The 1962 blockbuster that took on “one of the most absurd (if universal) myths of our time: that every girl must be married” (The New York Times). Helen Gurley Brown, the iconic editor in chief of Cosmopolitan for thirty-two years, is considered one of the most influential figures of Second Wave feminism. Her first book sold millions of copies, became a

cultural phenomenon, and ushered in a whole new way of thinking about work, men, and life. Feisty, fun, and totally frank, *Sex and the Single Girl* offers advice to unmarried women that is as relevant today as it was when it burst onto the scene in the 1960s. This spirited manifesto puts women—and what they want—first. It captures the exuberance, optimism, and independence that have influenced the lives of so many contemporary American women.

"Nisha Sharma's *Dating Dr. Dil* is what

would happen if you put all my favorite romantic comedy tropes into a blender: a frothy, snarky, hilarious treat with a gooey, heartwarming center. The perfect addition to any rom-com lover's shelf."  
—Emily Henry, #1 New York Times bestselling author of *People We Meet on Vacation*  
Nisha Sharma's new romantic comedy features enemies to lovers, a cast of best friends, and a gaggle of aunties determined to make a match. Hi! I'm Kareena Mann. As cheesy as it sounds, I'm looking for my soulmate. In four months. And he must gain the approval of my meddling aunties. Kareena dreams of

having a perfect love story like her parents did. That's why on the morning of her thirtieth birthday, she's decided to suit up and enter the dating arena. When her widowed father announces he's retiring and selling their home after her sister's engagement party, Kareena makes a deal with him. If she can find her soulmate by the date of the party, he'll gift her the house, and she'll be able to keep her mother's legacy alive. Hi, I'm Dr. Prem Verma, host of the Dr. Dil Show. Prem means love, Dil means heart, and I'm a cardiologist. Don't let my name fool you. I only fix broken hearts in the literal sense. Prem doesn't have time for romance, which is why it's no surprise when his first meeting with Kareena goes awry. Their second encounter is worse when their on-air debate about love goes viral. Now Prem's largest community center donor is backing out because Prem's reputation as a heart-health expert is at risk. To get back in his donor's good graces, he needs to fix his image fast, and dating Kareena is his only option. Even though they have warring interests, the more time Prem spends with Kareena, the more he thinks she's might actually be the woman he

wants to spend the rest of his life with. In this Taming of the Shrew re-imagination, for Prem and Kareena to find their happily ever after, they must admit that hate has turned into fate. "Bursting with character, spicy tension and laughs, Dating Dr. Dil is the enemies to lovers dream book!" —Tessa Bailey, New York Times bestselling author of *It Happened One Summer* and *One Indian Girl* Bloomsbury Publishing "About the book In 2014 Karishma Mehta started Humans of Bombay to capture the untold stories of the millions of people living in the maximum city. This book entails a handpicked collection of some of the best stories on the Humans of Bombay Facebook blog as well as several unseen stories. Funny insightful quirky and intimate these stories are sure to make your heart melt."--Provided by publisher. Simon and Schuster Full of wit and delicious observations, Mrs Funnybones captures the life of the modern Indian woman a woman who organizes dinner each evening after having been at work all day, who runs her own life but has to listen to her mummyji, who worries about her weight and the state of the country. Based on Twinkle

Khanna's super-hit column, Mrs Funnybones marks the debut of one of our funniest, most original voices.

"There is a substantive body of research that indicates formative assessment can significantly improve student learning. Yet, this same research shows that the features of formative assessment that impact student achievement are sadly missing from many classrooms (Black, et al., 2003). This book provides teachers with guidance and suggestions for using formative assessment to improve teaching and learning in the mathematics classroom, and identifies and describes practical techniques teachers can use to build a rich repertoire of formative assessment strategies. The acronym, FACT, is used to label the techniques included in this book. FACT stands for Formative Assessment Classroom Technique. Through the varied use of FACTs, explicitly tied to a purpose for gathering information about or promoting students--thinking and learning, teachers can focus on what works best for learning and design or modify lessons to fit the

needs of the students"--

Ramachandra Guha's India after Gandhi is a magisterial account of the pains, struggles, humiliations and glories of the world's largest and least likely democracy. A riveting chronicle of the often brutal conflicts that have rocked a giant nation, and of the extraordinary individuals and institutions who held it together, it established itself as a classic when it was first published in 2007. In the last decade, India has witnessed, among other things, two general elections; the fall of the Congress and the rise of Narendra Modi; a major anti-corruption movement; more violence against women, Dalits, and religious minorities; a wave of prosperity for some but the persistence of poverty for others; comparative peace in Nagaland but greater discontent in Kashmir than ever before. This tenth anniversary edition, updated and expanded, brings the narrative up to the present. Published to

coincide with seventy years of the country's independence, this definitive history of modern India is the work of one of the world's finest scholars at the height of his powers.

