Love at First Bite St. Martin's Paperbacks
A Irish biker joins up with a sexy cop get to take down a drug ring in this paranormal romance by the New York Times–bestselling author of the Deep Ops series. If you love the Dark Protectors, these wicked hot Realm Enforcers are for you! Alexandra Monzelle is a hard-fighting, heat-packing Seattle vice cop, and she's not much interested in being protected.

Her short skirt and sex-kitten heels are tools to lure her suspects into talking about the deadly new drug hitting the streets. She can take care of herself and then some. Unfortunately, she can't seem to get that through to Kellach Dunne. Kellach is a fresh import from Dublin, and he's landed at the heart of a vicious motorcycle club that deals in guns, narcotics, and mayhem. He's all male, all rough power—and all interference in her damn investigation. Maybe he's one of the good guys. Maybe not. Lex knows an affair with an immortal like him would risk

everything. No matter how delicious he looks... Praise for the Realm Enforcers series "Zanetti gives paranormal a sexy MC twist!"—Joanna Wylde, New York Times–bestselling author on *Wicked Burn* "The steam level will appeal to fans of Christine Feehan and Nalini Singh."—Library Journal on *Wicked Bite* [Invision](#) National Geographic Books Zarek's Point of View: Dark-Hunter: A soulless guardian who stands between mankind and those who would see mankind destroyed. Yeah, right. The only part of that Code of Honor I got was

eternity and solitude. Insanity: A condition many say I suffer from after being alone for so long. But I don't suffer from my insanity-I enjoy every minute of it. Trust: I can't trust anyone...not even myself. The only thing I trust in is my ability to do the wrong thing in any situation and to hurt anyone who gets in my way. Truth: I endured a lifetime as a Roman slave, and 900 years as an exiled Dark-Hunter. Now I'm tired of enduring. I want the truth about what happened the night I was exiled-I have nothing to lose and everything to gain. Astrid (Greek, meaning star): An exceptional woman who can see straight to the truth. Brave and strong, she is a point of light in the darkness. She touches me and I tremble. She smiles and my cold heart shatters. Zarek: They say even the most damned man can be forgiven. I never believed that until the night Astrid opened her door to me and made this feral beast want to be human again. Made me want to love and be loved. But how can an ex-slave whose soul is owned by a Greek goddess ever dream of touching, let alone holding, a fiery star?

Sherrilyn Kenyon returns with *Shadow Fallen*, a brand-new entry in her Dream-Hunter series. For centuries, Ariel has fought the forces of evil. Her task was to protect the souls of innocent mortals when they die. Captured by a powerful sorceress, she is transformed into a human who has no memory of her real life or calling. And is plunked into the middle of the Norman invasion of England. Cursed the moment he was born with a "demonic deformity," Valteri wants nothing of this earth except to depart it and will do his duty to his king until then. When a strange noblewoman is brought before him, Valteri realizes he has met her before...in his dreams. When others come for her, bringing with them preternatural predators, he is faced with a destiny he had no idea was waiting. One he wants no part of. The truth is that Valteri isn't just a knight of William the Conqueror. He is the son of one of the deadliest powers in existence, and if he doesn't restore Ariel to her place, she is not the only one who will be in peril. The world itself hangs in the balance, and he is the necessary key to hold back the powers of evil. But only if he can find a way to work with the woman

who stands for everything in the universe he hates. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

 In the war against vampires, mankind has only one hope: The Dark-Hunters. Ancient warriors who died of brutal betrayal, the Dark-Hunters have sworn themselves into the service of the goddess Artemis to protect us. It's a pact with pretty good perks. Immortality, power, psychic abilities, wealth and a cool wardrobe. But it comes with a few drawbacks: fatal sun poisoning and a new, irreparable dental problem. But aside from the fangs and nocturnal lifestyle, it's not so bad. In this volume, the adventure continues with Talon and Sunshine as they face off against the Greek and Celtic gods bent on making a major comeback.
