Accidentally Wes Anderson Simon and Schuster

Wes Anderson's beloved films announce themselves through a singular aesthetic - one that seems too vivid, unique, and meticulously constructed to possibly be real. Not so - in *Accidentally Wes Anderson*, Wally Koval collects the world's most Anderson-like sites in all their faded grandeur and pop-pastel colours, telling the story behind each stranger than-fiction-location. Based on the viral online phenomenon and community of the same name, *Accidentally Wes Anderson* celebrates the unique aesthetic that millions of Anderson fans love - capturing the symmetrical, the atypical, the unexpected, the vibrantly patterned, and distinctively coloured in arresting photographs from around the world. Authorised by Wes Anderson himself, and appealing to the millions who love his films, this book is also for fans of *Cabin Porn* and *Van Life* - and avid travellers and aspiring adventurers of all kinds.

**The Dumb Waiter** Henry Holt and Company

It wasn't until her fifth daring rescue at sea in 1869 that the world discovered the remarkable Ida Lewis, tender of the Lime Rock lighthouse off the coast of Newport, Rhode Island. Hailed for her lifesaving efforts by President Ulysses S. Grant, Admiral Dewey, Susan B. Anthony, and other luminaries of the day, Lewis was the first person awarded a Congressional medal for her years of bravery and extraordinary heroism. Weaving thrilling nautical adventures with tales of other female lighthouse keepers, this compelling biography opens a fascinating and previously unexplored chapter in the history of American women.

The Two Gentlemen of Verona Fodor's Travel Publications

The Captain: Isaac "Kip" Dustan, a well-respected mariner whose

adventures were frequently recounted in the mid-1800s New York newspapers... The Missionary: Rev. Benjamin C.C. Parker of the Young Men's Church Missionary Society of the City of New York... The Bell from the Atlantic: Contains a history that spans more than one and a half centuries... On Wednesday, November 25, 1846, the steamer Atlantic left Allyn Point headed for New London, Connecticut. Less than an hour later, a steam pipe exploded, disabling the engine and leaving the Atlantic at the mercy of the winds and seas as it dragged anchor across a tempestuous Long Island Sound towards a rocky reef off Fishers Island. This true story follows the events of the twenty-seven hours following the explosion as well as the harrowing stories of many of the passengers that sailed aboard the Atlantic that fateful night. So much of life is about connections, seemingly chance meetings, lives intersecting with others, and encounters that could be luck, fate, coincidence, or faith. The wreck of the steamship Atlantic links the captain of that ill-fated ship to the missionary of the Young Men's Church Missionary Society of the City of New York and the bell from that ship, creating ripples that are still felt today.

**Ireland's Lighthouses** Covenant Books, Inc.

Tells the true story of the unique human-animal friendship between Harry Goodridge and Andre, the harbor seal who was as comfortable in Goodridge's home as he was in Penobscot Bay. Andre swims with Harry and rides happily in the back seat of Harry's car. He quickly picked up tricks—perhaps the first time a wild animal has been trained in a free-release situation. He became Rockport, Maine's honorary harbor master and was ranked "second only to Andrew Wyeth as the state's most acclaimed summer resident." Year after year, Andre swam south in the winter, only to return again to Harry the next spring. It's a timeless and iconic Maine story.

**MARK ISLAND Lighthouse Diaries** Running Press

This guidebook explores the Camiño dos Faros (the Way of the Lighthouses), a 200km hike around the remote northwest corner of Spain. Starting in the old whaling town of Malpica and ending in Fisterra (Spain's Land's End), the eight day hike along the Costa da Morte follows a path that sticks limpet-like to the Atlantic coast. It's a spectacular walk along dramatic cliffs and around deep, verdant river estuaries, exploring the rich Galician culture and history. With stages between 18 and 29km per day, this is a hike suitable for walkers willing to undertake reasonably long days and the occasional scramble up and down beach paths. The guide provides in-depth descriptions of the route alongside clear mapping to aid navigation. It includes practical information for both before and during your trip, and details about wildlife and historic sites along the walk. In the back of the guide are a series of appendices listing accommodation, main Galician festivals, and useful contacts. The Camiño dos Faros follows the wild coast of the Costa da Morte, which is battered by storms racing in from the Atlantic. For shipping it is one of the world's most dangerous coastlines and its ominous name meaning 'the coast of death' is well deserved. 'Dos Faros' refers to a series of beautifully located lighthouses that attempt to warn sailors of the perils that await them. The sea has shaped the landscape and the Galician culture, and the locally caught seafood including razor clams and percebes should not be missed.
