“Karin Slaughter is simply one of the best thriller writers working today.”—GILLIAN FLYNN “This chilling mystery is just begging to be read in one sitting.”—Cosmopolitan WATCH WILL TRENT ON ABC • This edition features an introduction on the origins of the New York Times bestselling Will Trent novels Karin Slaughter’s internationally bestselling novels are as notable for their vivid portraits of lives shadowed by loss and heartbreak as they are for their dramatic criminal investigations. Broken features the return of her most compelling characters and introduces

memorable new ones in a tale of corruption, murder, and confrontation that will leave more than one life . . . When Special Agent Will Trent arrives in Grant County, he finds a police department determined to protect its own and far too many unanswered questions about a prisoner's death. He doesn't understand why Officer Lena Adams is hiding secrets from him. He doesn't understand her role in the death of Grant County's popular police chief. He doesn't understand why that man's widow, Dr. Sara Linton, needs him now more than ever to help her crack this case. While the police force investigates the murder of a young woman pulled from a frigid lake, Trent investigates the police force, putting pressure on Adams just when she's already about to crack.

Caught between two complicated and determined women, trying to understand Linton's passionate distrust of Adams, the facts surrounding Chief Tolliver's death, and the complexities of this insular town, Trent will unleash a case filled with explosive secrets—and encounter a thin blue line that could be murderous if crossed. Spellbinding and keenly paced, *Broken* is Karin Slaughter at her best. Here is an unforgettable story of raw emotions, dangerous assumptions, the deadly and layered game of betrayal, and a man's determination to expose the most painful of human truths—no matter how deeply they're hidden . . . or how devastating.

When Helen Fielding first wrote Bridget Jones's Diary, charting the life of a 30-something singleton in London in the 1990s, she introduced readers to one of the most beloved characters in modern literature. The book was published in 40 countries, sold more than 15 million copies worldwide, and spawned a best-

selling sequel, Bridget Jones: The Edge of Reason. The two books were turned into major blockbuster films starring Renée Zellweger, Hugh Grant and Colin Firth. With her hotly anticipated third instalment, Bridget Jones: Mad About the Boy, Fielding introduces us to a whole new enticing phase of Bridget's life set in contemporary London, including the challenges of maintaining sex appeal as the years roll by and the nightmare of drunken texting, the skinny jean, the disastrous email cc, total lack of twitter followers, and TVs that need 90 buttons and three remotes to simply turn on. An uproariously funny novel of modern life, Bridget Jones: Mad About the Boy is a triumphant return of our favourite Everywoman.

 “A constantly surprising series that deepens and darkens as it evolves.”
 —Marilyn Stasio, New York Times Book Review Kingdom of the Blind, the new Chief Inspector Gamache novel from the #1 New York Times bestselling author. When a peculiar letter arrives inviting Armand Gamache to an abandoned farmhouse, the former head of the Sûreté du Québec discovers that a complete stranger has named him one of the executors of her will. Still on suspension, and frankly curious, Gamache accepts and soon learns that the other two executors are Myrna Landers, the bookseller from Three Pines, and a young builder. None of them had ever met the elderly woman.

The will is so odd and includes bequests that are so wildly unlikely that Gamache and the others suspect the woman must have been delusional. But what if, Gamache begins to ask himself, she was perfectly sane? When a body is found, the terms of the bizarre will suddenly seem less peculiar and far more menacing. But it isn’t the only menace Gamache is facing. The investigation into what happened six months ago—the events that led to his suspension—has dragged on, into the dead of winter. And while most of the opioids he allowed to slip through his hands, in order to bring down the cartels, have been retrieved, there is one devastating exception. Enough narcotic to kill thousands has disappeared into inner city Montreal. With the deadly drug about to hit the

streets, Gamache races for answers. As he uses increasingly audacious, even desperate, measures to retrieve the drug, Armand Gamache begins to see his own blind spots. And the terrible things hiding there.

Bridget Jones Mad About the Boy Dell

In this pathbreaking book one of America's most distinguished philosophers brilliantly explores the status and authority of law and the nature of political allegiance through close readings of three classic Hollywood Westerns: Howard Hawks' Red River and John Ford's The Man Who Shot Liberty Valance and The Searchers. Robert Pippin treats these films as sophisticated mythic accounts of a key moment in American history: its "second founding," or the western expansion. His central

question concerns how these films explore classical problems in political psychology, especially how the virtues of a commercial republic gained some hold on individuals at a time when the heroic and martial virtues were so important. Westerns, Pippin shows, raise central questions about the difference between private violence and revenge and the state's claim to a legitimate monopoly on violence, and they show how these claims come to be experienced and accepted or rejected. Pippin's account of the best Hollywood Westerns brings this genre into the center of the tradition of political thought, and his readings raise questions about political psychology and the political passions that have been neglected in contemporary political thought in favor of a limited concern

with the question of legitimacy.

