A spirited look
at the history

of alcohol,
from the dawn
of civilization
to the modern
day Alcohol is
a fundamental
part of
Western
culture. We
have been
drinking as
long as we
have been
human, and
for better or
worse, alcohol
has shaped
our
civilization.
Drink
investigates
the history of
this Jekyll and
Hyde of fluids,

tracing mankind's love/hate relationship with alcohol from ancient Egypt to the present day. Drink further documents the contribution of alcohol to the birth and growth of the United States, taking in the War of Independence, the Pennsylvania Whiskey revolt, the slave trade, and the failed experiment of national Prohibition. Finally, it provides a history of the world's most

famous drinks- and the world's most famous drinkers. Packed with trivia and colorful characters, Drink amounts to an intoxicating history of the world. *The Home Bar* Algonquin Books 'May God forgive us for our sorry deeds and for our glorious intentions'. So wrote Hugh Clifford, in his best selling novel, Saleh, written while he was acting governor of Trinidad, in 1904.

A Social History of Alcohol

Harper Collins This fascinating book shows how the later years of the British Empire were characterised by accidental oversights, irresponsible opportunism and uncertain pragmatism. The Past and Future of America's Whiskey Penguin When Veronica graduated with an MBA and dreams of saving the world, she never knew she would end

up a corporate slave to the lipstick gods, in love with her playboy boss and in need of a gay best friend to make her feel fabulous. Straight out of school, bright-eyed and bushy-tailed, Veronica has her heart set on an honorable job, such as saving starving children. Instead, she accepts a job at Gisele, a global cosmetics empire that seems to mock her every value. Veronica struggles to fit

in until she meets Stevie, a gay co-worker, who immediately assumes the role of fashion counselor and fabulousness. Under Stevie's mentorship, Veronica flourishes as a vixen and marketing peon. But for Veronica to truly succeed at Gisele and seduce her boss, she must bequeath her soul to the makeup gods and sacrifice her friends in a ritual known as corporate brainwash. How far does Veronica go

before she realizes she is losing everything she once valued, including herself? *A Novel*
 Applewood Books
 How bourbon came to be, and why it's experiencing such a revival today
 Unraveling the many myths and misconceptions surrounding America's most iconic spirit, Bourbon Empire traces a history that spans frontier rebellion, Gilded Age corruption, and the magic

of Madison Avenue. Whiskey has profoundly influenced America's political, economic, and cultural destiny, just as those same factors have inspired the evolution and unique flavor of the whiskey itself. Taking readers behind the curtain of an enchanting—and sometimes exasperating—industry, the work of writer Reid Mitenbuler crackles with attitude and commentary about taste, choice, and

history. Few products better embody the United States, or American business, than bourbon. A tale of innovation, success, downfall, and resurrection, *Bourbon Empire* is an exploration of the spirit in all its unique forms, creating an indelible portrait of both bourbon and the people who make it. [The King of Vodka](#) A&C Black A fascinating deep dive into the colonial

roots of the global wine industry. *Imperial Wine* is a bold, rigorous history of Britain's surprising role in creating the wine industries of Australia, South Africa, and New Zealand. Here, historian Jennifer Regan-Lefebvre bridges the genres of global commodity history and imperial history, presenting provocative new research in an accessible

narrative. This is the first book to argue that today's global wine industry exists as a result of settler colonialism and that imperialism was central, not incidental, to viticulture in the British colonies. Wineries were established almost immediately after the colonization of South Africa, Australia, and New Zealand as part of a civilizing mission: tidy vines, heavy with fruit, were symbolic of Britain's

subordination of foreign lands. Economically and culturally, nineteenth-century settler winemakers saw the British market as paramount. However, British drinkers were apathetic towards what they pejoratively called "colonial wine." The tables only began to turn after the First World War, when colonial wines were marketed as cheap and patriotic and started to find their niche

among middle- and working-class British drinkers. This trend, combined with social and cultural shifts after the Second World War, laid the foundation for the New World revolution in the 1980s, making Britain into a confirmed country of wine-drinkers and a massive market for New World wines. These New World producers may have only received critical acclaim in the late twentieth

century, but Imperial Wine shows that they had spent centuries wooing, and indeed manufacturing, a British market for inexpensive colonial wines. This book is sure to satisfy any curious reader who savors the complex stories behind this commodity chain.

Enemies Univ of California Press
 Secondary school teacher and education consultant
 Lucy Crehan

was frustrated with ever-changing government policies on education; dissatisfied with a system that prioritised test scores over the promotion of creative thinking; and disheartened that the interests of children had become irrelevant. And yet, politicians and administrators consistently told her that this was how the world's 'top performing' school systems operated.