India, That Is Bharat, the first book of a comprehensive trilogy, explores the influence of European 'colonial consciousness' (or 'coloniality'), in particular its religious and racial roots, on Bharat as the successor state to the Indic civilisation and the origins of the Indian Constitution. It lays the foundation for its sequels by covering the period between the Age of Discovery, marked by Christopher Columbus' expedition in 1492,

and the reshaping of Bharat through a British-made constitution-the Government of India Act of 1919. This includes international developments leading to the founding of the League of Nations by Western powers that tangibly impacted this journey. Further, this work also traces the origins of seemingly universal constructs such as 'toleration', 'secularism' and 'humanism' to Christian political theology. Their subsequent role in subverting the indigenous Indic consciousness through a secularised and universalised Reformation, that is, constitutionalism, is examined. It also puts forth the concept of Middle Eastern coloniality, which preceded its European variant and allies with it in the context of Bharat to advance their shared antipathy towards the Indic worldview. In order to liberate Bharat's distinctive indigeneity, 'decoloniality' is presented as a civilisational imperative in the spheres of nature, religion, culture, history, education, language and, crucially, in the realm of constitutionalism.

*Life in Spiti* National Geographic Books  
Big Girl Small is a novel for women of all ages; for every girl who is, or was, a teenager. Everybody needs a friend like Judy. She is whip-smart, hilarious, and her story is so real. She's a wonderful singer, full of big dreams for a big future - and she's a dwarf. But why is she hiding out in a seedy motel on the edge of town? Who are her friends? And why can't she face

her family? Big Girl Small is a gut-wrenching teen-tragedy told with laugh-out-loud humour. Every reader will recognise the anxiety of trying to be different, to be the same, to find out who you are and what your hormones are doing, and what you might want to do in the future. Most of us don't really know, and this brave novel shows us that's just fine.

'I was born on a bloody road. The blood was my mother's. My sisters couldn't find a midwife in time. There was no way my mother could get relief from the upper-caste well, and so they tell me, that my sisters ran to some puddles to fill their little mouths up and then ran back to where my mother was almost dying of pain and then spat out some water on her face and the rest down below on mine. That is how I came into this world.'

Someone is disposing of politicians one by one. And the murderer has borrowed from the genius of Agatha Christie. When a local Mumbai politician is found wrapped in a plastic bag behind a park bench, the dashing and capable DIG Ajay Biswas is

told to take over the case. Ajay arrives in Mumbai along with his wife Aparajita and soon discovers he is being misled by his Mumbai compatriots who are determined to save their own skin. Someone is deliberately providing false leads; his presence is not wanted. While in Mumbai, Ajay and Aparajita meet up with their old college friend Akhil Sukumar. Akhil and Aparajita have had a tortuous history, and it appears that the one-time lovers now want nothing more than to let bygones be bygones. Easier said. From the barren lands of rural India to the immaculate lawns of Cambridge, *The Rat Eater* is a book whose uninhibitedness may offend purists as it lays bare a few uncomfortable truths about India-a country entangled in a web of caste, corruption and cover-ups. The privileged flourish at the cost of the oppressed. The price has to be paid, and someone has decided that it needs to be paid in blood.

Desi Land is Shalini Shankar's lively ethnographic account of South Asian American teen culture during the Silicon Valley dot-com boom. Shankar focuses on how South Asian Americans, or "Desis," define and manage what it means to be successful in a place brimming with the promise of technology. Between 1999 and 2001 Shankar spent many months "kickin' it" with Desi teenagers at three Silicon Valley high schools, and she has since followed their lives and stories. The diverse high-school students who populate Desi Land are Muslims, Hindus, Christians, and Sikhs, from South Asia and other locations; they include first- to fourth-generation immigrants whose parents' careers vary from assembly-line workers to engineers and CEOs. By analyzing how

Desi teens' conceptions and realizations of success are influenced by community values, cultural practices, language use, and material culture, she offers a nuanced portrait of diasporic formations in a transforming urban region. Whether discussing instant messaging or arranged marriages, Desi bling or the pressures of the model minority myth, Shankar foregrounds the teens' voices, perspectives, and stories. She investigates how Desi teens interact with dialogue and songs from Bollywood films as well as how they use their heritage language in ways that inform local meanings of ethnicity while they also connect to a broader South Asian diasporic consciousness. She analyzes how teens negotiate rules about dating and reconcile them with their longer-term desire to become adult members of their communities. In Desi Land Shankar not only shows how Desi teens of different socioeconomic backgrounds are differently able to succeed in Silicon Valley schools and economies but also how such variance affects meanings of race, class, and community for South Asian Americans.

From New York Times Best-Selling Author K. Bromberg comes an unforgettable series about lust, love, redemption, and healing... Our paths should never have crossed. Colton Donovan was arrogant, exuded that bad boy vibe, and embodied everything I never wanted. And yet all it took was one night, one hallway, and one stolen kiss for me to know I hated him and desired him instantly. My heart was healing. His soul was damaged. But with one bid, one little boy, and one carnival date, I couldn't walk away and he wouldn't let me in. This is our story. Our fight. Our perfectly imperfect love.

Where do those relegated to the margins find belonging? In her luminous debut

Unbelonging, Gayatri Sethi deftly interweaves verse, memoir, and a bold call to action as she recounts her experience searching for home in the diaspora. Drawing upon her life story as a Tanzanian-born-Punjabi turned American educator and mother of multiracial children, Sethi tells an intimate tale of stepping into her power while confronting misogyny, racism, and empire. Spanning decades and continents- from Partition to the Black Lives Matter movement, Southern Africa to Muscogee Lands- Unbelonging tells urgent truths, inspires critical self-reflection, and emboldens its readers to pursue radical forms of justice, compassion, and solidarity.
