant
and accessible
manner.
Almost all
findings and
discoveries
made in
ancient times
are followed
by simple
mathematical
exercises
using basic
knowledge, so
that the
reader can
check the

are the longest and most complex of the year, leaving a large number of attendees without a complete understanding of the occasion's significance. Entering The High Holy Days provides historical background and interpretation of the ideas, practices, and liturgy and lends them contemporary relevance to today's Jews. Reuven Hammer received his ordination and doctorate in

theology from the Jewish Theological Seminary of America. He is the former president of the Rabbinical Assembly and head of the Rabbinical Court of the Masorti Movement. Understanding the Jewish Calendar Crown Calendars in the Making investigates the origins of calendars we are most familiar with today, yet whose early histories, in the Roman and medieval periods, are still shrouded

in obscurity. It examines when the seven-day week was standardized and first used for dating and reckoning, in Jewish and other constituencies of the Roman Empire; how the Christian liturgical calendar was constructed in early medieval Europe; and how and when the Islamic calendar was instituted. The volume includes studies of Roman provincial calendars, medieval

Persian calendar reforms, and medieval Jewish calendar cycles. Edited by Sacha Stern, it presents the original research of a team of leading experts in the field. Contributors are: François de Blois, Ilaria Bultrighini, Sacha Stern, Johannes Thomann, Nadia Vidro, Immo Warntjes. Time and Difference in Rabbinic Judaism BRILL
When will our Bridegroom

return? This book looks at End Times signs in the ancient festivals of the Jews. Jesus said, "No-one knows the day or the hour" when he will return, but we can know the times and the season. Jesus also said, "Keep watch!" Be ready. *The Comprehensive Hebrew Calendar* Penguin UK
"A prominent American religious leader and renowned Hebrew scholar traces seventeen centuries of

Messianic dreams and pretenders among the Jewish people. Isaiah 2:4
"And he shall judge among the nations, and shall

rebuke many people: and they shall beat their swords into plowshares, and their spears into pruninghooks: nation shall not lift up sword against nation, neither shall they learn war any more." AKJV (Psalms 67:4). The Holy Bible is the most widely distributed, least understood book in the history of creation. Due to early understandings and handed down traditions of world

renowned teachers, the Holy Bible was falsely interpreted in many areas (James 3:1-6). To this day, many of the past, incorrect teachings are still being upheld and taught (2 Peter 3:15-16). The spreading of misinformation, throughout the world, has failed the masses (Jeremiah 8:8-16, Matthew 7:24-27, Romans 2:24-25). Since the beginning of time, mankind has searched

for the meaning and purpose of life, to gain understanding of the very purpose of existence (Acts 17:21-23). Knowing the true destiny of humanity enlightens the conscience in the way of true reality (Luke 11:34-36). Discovering the very origin and voyages of life, removes all non essential searching. Oneness with the origin of life, brings one to a place of true comfort and

healing for the entire body (Proverbs 3:7-10, 22). Humanity is more than ever before seeking connectivity and oneness with alien spirits of higher dimensions, energies, forces of the earth, universe and realms beyond (Deuteronomy 4:19, 2 Chronicles 28:22-23, Daniel 12:4, Romans 1:25). The existence and condition of the creation before the earth was created, the

realm beyond the universe, the fulfillment of the destiny that awaits mankind, causes of the human condition are made known. Is GOD MALE AND FEMALE? This book clearly and thoroughly brings out the relevant facts of such topics and much more (Jeremiah 33:2-3). This book, without leaving any doubts, reveals how to invoke and have proper communion with THE CREATOR, how THE

CREATOR is blessing, saving, glorifying the Gentiles (Romans 3:29-30) and how GOD chooses HIS first fruits (Leviticus 27:32). Inspiration received is to provide true doctrine which leads to understanding (Luke 24:28-32), regarding matters such as transcendency through fire, the millennial ages, the last days etc. Understanding numerical cycles, values, patterns,

alignments, as written in the Holy Bible, unlocks essential information regarding the physical and spiritual purposes for life on earth. This work explains relationships between humanity and the unseen spirit, alien world, the generations, closing of the ages, the afterlife (John 5:1-4, Acts 1:9-11, Revelation 3:21). For the first time in history, many unknown mysteries of THE CREATOR,

hidden from ages past, are made known (Isaiah 46:9-10, Ephesians 1:3-10). THE VISION OF THE CREATOR consists of the revealing of HIS very CHARACTER and works, through HIS creation (Psalm 22:19-25, Jonah 2:2-10). Proof of what the writings of the Holy Bible actually reveal, through the SPIRIT of the letters, is obtainable in this must read book (John 6:63, Ephesians

3:1-9). Revelation 21:4 "And God shall wipe away all tears from their eyes; and there shall be no more death, neither sorrow, nor crying, neither shall there be any more pain: for the former things are passed away." AKJV (Psalm 22:27-31).

