Educators will find teaching strategies that they can readily implement in their own classrooms; they'll also be inspired to employ creative ways of teaching marginalized voices and to bring those voices to the fore. In the growing national movement toward place-based education, *Appalachia in the Classroom* offers a critical resource and model for engaging place in various disciplines and at several different levels in a thoughtful and inspiring way.

The Moonbeam Award Gold Medal Winner in the religion category, *The Jesus Storybook Bible* tells the Story beneath all the stories in the Bible. At the center of the Story is a baby, the

child upon whom everything will depend. Every story whispers his name. From Noah to Moses to the great King David---every story points to him. He is like the missing piece in a puzzle---the piece that makes all the other pieces fit together. From the Old Testament through the New Testament, as the Story unfolds, children will pick up the clues and piece together the puzzle. A Bible like no other, *The Jesus Storybook Bible* invites children to join in the greatest of all adventures, to discover for themselves that Jesus is at the center of God's great story of salvation---and at the center of their Story too.

Do you ever wonder why Jeffrey talks all of the time? Or why Toni can't sit still? Or why Alex loves work sheets? Or why Jordan is always trying something new? Each chapter is fun to read, stimulating, and immensely practical. This book is valuable to teachers, and for preachers, too. DAVID R. MAINS DIRECTOR, CHAPEL OF THE AIR It's about time. *Creative Teaching Methods* is not just another book on the theory of creativity (which we don't need). Rather, it is a book on the practice of creativity in the classroom (which we desperately need). This is a book you will use over and over again. *Creative Teaching Methods* is loaded with practical and usable ideas that will make creative teaching a reality in your classroom. Without hesitation, I would recommend this book to anyone who teaches young people or adults. MIKE YACONELLI PRESIDENT, YOUTH SPECIALTIES Marlene LeFever makes the principle of learning through creative participation come alive for Christian education. Creative methods are vividly and invitingly explored for their potential for deepening the

spiritual life through new ways of hearing the Word of God and using heretofore untapped personal resources in responding to it. Home Tonight follows the path of Henri Nouwen's spiritual homecoming. More than three years prior to writing his great classic, *The Return of the Prodigal Son*, Nouwen suffered a personal breakdown followed by a time of healing solitude when he encountered Rembrandt's famous painting. Within his solitude he reflected on and identified with the parable's characters and experienced profound and inspiring life lessons. This captivating book was created from never-before-published materials that formed the basis of the small workshop inspired by Nouwen's intimate encounter with Rembrandt's painting. Readers are led to welcome their unique Belovedness through practices of "spiritual listening," journaling, and communing with God, thus connecting personally with the unique, unconditional love of the One who created them. *Home Tonight* is a practical guide for the inner

journey home.

The principal doctrines defining Mormonism today often bear little resemblance to those it started out with in the early 1830s. This book shows that these doctrines did not originate in a vacuum but were rather prompted and informed by the religious culture from which Mormonism arose. Early Mormons, like their early Christian and even earlier Israelite predecessors, brought with them their own varied culturally conditioned theological presuppositions (a process of convergence) and only later acquired a more distinctive theological outlook (a process of

differentiation). In this first-of-its-kind comprehensive treatment of the development of Mormon theology, Charles Harrell traces the history of Latter-day Saint doctrines from the times of the Old Testament to the present. He describes how Mormonism has carried on the tradition of the biblical authors, early Christians, and later Protestants in reinterpreting scripture to accommodate new theological ideas while attempting to uphold the integrity and authority of the scriptures. In the process, he probes three questions: How did Mormon doctrines develop? What are the scriptural underpinnings of these doctrines? And what do critical scholars make of these same scriptures? In this enlightening study, Harrell systematically peels back the doctrinal accretions of time to provide a fresh new look at Mormon theology. "This Is My Doctrine" will provide those already versed in Mormonism's theological tradition with a new and richer perspective of Mormon theology. Those unacquainted with Mormonism will gain an appreciation for how Mormon theology fits into the larger Jewish and Christian theological traditions.

With over a million copies sold, this classic work is essential reading for all who ask, "Where has my struggle led me?" A chance encounter with a reproduction of Rembrandt's *The Return of the Prodigal Son* catapulted Henri Nouwen on an unforgettable spiritual adventure. Here he shares the deeply personal and resonant meditation that led him to discover the place within where God has chosen to dwell. As Nouwen reflects on Rembrandt's painting in light of his own life journey, he evokes a powerful drama of the classic parable in a rich, captivating way that is sure to reverberate in the hearts of readers. Nouwen

probes the several movements of the parable: the younger son's return, the father's restoration of sonship, the elder son's resentfulness, and the father's compassion. The themes of homecoming, affirmation, and reconciliation will be newly discovered by all who have known loneliness, dejection, jealousy, or anger. The challenge to love as God loves, and to be loved as God's beloved, will be seen as the ultimate revelation of the parable known to Christians throughout time, and is here represented with a vigor and power fresh for our times.

To Heal, Proclaim, and Teach Solid Christian Books

If the goal of catechesis is to cultivate an encounter with Christ, why do religious educators spend so much time focused almost exclusively on ideas and not experiences? The reason is that many have never been shown a method that inspires the heart while also instructing the mind. Jared Dees, creator of the popular website *The Religion Teacher*, shows how applying the steps of *lectio divina* to teaching can reorient religious education toward encountering the person of Christ rather than merely sharing information about him. In *Christ in the Classroom*, Catholic author and speaker Jared Dees applies the five steps of *lectio divina*—reading/learning, meditation, prayer, contemplation, and action—to the ministry of catechesis. He offers teachers and catechists a practical framework for preparing lessons that broaden the focus of teaching from mostly intellectual learning to also encountering Christ in prayer, reflection, and action. Using this method, students and catechists come to know intimately the person of Christ at the same time that they are learning the tenets and traditions of the Church. Dees shares stories of success and failure from his own teaching experience and he offers dozens of field-tested strategies, tactics, and teaching methods to effectively integrate the steps of *lectio divina* into the

classroom or other catechetical setting. Outfitted with these tools, both experienced and new religious educators will feel confident in their ability to teach effectively and lead their students to a life-changing encounter with Jesus.
