"The French Riviera, spring 1936. It's off-season in the lovely seaside village of Juan-les-Pins, where seventeen-year-old Ondine cooks with her mother in the kitchen of their family-owned Cafe Paradis. A mysterious new patron who's slipped out of Paris and is traveling under a different name has made an unusual request--to have his lunch served to him at the nearby villa he's secretly rented ... Pablo Picasso is at a momentous crossroads in his personal and professional life--and for him, art

and women are always entwined ... New York, present day. Caeline, a Hollywood makeup artist who's come home for the holidays, learns from her mother Julie that Grandmother Ondine once cooked for Picasso"--

There are new aerial photos for many places and in particular for ports and harbours in Languedoc - Roussillon. This major 2017 edition contains substantial change to the content. 'A new Mediterranean France pilot from Rod and Lu Heikell is now available from Imray and, needless to say, if you have not got one and plan to cruise this coast and inevitably Corsica, then rush out and buy it!' Bruised Passports R. R. Bowker

The French Riviera: A History ranges from the Terra Amata in Nice, occupied from 380,000 years ago and one of the oldest inhabited prehistoric sites in the world, through to settlement by Greeks, Romans, Franks, Ostrogoths and Visigoths, wars and revolutions, to the establishment of the Silicon Valley of France in Sophia-Antipolis in 1974.

Michael Nelson shows the surprisingly cosmopolitan nature of the area in the early middle ages, such as the story of the finishing school run by Frankish kings in the 7th century where Siagrius, the ruler of the region, had studied and where the son of King Edwin of

Northumbria in England was also sent. The Riviera was part of Provence in France for much of its history and was often a microcosm of France itself, with many dynastic struggles and horrific blood-letting. Colour maps and plates illustrate *The French Riviera: A History*, and it is also full of fascinating anecdotes. Examples include the loan of a guillotine by Nice to Grasse in the French Revolution (Nice had no victims and Grasse had thirty) and the occasion when Jean Moulin, the leader of the French Resistance in World War II, invited the Germans to the opening of an art gallery in Nice which he was using as a front. In the nineteenth and twentieth century the British and Americans led tourism, and the Riviera was described by Somerset Maugham as 'a sunny place

for shady people'. *The French Riviera: A History* is a fascinating look back over the Riviera's rich history. Perfect to dip into, or follow the whole historical journey in one sitting, it will make the perfect addition to any history buff's bookcase.