Judaism: A Very Short Introduction

Indiana University Press
What if you could know what God is doing in each season? God of course

moves as he pleases whenever he pleases and we certainly can receive any kind of healing any time of year; but when we learn the spiritual rhythms of the Hebrew months and the emotional healing ripe for the picking we unlock a new way of communicating with him that allows for greater revelations to follow. Instead of wondering what God is doing or saying, we can join him in the rhythms

he set in motion centuries before. This book is the first in a three-part collection covering all the different facets of meaning found in the Hebrew months. Part one covers the biblical significance of the months as well as the emotional themes. In part two Seneca of Freedom Flowers will introduce you to the tribes, stones, gates, and constellations associated

with each month. And in part three, Del of Healing Frequencies Music will go deep with the letters associated with each month and the ways she has used the Hebrew alphabet to make music. In Part One Here you'll gain a foundation of understanding the Hebrew calendar and the overall themes of each month. You'll see how the Hebrew months are mentioned throughout scripture and

how they speak prophetically of Jesus our Messiah. As we look at the biblical significance of each month we'll also highlight the emotional themes and give you a Captive Thought Therapy tapping exercise to use throughout the month. Captive Thought Therapy (CTT) combines elements of TFT & EFT tapping, declarations, and inner healing prayer

to help you take your thoughts captive and find greater breakthroughs in emotional and spiritual health. *Jewish New Year* Springer Nature Palaces of Time resurrects the seemingly banal calendar as a means to understand early modern Jewish life. Elisheva Carlebach has unearthed a trove of beautifully illustrated calendars, to show how Jewish men and women both adapted

to the Christian world and also forged their own meanings through time. [The Twelve Tribes of Israel](#)[The Twelve Tribes of Israel](#) Jewish Publication Society Indiana Jones meets The Da Vinci Code in an old Egyptian synagogue-- the amazing story of one of the most important discoveries in modern religious scholarship. In 1896, Rabbi Solomon Schechter of Cambridge

University stepped into the attic of the Ben Ezra Synagogue in Cairo, Egypt, and there found the largest treasure trove of medieval and early manuscripts ever discovered. He had entered the synagogue's genizah--its repository for damaged and destroyed Jewish texts--which held nearly 300,000 individual documents, many of which were over 1,000 years old.

Considered among the most important discoveries in modern religious history, its contents contained early copies of some of the Dead Sea Scrolls, early manuscripts of the Hebrew Bible, and other sacred literature. The importance of the genizah's contents rivals that of the Rosetta Stone, and by virtue of its sheer mass alone, it will continue to command our attention indefinitely. This is the first

accessible, comprehensive account of this astounding discovery. It will delight you with its fascinating adventure story--why this enormous collection was amassed, how it was discovered and the many lessons to be found in its contents. And it will show you how Schechter's find, though still being "unpacked" today, forever transformed our knowledge of the Jewish past, Muslim history and

much more.

Integrating Bible stories that stretch across the

centuries from each other along with a background of secular history and current events,

Unbroken Cord uncovers the link that ties them all together. This book is what many believers have been looking for: an easily understood synthesis between Old and New Testaments, past and present.

Combining a tourist's enthusiasm for exploration along with a love for detail and scripture, the author

provides information that includes today's news, ancient prophecy, and a good bit of backstory.

Each of the twelve chapters is written with the goal of distilling its specific topic into an explanation that makes sense to the average person. Even if the reader lacks background regarding Biblical History or the current geopolitical situation, subjects that have

previously seemed overly complicated or fuzzy, begin to fall into place. Since most everyone has fallen through the scholastic cracks at some point, each chapter is presented as an opportunity for some much needed "catch-up" information. The book is a personal tutoring session and survey approach to understanding Israel's place within the context of a modern Christian

worldview. It turns out that the Bible is full of mystery. Unbroken Cord unlocks secrets about God's Calendar, fleshes out origins of the Middle East conflict, examines prophecies concerning Israel's future population boom and explores Jerusalem - from her distant past and into the age to come. **How to Talk to Your Cat About Gun Safety** Harvard University Press

This book is a collection of letters from a religious Jew in Israel to a Christian friend in Barcelona on life as an Orthodox Jew. Equal parts lighthearted and insightful, it's a thorough and entertaining introduction to the basic concepts of Judaism. The Week Christian Faith Publishing, Inc. Lists the corresponding Hebrew and civil dates for the years 1900-2100, with the Torah portion and

haftarah for every Sabbath, and more. A special introduction explains the calculation of the calendar. *Vision of the Creator* Lulu.com Normon Solomon's succinct book is an ideal introduction to Judaism as a religion and way of life. Demonstrating the diverse nature and ethnic origin of those with the Jewish faith, Solomon explores how the Jewish religion has developed in the 2,000

years since the days of the Bible. This Very Short Introduction starts by outlining the basics of practical Judaism - its festivals, prayers, customs, and various sects - and goes on to consider how Judaism has responded to, and dealt with, a number of key issues and debates, including the impact of the Holocaust and the establishment of the State of Israel. In this new edition, Solomon

considers issues of contemporary Judaism in the twenty first century. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area.