Das Regionale hat Konjunktur - auch in der Belletristik. Die erfolgreichsten Romane des deutschsprachigen Regionalkrimi-Genres sind jene der »Kluftinger«-Reihe von Volker Klüpfel und Michael Kobr. An den Allgäuer Orten, die den Romanen als Schauplätze dienen, übersetzen Destinationsmanager die literarischen Narrative in touristische Angebote. Katharina Löffler ethnografiert sowohl die Effekte dieser Fiktionalisierung von Region als auch das performative Potenzial von Literatur. Der kulturwissenschaftliche Ansatz geht über textzentrierte und literaturgeografische Analysen hinaus und macht nachvollziehbar, wie verschiedene Akteur_innen mit der Ingebrauchnahme

von Populärlektüren je eigene Bedeutungen von »Allgäu« und neue Raumwirklichkeiten schaffen.

Diesen Sonntag hat sich die Garmischer Kommissarin Irmi Mangold eigentlich anders vorgestellt. Sie ist gerade im Wald beim Holzfällen, als sie ein dringender Anruf erreicht - auf der Kandahar-Piste ist ein Toter gefunden worden. Besonders skurril ist die Kleidung des Mannes, ein Skianzug mit einer WM-Startnummer von 1978. Bald steht seine Identität fest: Ernst Buchwieser war Sportlehrer am Klosterinternat Ettal und eckte mit seinen unkonventionellen Ansichten fast überall an. Als Gegner des Pistenausbaus für die bevorstehende Ski-WM 2011 war er für viele ein rotes

Tuch. Sollte er deshalb zum Schweigen gebracht werden? Und was hat es mit der seltsamen Montur auf sich? Die patente Irmi Mangold und ihre junge Kollegin Kathi Reindl legen sich bei ihren Ermittlungen mit so manchen Garmischer Honoratioren an und müssen feststellen, dass hinter der Postkartenidylle jede Menge Mordmotive lauern ...

Bull's Balls Houghton Mifflin Harcourt
Heutzutage gibt es keine sicheren Orte

mehr. Das Verbrechen lauert hinter jedem Mietshaus und jeder Scheune. Gemordet wird in der Nachbarwohnung, vor der Kirchentür, in der Shisha-Bar oder auf dem Kartoffelacker. Gesetzesverstöße haben sich in räumlicher Hinsicht sozusagen emanzipiert, was man auch in dem literarischen Universum des Kriminalromans beobachten kann. Großstädte, die seit jeher als Brutstätten des Bösen galten, bekamen spätestens seit den 1980er Jahren starke Konkurrenz in Form der kriminellen Provinz, die den Metropolen den Rang als Sündenräume schlechthin ablaufen möchte. Denn die Region impliziert bei weitem nicht mehr nur Geborgenheit und Abschottung vor der brutalen Außenwelt; die Region bedeutet

Blutvergießen und Gewalttaten, die im Regionalkrimi narrativ verhandelt werden. Das Ziel des vorliegenden Sammelbandes besteht darin, diesen literarischen Verbrechensmodi narrativ zu Leibe zu rücken. There are no safe places these days. Crime lurks behind every apartment building and every barn. Murders are committed in neighbouring apartments, outside church doors, in shisha bars or in potato fields. From a spatial perspective, lawbreaking has emancipated itself – so to speak. This can also be observed in the literary universe of crime novels. Since the 1980s large cities, which have always been regarded as hotbeds of evil, have had strong competition from the criminal province, outstripping the metropolises as sin spaces par

excellence. However, the province no longer implies security and isolation from the brutal outside world. The province stands for bloodshed and acts of violence, which are narratively negotiated in local crime novels. The aim of this volume is to get to the heart of these literary modes of crime from a narrative perspective.

In the republic of Georgia, the Communists are long gone, replaced by . . . well, by what? Something much more confusing. There are no jobs in the cities. And when there are jobs, employees aren't compensated. And when they are compensated, it's because the jobs are . . . not strictly scrupulous. In the village, life goes on much as it always did, but these days, the homemade farmers

cheese is giving way to the oil pipeline. And as for romance in this strange, confounding modern age . . . the less said, the better. But there's one man in Georgia who remains unseduced by corruption, unfazed by nostalgia, and unable to abandon chivalry, no matter how antiquated a notion it may be. This man is Slims Achmed Makashvili, a humble maritime lawyer and the hero of this brilliant novel. When Slims discovers an application for an American small business internship program sponsored by Hillary Clinton, he knows that he has found his calling. In his letters to Senator Clinton, Slims dreams of bringing efficiency, opportunity, and the American dream to his homeland, even as his friends and relatives embrace decadence, lethargy, and a staggering

array of unsavory business practices. But when he finally gets to America—specifically to utopian San Francisco, where the streets are paved with quinoa—Slims sees what reform and progress look like up close. And suddenly, his loud, bickering family and his anguished, joyful country no longer seem so grim. A gleeful picaresque, a visionary satire, and a work of extraordinary empathy and imagination, *Waiting for the Electricity* is a marvelously imaginative debut novel.

A scientist and a soldier must join forces when combat drones zero in on targets on American soil in this gripping technological thriller from New York Times bestselling author Daniel Suarez.

Linda McKinney studies the social

behavior of insects—which leaves her entirely unprepared for the day her research is conscripted to help run an unmanned and automated drone army. Odin is the secretive Special Ops soldier with a unique insight into a faceless enemy who has begun to attack the American homeland with drones programmed to seek, identify, and execute targets without human intervention. Together, McKinney and Odin must slow this advance long enough for the world to recognize its destructive power. But as enigmatic forces press the advantage, and death rains down from above, it may already be too late to save mankind from destruction.
