Limited  
Unsettling Encounters  
radically re-examines  
Emily Carr's achievement  
in representing Native life  
on the Northwest Coast,  
and her goals and  
achievements in  
representing Native

villages and totem poles  
in her paintings and  
writings. Reconstructing a  
neglected body of Carr's  
works that was central in  
shaping her vision and  
career makes possible a  
new assessment of her  
significance as a leading  
figure in the history of  
early twentieth-century  
Modernism. Unsettling  
Encounters includes a  
vivid recreation of the  
rapidly changing historical  
and social circumstances

in which Carr painted and  
wrote. She lived and  
worked in British  
Columbia at a time when  
the growing settler  
population was rapidly  
taking over and  
developing the land and  
its resources. Gerta Moray  
argues that Carr's work  
takes on its full  
significance only when it  
is seen as a conscious  
intervention in settler-  
Native relations. She  
examines the work in

relation to the images of Native peoples that were then being constructed by missionaries and anthropologists and exploited by the promoters of world's fairs and museums. Carr's famous, highly expressive later paintings were based to a great extent on the results of her early experience. At the same time they were a response to new currents in North American culture in the 1920s and 1930s. Moray explores Carr's participation in the Group of Seven's agenda to build

a national culture and her sense of her own position as a woman artist in this masculine arena.

Unsettling Encounters is the definitive study of Carr's "Indian" images, locating them both within the local context of Canadian history and the wider international currents of visual culture. Reading Activities Europa Editions

In his Nautilus Award-winning classic *Touching Spirit Bear*, author Ben Mikaelson delivers a powerful coming-of-age story of a boy who must

overcome the effects that violence has had on his life. After severely injuring Peter Driscoll in an empty parking lot, mischief-maker Cole Matthews is in major trouble. But instead of jail time, Cole is given another option: attend Circle Justice, an alternative program that sends juvenile offenders to a remote Alaskan Island to focus on changing their ways. Desperate to avoid prison, Cole fakes humility and agrees to go. While there, Cole is mauled by a mysterious white bear

and left for dead. Thoughts of his abusive parents, helpless Peter, and his own anger cause him to examine his actions and seek redemption—from the spirit bear that attacked him, from his victims, and, most importantly, from himself. Ben Mikaelson paints a vivid picture of a juvenile offender, examining the roots of his anger without absolving him of responsibility for his actions, and questioning a society in which angry people make victims of their peers and

communities. *Touching Spirit Bear* is a poignant testimonial to the power of a pain that can destroy, or lead to healing. A strong choice for independent reading, sharing in the classroom, homeschooling, and book groups.

Winter Garden University of Washington Press and Ubc Press Raven, the trickster, wants to give people the gift of light. But can he find out where Sky Chief keeps it? And if he does, will he be able to escape without being discovered?

His dream seems impossible, but if anyone can find a way to bring light to the world, wise and clever Raven can! *Leveled Texts: American Indian Tribes of the West* Page Publishing Inc Students need high-quality, purposeful practice to improve reading comprehension. Developed for students in grade 4, *Read and Succeed Comprehension* features high-interest fiction and nonfiction passages that capture their interest, and focused standards-based activities

that provide targeted practice opportunities. This effective full-color resource includes 65 passages, skill practice pages, answer key, and a whiteboard-compatible Teacher Resource CD. This resource is correlated to the Common Core State Standards. 152pp. *Kaleidoscope, Level B* New York Review of Books Contains a collection of 101 reproducible activities and exercises designed to engage students in the writing process, encouraging children to write and talk about a

wide range of text components. Panorama 1 Banana Books "Everybody knows that penguins live at the South Pole and polar bears live at the North Pole. But what would happen if, one day, an adventurous family of penguins took a wrong turn and ended up at the North Pole?"--Back cover. *Raven* Turtleback Panorama: Building Perspective Through Reading is a reading series of high-interest texts that correlate to

academic disciplines, including the arts, science, technology, and history. Each unit contains three thematically-linked reading texts--the first on a person, the second on a related place, and the third on a related concept or event. *Brilliant Activities for Reading Comprehension Year 4* Simon and Schuster Librarians, inservice teachers, and preservice teachers will discover that Reading Comprehension: Books and Strategies for the Elementary

Curriculum provides easy access to a variety of reading comprehension strategies framed in the context of their curriculum content. By including current children's literature on a variety of topics, this book also serves to introduce librarians and teachers to trade books for enhancing their content area curriculum.

