bestselling books have established her as the most stylish but accessible designer of children's knits working today. In this book, she returns to her core territory, with a fabulous new collection of new ideas for 0-3 year olds, the key time when knitters pick up their needles and get to work. There are designs for baby blankets, first sweaters and cardigans, bootees and more unusual items, as well as lots of ideas for ultra-wearable, ultra-stylish kit for toddlers. To help even inexperienced knitters create these designs, each pattern includes extra info on the key stitches and techniques required, watchpoints and an estimated degree of difficulty and time required to knit it. All in all, an absolutely must-have collection from the star designer in knitwear today.

The perfect resource for any knitter wanting to reduce their carbon footprint and create wonderful, sustainable projects for their friends and family. This collection of twenty projects from knitting blogger and environmentalist Epipa shows you how to knit more sustainably. With this practical guide you can learn how to make your knitting more environmentally friendly by choosing the most eco-friendly yarns such as bamboo, organic cotton, linen and flax, as well as tips on how to reduce your yarn footprint. Drawing on her childhood experience where she was encouraged by her grandmothers to

reuse, repair, and recycle, Epipa shares all her ideas for living a more sustainable lifestyle while still enjoying the craft of knitting. As well as advice on yarn sourcing and the environmental impact of various different types of yarn, Epipa shares her knitting patterns for a more zero waste lifestyle. There are instructions for how to turn old t-shirts, bed linen and tablecloths into your own cotton yarn and how to restore unravelled yarn from unfinished projects to its former glory rather than laying abandoned in a cupboard. The projects include beautiful, useful and practical things for everyday life such as shopping baskets for the larder, the kitchen and the bathroom as well as rugs and runners and accessories for the bathroom. Choose from knitted tea

towels, dish clothes, and shopping bags so you don't need to buy "disposable" plastic versions. Many of the projects are suitable for beginner knitters, and all the basic knitting instructions are included, but there are also more complicated projects including a knitted top and backpack for those with more experience.
