First time in Trade Paperback! It's hard to give peace a chance when the other side regards conquest as the only option and a sneak attack as the best means to that end. That's why the Kingdom of Manticore needs allies against the Republic of Haven—and the planet Grayson is

strategically situated to make a very good ally indeed. But Her Majesty's Foreign Office overlooked a "minor cultural difference" when they chose Honor Harrington to carry the flag: women on the planet of Grayson are without rank or rights and Honor's mere presence is an intolerable affront to every male on the planet. At first Honor doesn't take it personally; where she comes from gender discrimination is barely a historical memory, right up there in significance with fear of the left-handed. But in time such treatment becomes taxing and she makes plans to withdraw, until Grayson's fratricidal sister planet attacks without warning. Now, Honor must stay and prevail, not just for her honor, but for her sovereign's, for the honor of the Queen. Sequel to national bestsellers *Torch of Freedom* and *Crown of Slaves*, Book Three in the *Crown of Slaves*, - Honor Harrington universe. Secret agent Anton Zilwicki and Victor Cachat return in this classic tie-in series set in David Weber's Honorverse. **TOIL AND TROUBLE IN THE CAULDRON OF GHOSTS** The Mesan Alignment: a centuries-old cabal that seeks to impose its vision of a society dominated by genetic rank onto the human race. Now the conspiracy stands exposed by spies Anton Zilwicki and Victor Cachat—one an agent of Honor Harrington's Star Kingdom of Manticore, the other a Havenite operative. The outing of the Alignment has turned the galaxy's political framework topsy-turvy. Old coalitions have disintegrated. New alliances have been born. For starters, the long and hard-fought war between the Republic of Haven and the Star Empire of Manticore is not only over, but these bitter enemies have formed a new pact. Their common foe: the Mesan Alignment itself. But more information is needed to bring the Alignment out of the shadows. Now, defying the odds and relying on genetic wizardry themselves for a disguise, Zilwicki and Cachat return to Mesa^{3/4}only to discover that even they have underestimated the Alignment's ruthlessness and savagery. Soon they are on the run in Mesa's underworld, not only hunted by the Alignment but threatened by the exploding conflict on the planet between Mesa's overlords and the brutalized slaves and descendants of slaves who have suffered under their rule for so long. But if Zilwicki and Cachat succeed in rooting out the ancient conspiracy, a great evil may be finally removed from the galaxy^{3/4}and on a long-

oppressed planet, freedom may finally dawn. At the publisher's request, this title is sold without DRM (Digital Rights Management). The Apocalypse Troll Baen Books

"Captain Alicia DeVries, Imperial Cadre, has been many things in her life. An Imperial Marine, dedicated to the protection and preservation of the Terran Empire she loves. An Imperial Cadre drop commando, personal liegwoman of Emperor Seamus II, whom she honors and reveres. Hero of the Terran Empire, one of only three living holders of the Banner of Terra. And now, outcast, rogue, pirate ... and madwoman." "From the time she graduated from high school, Alicia DeVries knew what she wanted to do with her life, and she did it well. On planets like Gyantse, Chengchou, Fuller, and Louvain - in cities like Zhikotse and Shallingsport - she's put her life on the line in defense of her Empire and Emperor again and again. She's given her blood, and the lives of men and women closer to her than brothers and sisters." "But her dead have been betrayed in the name of political expediency. The justice they deserved has been denied, and a brokenhearted Alicia DeVries has resigned her commission and retired to the colony world of Mathison with her family to begin a new life." "Yet Alicia is still a warrior, and the pirates who attacked Mathison, tortured and murdered her family, and left her for dead, are about to discover just how big a mistake they made." "Imperial Intelligence can't find them. The Imperial Fleet can't catch them. Local defenses can't stop them. But Alicia has stolen an imperial A1 starship from the bleeding edge of technology and set out to teach them what vengeance truly is." "Her fellow veterans think she's gone mad, the Fleet has shoot-on-sight orders, and the "pirates" have allies at the highest levels of the Imperial government. But Alicia DeVries has two allies of her own. Allies no one knows about. Allies as implacable as she is: a self-aware computer, and a creature from the mists of Old Earth's most ancient legends."--

