HARPER BOWERS

A Belfast Child John Wiley & Sons

A debunking of liberal myths about one of the most bloodthirsty icons of the twentieth century. Hollywood, Madison Avenue, and the mainstream media celebrate Ernesto "Che" Guevara as a saint, a sex symbol, and a selfless martyr. But their ideas about Che—whose face adorns countless T-shirts and posters—are based on the lies of Fidel Castro's murderous dictatorship. Che's hipster fans are classic "useful idiots," the name Stalin gave to foolish Westerners who parroted his lies about communism. And their numbers only increased after a new biopic was released, starring Benicio Del Toro. But as Humberto Fontova reveals in this myth-shattering book, Che was actually a bloodthirsty executioner, a military bumbler, a coward, and a hypocrite. In fact, Che can be called the godfather of modern terrorism. Fontova reveals:

- How he longed to destroy New York City with nuclear missiles.
- How he persecuted gays, blacks, and religious people.
- How he loved material wealth and private luxuries, despite his image as an ascetic.

Are Che fans like Angelina Jolie, Jesse Jackson, Carlos Santana, and Johnny Depp too ignorant to realize they've been duped? Or too anti-American to care?

Remembering Che Macmillan

Fidel Castro is one of the most interesting and controversial personalities of our time - he has become a myth and an icon. He was the first Cuban Caudillo - the man who freed

his country from dependence on the USA and who lead his people to rediscover their national identity and pride. Castro has outlived generations of American presidents and Soviet leaders. He has survived countless assassination attempts by the CIA, the Mafia, and Cubans living in exile. He has become one of the greatest politicians of the 20th Century. His biography, and the history of his country exemplify the tensions between East and West, North and South, rich and poor. As Castro's life draws to a close, the question as to what will become of Cuba is more important than ever. Will Castro open Cuba to economic reform and democratization, or stick to his old slogan socialism or death? In this remarkable, up-to-date reconstruction of Castro's life, Volker Skierka addresses these questions and provides an account of the economic, social, and political history of Cuba since Castro's childhood. He draws on a number of little-known sources, including material from the East German communist archives on Cuba, which were until recently inaccessible. This is an exciting, painstakingly researched, and authoritative account of the life of one of the most extraordinary political figures of our time.

Zen and the Brain Macmillan

Che Guevara is something of a symbol in the West, a representative of Sixties counterculture and the face adorning the T-shirts of a million student radicals. But in the rest of the world he is something else: a charismatic revolutionary who redrew the political map of Latin America and gave hope to those resisting colonialism everywhere. Lucia Alvarez de Toledo comes from the same social milieu as Che Guevara; born and raised

in Buenos Aires, she was at school while he attended university, and then as a journalist she closely followed his meteoric political rise. As a result she is able to put him into context like few others among his biographers, dispelling numerous popular misconceptions and revealing aspects to his life which have been missed before. Based on interviews with Che's family and those who knew him intimately, this is an accessible biography that concentrates on the man rather than the icon. With the political developments in Latin America in the twenty-first century, Guevara's influence can be seen to be even greater than it was during his lifetime.

Che, My Brother John Wiley & Sons
 Memories of Kreisau and the German Resistance is the personal account of Freya von Moltke, a member of the Kreisau Circle, a German resistance group that participated in the attempt to assassinate Hitler on July 20, 1944. Freya's husband, Helmuth von Moltke, was a cofounder of the circle and was executed after the failed assassination attempt. Freya recounts both personal details and sweeping historical events. She describes the resistance work carried out during the meetings of the circle as well as the last days of Kreisau, after many of the members of the resistance were executed for their roles in the failed assassination attempt. When the war ended in 1945, Freya was evacuated from Kreisau, and the von Moltke estate was given to Poland.

Che Samhar Press

The controversial life and career of Ernesto Ché Guevara (1928-1967) has earned the revolutionary leader admirers and detractors across the world. This biography penetrates the myths that have grown up around Guevara since his death. The author carefully analyzes the

Cold War situations in which Guevara lived and fought, and which turned the young medical student into a guerilla and political theoretician. This volume includes interviews with Guevara's first wife, and extensive information on the revolutionary's early years and family life lacking in other biographies. The author also discusses Guevara's actions in Cuba as a leader in the rebel army of Fidel Castro, covering in detail Guevara's military victories, his post-war executions of anti-Castro prisoners, and his criticism of Soviet Communism. This unsparing portrait of Guevara even includes an in-depth examination of his last guerilla campaign in Bolivia.
Internationale Bibliographie der Rezensionen wissenschaftlicher Literatur
 Grove/Atlantic, Inc.