Routledge

From the legends of Pacific Northwest Indians, a tale of Thunderbird told in colored woodcuts.

### *The Dishonest Merchant*

Simon & Schuster

“An entertaining tale rich in schadenfreude as bad things happen to a hapless billionaire” (Kirkus Reviews, starred review).

Jay Gladstone was born to privilege. He is a civic leader and a generous philanthropist, as well as the owner of an NBA team. But in today's New York, even a wealthy man's life can spin out of control, no matter the money or influence he possesses. Jay sees himself as a moral man, determined not to repeat

his father's mistakes. He would rather focus on his unstable second marriage and his daughter, Aviva, than worry about questions of race or privilege. However, he moves through a sensitive and aware world: that of Dag Maxwell, the black star forward, and white police officer Russell Plesko, who makes a decision that has resonating consequences—particularly for a DA whose hopes for a future in politics will rest on an explosive prosecution. Set during

Barack Obama’s presidency, this artful novel illuminates contemporary America and does not shy away from questions about our scalding social divide—why is conversation about race so fraught, to what degree is the justice system impartial, and does great wealth inoculate those who have it?—and explores the aftermath of unforgivable errors and the unpredictability of the court of public opinion. “Greenland takes a

Dickensian delight in letting the plot sprawl with parallels, digressions, false leads, and twists.” —Kirkus Reviews (starred review) “A wild and funny page-turner of a novel that grabs you and doesn’t let go.” —Larry David

 Bloomsbury Publishing  
 Long ago in Romania a prince dealt fairly with a lying merchant and an honest peasant.  
*Reading Comprehension Difficulties* Simon and Schuster

Perkins, a former chief economist at a Boston strategic-consulting firm, confesses he was an “economic hit man” for 10 years, helping U.S. intelligence agencies and multinationals cajole and blackmail foreign leaders into serving U.S. foreign policy and awarding lucrative contracts to American business. Poles Apart Berrett-Koehler Publishers  
 When an earthquake hits on their family vacation, can Kyle and his sister survive the following tsunami? The Worst

Vacation Ever! Thirteen-year-old Kyle thought spending a vacation on the Oregon coast with his family would be great. He'd never flown before, and he's never seen the Pacific Ocean. One evening Kyle is left in charge of his younger sister, BeeBee, while his parents attend an adults-only Salesman of the Year dinner on an elegant yacht. Then the earthquake comes—starting a fire in their hotel! As Kyle and BeeBee fight their way out through smoke and

flame, Kyle remembers the sign at the beach that said after an earthquake everyone should go uphill and inland, as far from the ocean as possible. Giant tsunami waves—three or four stories high—can ride in from the sea and engulf anyone who doesn't escape fast enough. Kyle and BeeBee flee uphill as a tsunami crashes over the beach, the hotel, and the town. The giant wave charges straight up the hillside and through the woods where the children are running for their lives. The perfect vacation has

become a nightmare! Somehow Kyle and BeeBee have to outwit nature's fury and save themselves from tsunami terror.

*I am Raven* Pembroke Publishers Limited  
Step into an earlier America to explore 15 different social studies topics ranging from exploring the New World to The Bill of Rights with these engaging texts. *Leveled Texts for Social Studies: Early America* is an award-winning resource designed to help all students grasp

important historical people and events through high-interest social studies material written at four different reading levels ranging from 1.5 to 7.2. Each text is presented in a two-page format and complemented with comprehension questions written at each reading level. Includes a Teacher Resource CD with a modifiable version.