Echoes of Honor Limited Leatherbound Edition Baen Books

Limited Signed Edition- 1000 copies only. New York Times, USA Today, Wall Street Journal and international bestselling phenomenon David Weber delivers book #18 in the multiple New York Times best-selling Honor Harrington series. Honor Harrington's Royal Manticoran Navy fights space battles alongside planetary rebels as its old rival, the corrupt Solarian League, begins to crumble. Limited Signed Edition- 1000 copies only. #18 in the multiply-bestselling Honor Harrington series. Wrong number? There are two sides to any quarrel . . . unless there are more. Queen Elizabeth of Manticore's first cousin and Honor Harrington's best friend Michelle Henke has just handed the "invincible" Solarian League Navy the most humiliating, one-sided defeat in its entire almost thousand-year history in defense of the people of the Star Empire's Talbott Quadrant. But the League is the most powerful star nation in the history of humanity. Its navy is going to be back - and this time with thousands of superdreadnoughts. Yet she also knows scores of other star systems — some independent, some controlled by puppet regimes, and some simply conquered outright by the Solarian Office of Frontier Security — lie in the League's grip along its frontier with the Talbott Quadrant. As combat spreads from the initial confrontation, the entire frontier has begun to seethe with unrest, and Michelle sympathizes with the oppressed populations wanting only to be free of their hated masters. And that puts her in something of a quandary when a messenger from Mobius arrives, because someone's obviously gotten a wrong number. According to him, the Mobians' uprising has been carefully planned to coordinate with a powerful outside ally: the Star Empire of Manticore. Only Manticore — and Mike Henke — have never even heard of the Mobius Liberation Front. It's a set-up . . . and Michelle knows who's behind it. The shadowy Mesan Alignment has launched a bold move to destroy Manticore's reputation as the champion of freedom. And when the RMN doesn't arrive, when the MLF is brutally and bloodily crushed, no independent star system will ever trust Manticore again. Mike Henke knows she has no orders from her government to assist any rebellions or liberation movements, that she has only so many ships, which can be in only so many places at a time . . . and that she can't possibly justify diverting any of her limited, outnumbered strength to missions of liberation the Star Empire never signed on for. She knows that . . . and she doesn't care. No one is going to send thousands of

patriots to their deaths, trusting in Manticoran help that will never come. Not on Mike Henke's watch. The Mesan Alignment is revealed, and, for Honor Harrington and the Manticoran Star Kingdom, this means war! Unintended Consequences Sometimes things don't work out exactly as planned. The Mesan Alignment has a plan—one it's been working on for centuries. A plan to remake the galaxy and genetically improve the human race—its way. Until recently, things have gone pretty much as scheduled, but then the Alignment hit a minor bump in the road called the Star Empire of Manticore. So the Alignment engineered a war between the Solarian League, the biggest and most formidable interstellar power in human history. To help push things along, the Alignment launched a devastating sneak attack which destroyed the Royal Manticoran Navy's industrial infrastructure. And in order to undercut Manticore's galaxy-wide reputation as a star nation of its word, it launched Operation Janus—a false-flag covert operation to encourage rebellions it knows will fail by promising Manticoran support. The twin purposes are to harden Solarian determination to destroy the Star Empire once and for all, and to devastate the Star

Empire's reputation with the rest of the galaxy. But even the best laid plans can have unintended consequences, and one of those consequences in this case may just be a new dawn of freedom for oppressed star nations everywhere. FIRST TIME IN PAPERBACK! NEW YORK TIMES AND WALL STREET JOURNAL BEST SELLER! As the slavemasters of Mesa plot against the Star Empire of Manticore and the newly liberated slave planet of Torch, Anton Zilwicki and the notorious Havenite secret agent Victor Cachat set off on a dangerous mission to uncover the truth concerning a wave of mysterious assassinations that have been launched against Manticore and Torch. Most people are sure that the Republic of Haven is behind the assassinations, but Zilwicki and Cachat suspect others of being the guilty party. Queen Berry of Torch was one of the targets of the unknown assassins. The former head of the Ballroom slave liberation organization, Jeremy X—now one of Torch's top officials, but still considered by many the most dangerous terrorist in the galaxy—calls in some past favors owed to him. In response, a security officer from Beowulf arrives in Torch to

take charge of Queen Berry's security—a task made doubly difficult by the young monarch's resentment of bodyguards and the security officer's own growing attachment to her. Meanwhile, powerful forces in the Solarian League are maneuvering against each other to gain the upper hand in what they all expect to be an explosive crisis that threatens the very existence of the League itself.