Examines the life of Ernesto "Che" Guevara, who was a trained doctor, writer, military leader and radical activist.

Che Guevara Englewood Cliffs, N.J. : Prentice-Hall

Argentine by birth, Ernesto 'Che' Guevara came to embody the spirit of the Cuban revolution led by Fidel Castro. Guevara spent two years fighting in the sierras of Cuba, and after the revolutionaries' victory became one of the most important members of the government as well as one of Castro's closest and most controversial associates. Also an important writer, Guevara constantly put forward ideas about how to spread anti-imperialist revolution throughout the Caribbean and Latin America. He made a huge contribution to theories about how a socialist society should lead to the emergence of a 'new man' who represented what for him were the humanist values of the Cuban revolution. His later years took him to Africa, in

search of another guerrilla war, and finally to a tragic end in the mountains of Bolivia. Che Guevara was someone who showed few contradictions between his life and his writing, and his example continues to win admirers among new generations anxious to explore ways of changing their world. In this short, accessible biography Nick Caistor explores the life and ideas of an iconic revolutionary.

Sewing Machine Basics Diamond/Charter Viva la revolución! Find out how Che Guevara--a doctor turned communist leader and much more than a face on a T-shirt--ended up paying the ultimate price for his cause. His very image has become associated with a spirit of rebellion, but Ernesto Guevara--known around the world simply as Che--didn't dream of becoming a revolutionary. Author Ellen Labrecque takes readers on a journey through Che's life starting with his childhood in Argentina, to his travels through South and Central America as a young physician, and ending with his final years as a key player in the Cuban revolution. His legacy--as the author of *The Motorcycle Diaries*, a champion of the poor, and a force for change in Cuba--is both personal and political.

Young Che Pen and Sword History On 9 October 1967, Ernesto Che Guevara, Marxist guerrilla leader and hero of the Cuban Revolution, was captured and executed by Bolivian forces. When the Guevara family learned from the front pages that Che was dead, they decided to say nothing. Fifty years on, his younger brother, Juan Martin, breaks the silence to narrate his intimate memories and share with us his views of the character behind one of history's most iconic figures. Juan Martin brings Che back to life, as a caring and protective older brother. Alongside the

many practical jokes and escapades they undertook together, Juan Martin also relates the two extraordinary months he spent with the Comandante in 1959, in Havana, at the epicentre of the Cuban Revolution. He remembers Che as an idealist and adventurer and also as a committed intellectual. And he tells us of their parents - eccentric, cultivated, bohemian - and of their brothers and sisters, all of whom played a part in his political awakening. This unique autobiographical account sheds new light on a figure who continues to be revered as a symbol of revolutionary action and who remains a source of inspiration for many who believe that the struggle for a better world is not in vain.

Miriam's Song Twenty-First Century Books (Tm)

In a tense and riveting narrative, *The ISIS Hostage* details freelance photographer Daniel Rye's 13-month ordeal at the hands of the Islamic State after he was captured in Syria, and the misery inflicted upon him, and 19 other hostages, by their guards. This compelling account also follows Daniel's family and the nerve-wracking negotiations with his kidnappers. It traces their horrifying journey through impossible dilemmas, and offers a rare glimpse into the secret world of the investigation launched to locate and free not only Daniel, but also the American freelance journalist and fellow hostage James Foley. Written with Daniel's full cooperation and based on interviews with former fellow prisoners, jihadists, and key figures who worked behind the scenes to secure his release, *The ISIS Hostage* reveals for the first time the torment suffered by the captives and tells a moving and terrifying story of friendship, torture, and survival.

Che Guevara Childrens Press

Che is the story of the man behind the famous photograph—a richly illustrated biography of the Marxist revolutionary, guerrilla leader, military theorist, and pop icon. Che Guevara was a Marxist revolutionary and an ally of Fidel Castro who became a major figure during the Cuban Revolution. Born into a middle-class family in Rosario, Argentina, he studied medicine, but after seeing terrible poverty in Latin America, he concluded that the only way to change society was through violent rebellion. He then became a champion for worldwide revolution. Since his death, Guevara has become a legendary political figure. His name is often equated with rebellion, revolution, and socialism. Others, however, remember that he could be ruthless and ordered prisoners executed without trial in Cuba. In any case, Guevara's life continues to be a subject of great public interest and has been explored and portrayed in numerous books and films, including *The Motorcycle Diaries*. On October 9, 1967, he was executed by the Bolivian army, his hands were cut off, and preserved in formaldehyde to confirm his identity. After he died, "Che" became an even bigger hero for revolution with *Time* magazine naming him one of the 100 most influential people of the twentieth century and an iconic photograph of him being cited as "the most famous photograph in the world." While Che Guevara documented his life meticulously, this book encapsulates him in one carefully crafted volume.