**The Hazards of Good Fortune** Teacher Created Materials

We habitually categorize the world in binary logics

of 'animate' and 'inanimate', 'natural' and 'supernatural', 'self' and 'other', 'authentic' and 'inauthentic'. The *Inbetweenness of Things* rejects such Western classificatory traditions – which tend to categorize objects using bounded notions of period, place and purpose – and argues instead for a paradigm where objects are not one thing or another but a multiplicity of things at once. Adopting an 'object-centred' approach, with contributions from material culture

specialists across various disciplines, the book showcases a series of objects that defy neat classification. In the process, it explores how 'things' mediate and travel between conceptual worlds in diverse cultural, geographic and temporal contexts, and how they embody this mediation and movement in their form. With an impressive range of international authors, each essay grounds explorations of cutting-edge theory in concrete case studies. An

innovative, thought-provoking read for students and researchers in anthropology, archaeology, museum studies and art history which will transform the way readers think about objects.

**Exploding the Reading**

Portland, Or. : Timber Press

The term arthrogyrosis describes a range of congenital contractures that lead to childhood deformities. It encompasses a number of syndromes and sporadic deformities that are rare

individually but collectively are not uncommon. Yet, the existing medical literature on arthrogyrosis is sparse and often confusing. The aim of this book is to provide individuals affected with arthrogyrosis, their families, and health care professionals with a helpful guide to better understand the condition and its therapy. With this goal in mind, the editors have taken great care to ensure that the presentation of complex clinical information is at

once scientifically accurate, patient oriented, and accessible to readers without a medical background. The book is authored primarily by members of the medical staff of the Arthrogyrosis Clinic at Children's Hospital and Medical Center in Seattle, Washington, one of the leading teams in the management of the condition, and will be an invaluable resource for both health care professionals and families of affected individuals. *Escaping the Giant Wave*

New York Review of Books One 200-year-old folk tale, 30 teachers, and 1,000 students. Ride along with literacy guru David Booth as he takes the same story to a wide variety of classrooms, from kindergarten all the way through grade 12, and be amazed by the learning generated. David argues that "it takes two to read a book". He reasons that sharing responses and bouncing ideas off others guides students to deeper thinking, and challenges them to reconsider their

views and increase their understanding. This intriguing book also shows teachers how to help students discover the world outside the text: the origins, connections, place, values, and the different perceptions that readers have. It illustrates ways to transpose that original text into other forms that let students look at the text with different eyes, to ponder what might have been, to challenge what they read, and to add their new learning to the construct of the world. Throughout

the book, authentic student samples and actual transcripts present students experiencing the featured story in a multitude of ways -- from poems and retellings, to visuals and arts, to conversation and blogs -- that will "explode" your definitions of comprehension, response, and engagement, and have you looking at classroom literacy in a whole new way!

Created Materials

The importance of being able to read for meaning should never be underestimated. The ability to decode text is not enough. It is vital that children understand what they are reading. More importantly, it is fundamental that they enjoy what they are reading, so that they grow up to become lifelong readers. The passages in the Brilliant Activities for Reading Comprehension series are designed to do

just that. They provide children with a variety of engaging, enjoyable texts that will grab their attention, and indeed their teacher's attention as well. The types of comprehension passages range from newspaper articles and dialogues, to plays, stories and poems. They gradually increase in difficulty as you progress through the book, and through the series, encouraging children to develop their ability to read for meaning and use a range of strategies to engage with the text.

Tasks range from simple factual recall and vocabulary work to more open-ended questions enabling the reader to provide a more personal response. The cross-curricular activities provide a wealth of ideas for extending the passages further and are ideal for fast-finishers. *Living Pictures* Twinkl Designed to help students who are performing two or more years below their designated grade levels develop the skills they need to read with fluency and understanding.
