'The mentally ill suffer
unnameable persecutions,
no one knows why. They
assume the role of the
saint in today's society,
since it is presumed that
they, rarefied by their
own madness, do not

suffer like everyone else.'
-- Alda Merini. 'In these
pages, everything that is
touched, even the most
painful theme, is
transformed into poetry.
Every word is a key that
finds organ pipes ready to
amplify and sublimate the
desperation. It's like
finding one's self in front
of a phenomenon of
unconscious lyric power.' -
- Ambrogio Borsani, from
the Afterword.

Striking, inexplicable

stories circulate among
the people of Nuevo León
in northern Mexico.
Stories of conversos
(converted Jews) who fled
the Inquisition in Spain
and became fabulously
wealthy in Mexico. Stories
of women and children
buried in walls and under
houses. Stories of an
entire, secret city hidden
under modern-day
Monterrey. All these
stories have no place or
corroboration in the
official histories of Nuevo

León. In this pioneering ethnography, Marie Theresa Hernández explores how the folktales of Nuevo León encode aspects of Nuevolenese identity that have been lost, repressed, or fetishized in "legitimate" histories of the region. She focuses particularly on stories regarding three groups: the Sephardic Jews said to be the "original" settlers of the region, the "disappeared" indigenous population, and the supposed "barbaric" society that persists in modern Nuevo

León. Hernández's explorations into these stories uncover the region's complicated history, as well as the problematic and often fascinating relationship between history and folklore, between officially accepted "facts" and "fictions" that many Nuevoleneses believe as truth.

Most people outside Italy know Pier Paolo Pasolini for his films, many of which began as literary works—Arabian Nights, The Gospel According to

Matthew, The Decameron, and The Canterbury Tales among them. What most people are not aware of is that he was primarily a poet, publishing nineteen books of poems during his lifetime, as well as a visual artist, novelist, playwright, and journalist. Half a dozen of these books have been excerpted and published in English over the years, but even if one were to read all of those, the wide range of poetic styles and subjects that occupied Pasolini during his lifetime would still elude the

English-language reader. For the first time, Anglophones will now be able to discover the many facets of this singular poet. Avoiding the tactics of the slim, idiosyncratic, and aesthetically or politically motivated volumes currently available in English, Stephen Sartarelli has chosen poems from every period of Pasolini's poetic oeuvre. In doing so, he gives English-language readers a more complete picture of the poet, whose verse ranged from short lyrics to longer poems and

extended sequences, and whose themes ran not only to the moral, spiritual, and social spheres but also to the aesthetic and sexual, for which he is most known in the United States today. This volume shows how central poetry was to Pasolini, no matter what else he was doing in his creative life, and how poetry informed all of his work from the visual arts to his political essays to his films. Pier Paolo Pasolini was "a poet of the cinema," as James Ivory says in the book's

foreword, who "left a trove of words on paper that can live on as the fast-deteriorating images he created on celluloid cannot." This generous selection of poems will be welcomed by poetry lovers and film buffs alike and will be an event in American letters. *Daily Delirium* A&C Black Paz Soldan—leading spokesperson for the McOndo literary movement, which embraces an urban vision of American pop culture in today's Latin America—combines elements of

political thriller and family mystery with a torrid illicit love affair.

This enduring classic of Mexican literature traces the path to ruination of a country girl, Santa, who moves to Mexico City after she is impregnated and abandoned by her lover and subsequently shunned by her family. Once in the city, Santa turns to prostitution and soon gains prominence as Mexico City's most sought-after courtesan. Despite the opportunities

afforded by her success, including the chance to quit prostitution, Santa is propelled by her personal demons toward her ultimate downfall. This evocative novel--justly famous for its vividly detailed depiction of the cityscape and the city's customs, social interactions, and political activities--assumed singular importance in Mexican popular culture after its original publication in 1903. The book inspired Mexico's first "talkie" and several other film adaptations, a

music score, a radio series, a television soap opera, and a pornographic comic book. Naturalist writer Federico Gamboa, who was also a lawyer and politician, reveals much about Mexican mores and culture at the start of the twentieth century and beyond, from expectations regarding gender roles to the myth of the corrupting and decadent city. In describing how Santa is at the mercy of social problems beyond her control, Gamboa provides a rich historical portrayal

of widespread conditions in the years leading to the Mexican Revolution.