Guevara, Also Known as Che MIT Press
By the time he was killed in the jungles of Bolivia, where his body was displayed like a deposed Christ, Ernesto "Che" Guevara had become a synonym for revolution everywhere from Cuba to the barricades of Paris. This extraordinary

biography peels aside the veil of the Guevara legend to reveal the charismatic, restless man behind it. Drawing on archival materials from three continents and on interviews with Guevara's family and associates, Castaneda follows Che from his childhood in the Argentine middle class through the years of pilgrimage that turned him into a committed revolutionary. He examines Guevara's complex relationship with Fidel Castro, and analyzes the flaws of character that compelled him to leave Cuba and expend his energies, and ultimately his life, in quixotic adventures in the Congo and Bolivia. A masterpiece of scholarship, *Companero* is the definitive portrait of a figure who continues to fascinate and inspire the world over.

Che Simon and Schuster

In writing this portrait of Che Guevara, the author was given access to Che's family and friends.

Che Guevara Infobase Learning

This book takes the mystery out of the sewing machine, holding first-time stitchers by the hand and showing the easiest ways to get the most from their machine. This book takes the mystery out of the sewing machine, holding first-time stitchers by the hand and showing the easiest ways to get the most from their machine. In the climate of "make do and mend," sales of sewing machines have soared, but many are only accompanied by a difficult-to-understand technical manual. Here, Jane Bolsover provides a comprehensive guide for beginners. Starting with an essential overview of the sewing machine, learn how to thread it and wind bobbins, why tension is important, and which needles to choose. There's information on the basic sewing kit you will need, plus advice on which fabrics to choose and

how to cut out. The chapters then build into a complete sewing course, and at the end of each chapter is a simple project to consolidate the skills you have just mastered. The projects include items for the home, including a cushion cover and a lampshade, stylish accessories, such as bags and scarves, plus great clothing basics, such as an A-line skirt and a simple shift dress. Also included at the back of the book are two full-size pull-out paper pattern sections.

Savage Shadows Oneworld

Acclaimed around the world and a national best-seller, this is the definitive work on Che Guevara, the dashing rebel whose epic dream was to end poverty and injustice in Latin America and the developing world through armed revolution. Jon Lee Anderson's biography traces Che's extraordinary life, from his comfortable Argentine upbringing to the battlefields of the Cuban revolution, from the halls of power in Castro's government to his failed campaign in the Congo and assassination in the Bolivian jungle. Anderson has had unprecedented access to the personal archives maintained by Guevara's widow and carefully guarded Cuban government documents. He has conducted extensive interviews with Che's comrades—some of whom speak here for the first time—and with the CIA men and Bolivian officers who hunted him down. Anderson broke the story of where Guevara's body was buried, which led to the exhumation and state burial of the bones. Many of the details of Che's life have long been cloaked in secrecy and intrigue. Meticulously researched and full of exclusive information, Che Guevara illuminates as never before this mythic figure who embodied the high-water mark of revolutionary communism as a force in history.

Che Guevara Bloomsbury Publishing
Che Guevara's widow remembers a great revolutionary romance tragically cut short by Che's assassination in Bolivia. When Aleida March first met Che Guevara, she was a twenty-year-old combatant from the provinces of Cuba, he an already legendary revolutionary and larger-than-life leader. And yet there was another, more human side to Che, one Aleida was given special access to, first as his trusted compañera and later as the love of his life. With great immediacy and poignancy, Aleida recounts the story of their epic romance—their fitful courtship against the backdrop of the Cuban revolutionary war, their marriage at the war's end and the birth of their four children, up through Che's tragic assassination in Bolivia less than ten years later. Featuring excerpts from their letters, nearly one hundred never-before-seen photographs from their private collection, and a moving short story Che wrote for Aleida, here is an intimate look at the man behind the legend and the tenacious, courageous woman who knew him best—a story of passionate love, wrenching sacrifice, and unwavering heroism.