KNOW THY ENEMY For Captain Honor Harrington, it's sometimes hard to know who the enemy really is. Despite political foes, professional jealousies, and the scandal which drove her into exile, she's been offered a chance to reclaim her career as an officer of the Royal Manticoran Navy. But there's a catch. She must assume command of a "squadron" of

jury-rigged armed merchantmen with crew drawn from the dregs of her service and somehow stop the pirates who have taken advantage of the Havenite War to plunder the Star Kingdom's commerce. That would be hard enough, but some of the "pirates" aren't exactly what they seem . . . and neither are some of her "friends," For Honor has been carefully chosen for her mission—by two implacable and powerful enemies. The way they see it, either she stops the raiders or the raiders kill her . . . and either way, they win. Peril and strife strike on a double front for Honor Harrington and company. After a brutal attack on the Manticoran home system, Honor Harrington has rooted out a plan designed to enslave the entire human species. Behind that plan lies the shadowy organization known as the Mesan Alignment. Task number one for Honor is to shut down and secure the wormhole network that is the source of the Star Kingdom's wealth and power—but also its greatest vulnerability. Yet this is an act that the ancient and corrupt Earth-based Solarian League inevitably takes as a declaration of war. The thunder of battle rolls as the Solarian League directs its massive power against the Star Kingdom. And once again, Honor Harrington is thrust into a desperate battle that she must win if she is to survive to take the fight to the real enemy of galactic freedom—the insidious puppetmasters of war who lurk behind the Mesan Alignment! At the publisher's request, this title is sold without DRM (Digital Rights Management). *The Gordian Protocol* Baen Books NEW STANDALONE NOVEL FROM NEW YORK TIMES BEST-SELLING AUTHOR OF THE HONOR HARRINGTON SERIES, DAVID WEBER A Man of Two Worlds Doctor Benjamin Schröder was far from a man of action. In fact, he was a history teacher—Chairman of the Castle Rock University history department—and if his life wasn't perfect, it was close. Until, that is the discussion of his star student Elzbieta Abramowski's dissertation on Operation Oz, the Pacific Allies' invasion of Vladivostok, staged through occupied Japan to meet their Imperial German allies, was brutally interrupted. The psychotic episode that turned his entire world upside down struck with absolutely no warning, and it was more terrifying than anything he should have been able to imagine, leaving him with a complete, incredibly detailed set of false, nightmare memories. Not just of his own life, but of an entire, ghastly world in which Operation Oz had never happened. In which millions of

helpless civilians had been systematically slaughtered in extermination camps that were horrific beyond belief. In which there was still a Soviet Union. In which the Chinese Communists had succeeded, the Korean Peninsula had been permanently divided, thousands of nuclear warheads had spread their deadly threat across the entire Earth, and the Middle East was a festering sore of bloodshed, fanaticism, and terrorism. The knowledge that those false memories had come from somewhere inside his own psyche was terrible, but with the help of Commander Abramowski, a highly decorated Navy fighter pilot who'd been forced to deal with her own PTSD after crippling combat wounds invalidated her out of service, he's put his life back together. With Elzbieta's support, he's learned to deal with the nightmares, to recognize that they are only nightmares that can't—and won't—be permitted to rule his life. Until, that is, a lunatic named Raibert Kaminski knocks on his door one afternoon with an impossible and horrifying story about alternate realities, time travel, temporal knots, and more than a dozen doomed universes which must inevitably die if the temporal storm front rushing towards the distant future isn't stopped. He has to be lying, of course. Or completely insane. But what if he's not a madman after all? What if he's actually telling the truth? That possibility is the most terrifying thing of all. Because if he is, the false memories aren't false after all, and that other world is just as real as the one Schröder has always known. And if that's true, Benjamin Schröder is about to become the greatest mass murderer in human history, because he has to choose. Whether he acts or refuses to act, Benjamin Schröder is the one man who will decide which universe lives and which dies, along with every star system, every galaxy—and every single human being—in it. Including the woman he's discovered he loves more than life itself. At the publisher's request, this title is sold without DRM (Digital Rights Management). About *The Gordian Protocol*: “. . . Well, there was a US Navy carrier group on his southern horizon, but he was a Navy guy himself, so he didn't mind. Then came the UFOs, hurtling in from the Outer Black to overfly the carriers at Mach 17. Their impossible aerobatics were bad enough—but then they started shooting at each other. And at the Navy. With nukes. Little ones at first, but winding up with a 500 megatonner at 90 miles that fried every piece of electronics within line-of-sight.