Curious to discover how they could operate in the same way but perform so much better in Maths, Reading and Science, Lucy dug deeper and was shocked by what she found: the politicians and administrators were wrong. The 'top performing' schools were designing education in completely different ways from the UK and from each other, and yet, despite their differences, they were all getting top

marks. Determined to find answers she couldn't get from reports and graphs, Lucy set off on a journey around the globe to see these schools and students for herself. Cleverlands is the story of her journey through Finland, Canada, Japan, China and Singapore – five countries regularly at the top of the education charts. She spent three weeks immersed in classrooms in

each country – living with teachers, listening to parents, teaching, watching and asking questions. The result is a guided tour of the world's best educational systems and a reflection on what success in the UK might look like in light of these varying possibilities... not just what our politicians would have us believe. “Denis Johnson seems to be the abiding spirit of the novel, which achieves the incendiary strangeness of his prose . . . Bible offers us a remarkable vision of adolescence as not just a time of extreme exposure but one of visionary longing.” — THE NEW YORK TIMES After an adolescent prank leads to a stranger's death, Alvis Maloney rambles westward. He lands in a

small North Carolina town and falls in love—in love with his neighbor Molly, with a lonesome quarterback called Miles, with a whole community of enduring misfits and losers. But at the same time, another life takes shape in Maloney’s dreamlike visions: a horse named Forever, a princess with hypochondria, and an electric city that’s always just out of reach. As these two

promises of home fight for their hold on Maloney, the story careens toward disaster, and in the end Maloney must choose between love and redemption. From the author Electric Literature called “one of the most interesting and exciting new novelists in years,” Michael Bible’s *Empire of Light* blooms with mystical imagination and a hopeful heart. [Ghosts of Empire](#)

Houghton Mifflin Harcourt In *The spirits of America*, Burns relates that drinking was “the first national pastime,” and shows how it shaped American politics and culture from the earliest colonial days. He details the transformation of alcohol from virtue to vice and back again and how it was thought of as both scourge and medicine. He tells us how “the great American thirst” developed

over the centuries, and how reform movements and laws sprang up to combat it. Burns brings back to life such vivid characters as Carrie Nation and other crusaders against drink. He informs us that, in the final analysis, Prohibition, the culmination of the reformers' quest, had as much to do with politics and economics and geography as it did with spirituous beverage.

Whiskey Women Open Road + Grove/Atlantic
 "An absorbing popular history of one of history's most popular drinks" (Booklist). Gin has been a drink of kings infused with crushed pearls and rose petals, and a

drink of the poor flavored with turpentine and sulfuric acid. Born in alchemists' stills and monastery kitchens, its earliest incarnations were juniper flavored medicines used to prevent plague, ease the pains of childbirth, even to treat a lack of courage. In The Book of Gin, Richard Barnett traces the life of this beguiling spirit, once believed to cause a "new kind of

drunkenness.” In the eighteenth century, gin-crazed debauchery (and class conflict) inspired Hogarth’s satirical masterpieces “Gin Lane” and “Beer Street.” In the nineteenth century, gin was drunk by Napoleonic War naval heroes, at lavish gin palaces, and by homesick colonials, who mixed it with their bitter anti-malarial tonics. In the early twentieth century, the

illicit cocktail culture of Prohibition made gin—often dangerous bathtub gin—fashionable again. And today, with the growth of small-batch distilling, gin has once-again made a comeback. Wide-ranging, impeccably researched, and packed with illuminating stories, *The Book of Gin* is lively and fascinating, an indispensable history of a complex and notorious drink. “The Book of Gin is

full of history that will make you grin . . . An enchanting read.” —Cooking by the Book *Girly Drinks* Princeton University Press With an easy three-step plan, *Mindful Drinking: How To Break Up With Alcohol* is here to help the 64% of Brits who want to drink less, and cultivate a new, healthy and more mindful relationship with alcohol. You CAN drink less, without giving up! Journalist Rosamund

Dean combines scientific expertise with practical advice in a game-changing three step guide: *The Problem, The Incentive, and The Plan*. By following this guide you will be able to experience the benefits of drinking less - drinking less will improve your mood, your skin, your sex-drive and your body as well as reduce stress and anxiety. Whether you are sober-curious, or just want to cut

down - *Mindful Drinking: How To Break Up With Alcohol* shows not only why you should, but also how you can, in a way that will change your life forever. What readers have been saying about *Mindful Drinking: How to Break Up With Alcohol*: 'Brilliant book; realistic and creating real positive change' 'Would highly recommend for anyone who is concerned about the amount they drink, but

doesn't want to completely stop.' 'A brilliantly straightforward and realistic approach to cutting down sensibly.' 'Really broke a cycle for me of just drinking every weekend.' [A Cultural History of Alcohol](#) Orion Ed Robinson's first book, *Leap of Faith / Quit Your Job and Live on a Boat*, was an Amazon best seller in multiple categories. Now he's back with this hilarious look at the nautical lifestyle. From

Poop to Booze to Bikinis, he covers the funnier side of the issues encountered by boaters all of types. With chapters like Signs You Live on a Boat, Stupid People on Rental Equipment, and Zombies Can't Swim, you'll find plenty of laughs. There's even a chapter for Tim Dorsey fans. If you are a liveaboard, cruiser, weekender, wannabe boater, have boating friends, or are just a fan of