Delirium and Destiny New York Review of Books From the acclaimed author of "The Dark Bride" comes a new novella published in a bilingual English/Spanish edition.

Human Rights in Colombian Literature and Cultural

Production Vintage This volume explores how Colombian novelists, artists, performers, activists, musicians, and others seek to enact--to perform, to stage, to

represent--human rights situations that are otherwise enacted discursively, that is, made public or official, in juridical and political realms in which justice often remains an illusory or promised future. In order to probe how cultural production embodies the tensions between the abstract universality of human rights and the materiality of violations on individual human bodies and on determined groups, the volume asks the following questions: How does the

transmission of historical traumas of Colombia's past, through human rights narratives in various forms, inform the debates around the subjects of rights, truth and memory, remembrance and forgetting, and the construction of citizenship through solidarity and collective struggles for justice? What are the different roles taken by cultural products in the interstices among rights, laws, and social justice within different contexts of state violence and

states of exception? What are alternative perspectives, sources, and (micro)histories from Colombia of the creation, evolution, and practice of human rights? How does the human rights discourse interface with notions of environmental justice, especially in the face of global climate change, regional (neo)extractivism, the implementation of megaprojects, and ongoing post-accord thefts and (re)appropriations of land? Through a wide

range of disciplinary lenses, the different chapters explore counter-hegemonic concepts of human rights, decolonial options struggling against oppression and market logic, and alternative discourses of human dignity and emancipation within the pluriverse.

Set in a near-future Bolivia, this “hybrid of cyberpunk and political thrillers [is] sleek, brisk, and clever” (Entertainment Weekly). Set against a backdrop of advancing globalization, this award-winning, “fast-paced” literary thriller puts a cutting-edge digital spin on the age-old fight between the oppressed

and the oppressor (The Miami Herald). The South American town of Río Fugitivo is on the verge of a social revolution—not a revolution of strikes and street riots, but a war waged electronically, in which computer viruses are the weapons and hackers the revolutionaries. In this war of information, the lives of a variety of characters become entangled: Kandinsky, the mythic leader of a group of hackers fighting the government and transnational companies;

Albert, the founder of the Black Chamber, a state security firm charged with deciphering the secret codes used in the information war; and Miguel “Turing” Sáenz, the Black Chamber’s most famous codebreaker, who begins to suspect his work is not as innocent as he once supposed. All converge to create a “propulsive” novel about personal responsibility and complicity in a world defined by the ever-increasing gulfs between the global and the local, government and society,

the virtual and the real (Publishers Weekly, starred review). Turing's *Delirium* "combines the excitement of a political thriller with the intellectual ambition of a literary novel" (San Francisco Chronicle). "If William Gibson were a Bolivian, this might be the kind of novel he'd be writing." —Chicago Tribune

Spanish Study Guide For the National Social Work Exam Harper Collins

"One dizzying vortex, combining colonial history, generational

delusions and psychedelic drug trips. . . . An eerily familiar vision of American madness and decay." —The New York Times Book Review

From award-winning novelist Argentine Betina González, *American Delirium* is a dizzying, luminous English-language debut about an American town overrun by a mysterious hallucinogen and the collision of three unexpected characters through the mayhem. In a small Midwestern city, the deer population starts attacking people. So

Beryl, a feisty senior and ex-hippie with a troubled past, decides to take matters into her own hands, training a squad of fellow retirees to hunt the animals down and to prove to society they're capable of more than playing bingo. At the same time, a group of protesters decides to abandon the "system" and live in the woods, leaving behind the demands of modern life—including their children. Nine-year-old Berenice never thought her mother would join the

dropouts, but she's been gone for several days, leaving only a few clues about her past for Berenice to piece together. Vik, a taxidermist at the natural history museum and an immigrant from the Caribbean, is beginning to see the connections among the dropouts, the deer, and the discord. He's not normally the type to speak up, but when he finds a woman living in his closet, he's forced to get involved. Each of these engrossing characters holds a key to

the city's unraveling—despite living on the margins of society—and just as their lives start to spin out of control, they rescue one another in surprising ways.