Cold War Navy SEAL Simon and Schuster

Although Che Guevara was murdered almost sixty years ago, the famous red-and-black image of him is still widely seen around the world: at leftist political demonstrations and, ironically - given his strong opposition to capitalism - on many commercial products. However, he was a controversial figure during his lifetime - and remains so today. On both the political left and the political right, attitudes to him vary widely: while some see him as a romantic, highly-principled and legendary fighter for the world's

poor and exploited masses, others depict him either as an unrealistic and thus irrelevant adventurer, or even as a ruthless and cold-blooded butcher. Consequently, biographies about him over the decades have ranged from the overly sympathetic, to the extremely hostile. As well as covering aspects of his family life and his loves - and his early, sometimes less-than-revolutionary, attitudes - this biography, as expected, deals with those areas for which Che is best known. These include his adventurous explorations, as a young man on a motorbike, of Latin and Central America; his leadership and bravery during Cuba's Revolutionary War; his practical and theoretical contributions to the conduct of guerrilla warfare; and his emergence as an international revolutionary legend who inspired radical young people in the 1960s, and who continues to inspire rebellious people around the world today. However, this biography also explores other aspects of Che's life which are not so well-known. From an early age, he developed a keen love of reading, covering an eclectic mix of adventure stories, poetry, history and philosophy - and, from his teens, he began a lifetime habit of making notes on what he read. He also became a strong chess player, able enough to draw with one of the world's leading grandmasters. Even during guerrilla campaigns, he managed to maintain those loves. Since his murder, he has emerged as an original contributor to Marxist economics and philosophy. It was his wide-ranging studies that led him to become an outspoken opponent of the 'orthodox' communism followed in the Soviet Union - and of its Cold War foreign policy of 'peaceful coexistence'. His tolerance of, and willingness to work with, those

having different views saw him accused of Maoism - and even Trotskyism. More accurately, Che has bequeathed the unique strand of revolutionary socialism known as 'Guevarism'.

My Fight for Irish Freedom Seven Stories Press

John Chambers was brought up on Belfast's notorious Loyalist Glencairn estate, during the height of the Troubles. From an early age he witnessed violence, hatred and horror as Northern Ireland tore itself apart in civil strife. Kneecapping, brutal murders, and even public tarring-and-feathering were simply a fact of life for the children on the estate. He thought he knew which side he was on, but although raised as a Loyalist, he was hiding a troubling secret: that his disappeared mother - whom he'd always been told was dead - was a Roman Catholic, 'the enemy'. In a memoir of rare power, John explores the dark heart of Northern Irish sectarianism in the seventies and eighties. With searing honesty and native Belfast wit, he describes the light and darkness of his unique childhood, and his teenage journey through mod culture and ultra-Loyalism, before an escape from Belfast to London - where, still haunted by the shadow of his fractured family history - he began a turbulent and hedonistic adulthood. *A Belfast Child* is a tale of divided loyalties, dark secrets and the scars left by hatred and violence on a proud city - but also a story of hope, healing and ultimate redemption for a family caught in the rising tide of the Troubles.

Ernesto "Che" Guevara Vintage

This concise biography of the world famous revolutionary Che Guevara provides the most up-to-date and comprehensive account available of his remarkable life, tragic death, and

enduring political legacy. Che Guevara is one of the most controversial and iconic figures in recent memory and is still a hero to many. *Che Guevara: A Biography* provides a balanced and engaging introduction to the famous revolutionary leader. Based on original research, the biography reveals how Che's early life prepared him for leadership in the Cuban Revolution. It also explores his revolutionary activities in Africa and Bolivia, as well as the circumstances surrounding his tragic death on October 9, 1967. More than just a record of events, the book cogently examines Che's contributions to the theory and tactics of guerrilla warfare, his ideas about imperialism and socialism, and his enduring political legacy. It includes original information on the 1997

discovery of the hidden remains of his body and on the celebration of his life and ideals by the socialist regime in Cuba. And it looks at the reasons why leftist political leaders, movements, and governments in Latin America and the Caribbean still pay homage to this charismatic man.

Compañero Bloomsbury Publishing USA
Eileen Ross, a blind woman, was alone in her apartment when a man broke in and raped her. He fled after nearly three hours, certain he would never be identified. But she reached beyond her fear to provide police with vital clues that led to the rapist's capture and conviction. The dramatic, true story of a gritty, gutsy woman (*Atlanta Journal & Constitution*). Previous publisher: New Horizon.