Ed Robinson's wit, you will enjoy this light hearted romp through many maritime topics. A Memoir Createspace Independent Publishing Platform A "entertaining and enlightening" deep dive into the alcohol-soaked origins of civilization—and the evolutionary roots of humanity's appetite for intoxication. (Daniel E. Lieberman, author of Exercised) While plenty

of entertaining books have been written about the history of alcohol and other intoxicants, none have offered a comprehensive, convincing answer to the basic question of why humans want to get high in the first place. Drunk elegantly cuts through the tangle of urban legends and anecdotal impressions that surround our notions of intoxication to provide the first rigorous, scientifically-grounded

explanation for our love of alcohol. Drawing on evidence from archaeology, history, cognitive neuroscience, psychopharmacology, social psychology, literature, and genetics, Slingerland shows that our taste for chemical intoxicants is not an evolutionary mistake, as we are so often told. In fact, intoxication helps solve a number of distinctively human challenges: enhancing

creativity, alleviating stress, building trust, and pulling off the miracle of getting fiercely tribal primates to cooperate with strangers. Our desire to get drunk, along with the individual and social benefits provided by drunkenness, played a crucial role in sparking the rise of the first large-scale societies. We would not have civilization without intoxication. From marauding

Vikings and bacchanalian orgies to sex-starved fruit flies, blind cave fish, and problem-solving crows, Drunk is packed with fascinating case studies and engaging science, as well as practical takeaways for individuals and communities. The result is a captivating and long overdue investigation into humanity's oldest indulgence—one that explains not only why we

want to get drunk, but also how it might actually be good for us to tie one on now and then. *From simple bar carts to the ultimate in home bar design and drinks* Dey Street Books A rollicking illustrated history of alcohol and its literary imbibers, from Jane Austen's beer brewing to James Joyce's passion for Guinness to E.B. White's cure for writers' block—a dry martini—by celebrated

illustrator Greg Clarke and award-winning editor/art director Monte Beauchamp. "The tools that I need for my trade are simply pen, paper, food, tobacco, and a little whiskey." —William Faulkner "I keep a dictionary, a Bible, a deck of cards and a bottle of sherry in the room." —Maya Angelou "A writer who drinks carefully is probably a better writer." —Stephen King Throughout

history, there has been no greater catalyst for creativity among writers, so they claim, than a good, stiff drink. In this graphic volume, the authors take us on an unforgettable literary bar crawl, packed with historical factoids, anecdotes, booze trivia, and fascinating detours into the lives of our favorite writers, along with literary-themed cocktail recipes such as Ernest

and other works never before published by New Directions. On Booze portrays “The Jazz Age” as Fitzgerald experienced it: roaring, rambunctious, and lush — with quite a hangover. The British Colonies and the Creation of the Urban World Canongate Books Born in a Russian village in 1831, Pyotr Smirnov relied on vodka to turn a life of scarcity and anonymity

into one of immense wealth and international recognition. Starting from the back rooms and side streets of nineteenth-century Moscow, Smirnov exploited brilliant grassroots marketing strategies to popularize his products and ensconce his brand in the thirsts and imaginations of drinkers around the world. His vodka would be gulped in the taverns of Russia and Europe, be

praised with accolades at world fairs, and become a staple on the tables of tsars. But his improbable ascent would be halted by the chaos of the Bolshevik Revolution, and only a bizarre set of coincidences —including an incredible prison escape by one of Smirnov’s sons in 1919—would prevent Smirnov’s legacy from fading into obscurity. Set against a backdrop of political and ideological

currents that would determine the course of global events, The King of Vodka is much more than a biography of a humble serf who rose to create one of the most celebrated business empires the world has ever known. It is a work of sweeping narrative history on an epic scale. Bloomsbury Publishing USA Winner of the Fortnum and Mason Best Debut Drink Book Award 2017 From

renowned booze correspondent Henry Jeffreys comes this rich and full-bodied history of Britain and the Empire, told through the improbable but true stories of how the world's favourite alcoholic drinks came to be. Read about how we owe the champagne we drink today to seventeenth-century methods for making sparkling cider; how madeira and India Pale Ale

became legendary for their ability to withstand the long, hot journeys to Britain's burgeoning overseas territories; and why whisky became the familiar choice for weary empire builders who longed for home. Jeffreys traces the impact of alcohol on British culture and society: literature, science, philosophy and even religion have reflections in the bottom of a glass. Filled

to the brim with fascinating trivia and recommendations for how to enjoy these drinks today, you could even drink along as you read... So, raise your glass to the Empire of Booze! Poop, Booze, and Bikinis Citadel An A-Z compendium of every cocktail recipe

that you need to know. Navigate the bewildering world of cocktails with this elegant A to Z guide to every recipe that you need to know. Complete with insightful introductions on the fascinating stories behind each drink, The Cocktail Dictionary is the discerning drinker's guide to the art of sipping.

Covering everything from the Old Fashioned, Martini, Margarita and Daiquiri to key cocktail techniques such as muddling, shaking, stirring and the perfect ice. Includes 100+ drinks recipes for you to try, as well as stunning illustrations throughout the book.