 Winner of the 2020 Medici Prize for Foreign Novel
 From the award-winning author of the Man Booker Prize finalist *Like a Fading Shadow*, Antonio Muñoz Molina presents a flâneur-novel tracing the path of a

nameless wanderer as he walks the length of Manhattan, and his mind. De Quincey, Baudelaire, Poe, Joyce, Benjamin, Melville, Lorca, Whitman . . . walkers and city dwellers all, collagists and chroniclers, picking the detritus of their eras off the filthy streets and assembling it into something new, shocking, and beautiful. In *To Walk Alone in the Crowd*, Antonio Muñoz Molina emulates these classic inspirations, following their peregrinations and telling their stories in a

book that is part memoir, part novel, part chronicle of urban wandering. A skilled collagist himself, Muñoz Molina here assembles overheard conversations, subway ads, commercials blazing away on public screens, snatches from books hurriedly packed into bags or shoved under one's arm, mundane anxieties, and the occasional true flash of insight—struggling to announce itself amid this barrage of data—into a poem of contemporary life: an invitation to let

oneself be carried along by the sheer energy of the digital metropolis. A denunciation of the harsh noise of capitalism, of the conversion of everything into either merchandise or garbage (or both), *To Walk Alone in the Crowd* is also a celebration of the beauty and variety of our world, of the ecological and aesthetic gaze that can, even now, recycle waste into art, and provide an opportunity for rebirth.

* National Bestseller and winner of the 2014

International IMPAC Dublin Literary Award * Hailed by Edmund White as "a brilliant new novel" on the cover of the New York Times Book Review * Lauded by Jonathan Franzen, E. L. Doctorow and many others From a global literary star comes a prize-winning tour de force - an intimate portrayal of the drug wars in Colombia. Juan Gabriel Vásquez has been hailed not only as one of South America's greatest literary stars, but also as one of the most acclaimed writers of his generation.

In this gorgeously wrought, award-winning novel, Vásquez confronts the history of his home country, Colombia. In the city of Bogotá, Antonio Yammara reads an article about a hippo that had escaped from a derelict zoo once owned by legendary Colombian drug kingpin Pablo Escobar. The article transports Antonio back to when the war between Escobar's Medellín cartel and government forces played out violently in Colombia's streets and in the skies above. Back then, Antonio

witnessed a friend's murder, an event that haunts him still. As he investigates, he discovers the many ways in which his own life and his friend's family have been shaped by his country's recent violent past. His journey leads him all the way back to the 1960s and a world on the brink of change: a time before narco-trafficking trapped a whole generation in a living nightmare. Vásquez is "one of the most original new voices of Latin American literature," according to Nobel Prize

winner Mario Vargas Llosa, and *The Sound of Things Falling* is his most personal, most contemporary novel to date, a masterpiece that takes his writing—and will take his literary star—even higher.

University of Texas Press
Oblivion is a heartbreaking, exquisitely written memorial to the author's father, Héctor Abad Gómez, whose criticism of the Colombian regime led to his murder by paramilitaries in 1987. Twenty years in the writing, it paints an

unforgettable picture of a man who followed his conscience and paid for it with his life during one of the darkest periods in Latin America's recent history.

A reimagining of Dracula's voyage to England, filled with Gothic imagery and queer desire. It's an ordinary assignment, nothing more. The cargo? Fifty boxes filled with Transylvanian soil. The route? From Varna to Whitby. The *Demeter* has made many trips like this.

The captain has handled dozens of crews. He dreams familiar dreams: to taste the salt on the skin of his men, to run his hands across their chests. He longs for the warmth of a lover he cannot have, fantasizes about flesh and frenzied embraces. All this he's done before, it's routine, a constant, like the tides. Yet there's something different, something wrong. There are odd nightmares, unsettling omens and fear. For there is something in the air, something in the night,

someone stalking the ship. The cult vampire novella by Mexican author José Luis Zárate is available for the first time in English. Translated by David Bowles and with an accompanying essay by noted horror author Poppy Z. Brite, it reveals an unknown corner of Latin American literature.

As Gabriel sets out to discover what lies behind his father's anger, he finds himself undertaking an examination of the guilt and complicity at the heart of Colombian society, as one treacherous act perpetrated in those dark days returns with a vengeance half a century later.
