"Gold!" Jason shouted at
the top of his lungs. "Read
all about it! Gold
discovered in Alaska!"
Within hours of hearing
the thrilling news, fifteen-
year-old Jason Hawthorn
jumps a train for Seattle,
stow away on a ship

bound for the goldfields,
and joins thousands of
fellow prospectors
attempting the difficult
journey to the Klondike.
The Dead Horse Trail, the
infamous Chilkott Pass,
and a five-hundred-mile
trip by canoe down the
Yukon River lie ahead.
With help from a young
writer named Jack
London, Jason and his dog

face moose, bears, and the terrors of a subarctic winter in this bone-chilling survival story. 00-01 Tayshas High School Reading List, 01-02 Young Hoosier Book Award Masterlist (Gr 4-6), 01-02 Young Hoosier Book Award Masterlist (Gr 6-8), 01-02 William Allen White Children's Book Award Masterlist, and 01 Heartland Award for Excellence in YA Lit Finalist Notable Children's Trade Books in the Field of Social Studies 2000, National Council for SS & Child. Book Council, 2000

Best Books for Young Adults (ALA), and 2000 Quick Picks for Young Adults (Recomm. Books for Reluctant Young Readers) *The Book of Jack London* Macmillan There are between 4,000 and 6,000 languages remaining in the world and the characteristics of these languages vary widely. How could an infant born today master any language in the world, regardless of the language's characteristics? Shelia M. Kennison answers this

question through a comprehensive introduction to language development, taking a unique perspective that spans the period before birth through old age. *Introduction to Language Development* offers in-depth discussions on key topics, including: the biological basis of language, perceptual development, grammatical development, development of lexical knowledge, social aspects of language, bilingualism, the effect of language on

thought, cognitive processing in language production and comprehension, language-related delays and disorders, and language late in life.

A History of Appalachia

University Press of Kentucky

"A Source Book of Australian History" is a concise full history of Australia from the discovery of Tasmania to the National Australian Convention and the establishment of the Commonwealth of Australia. The book was

aimed at students interested in learning the subject. Each chapter has a short synopsis at the beginning to better comprehend the subject.

The American Journey
Bloomsbury Publishing USA

Richard Drake has skillfully woven together the various strands of the Appalachian experience into a sweeping whole. Touching upon folk traditions, health care, the environment, higher education, the role of blacks and women, and much more, Drake offers

a compelling social history of a unique American region. The Appalachian region, extending from Alabama in the South up to the Allegheny highlands of Pennsylvania, has historically been characterized by its largely rural populations, rich natural resources that have fueled industry in other parts of the country, and the strong and wild, undeveloped land. The rugged geography of the region allowed Native American societies, especially the Cherokee,

to flourish. Early white settlers tended to favor a self-sufficient approach to farming, contrary to the land grabbing and plantation building going on elsewhere in the South. The growth of a market economy and competition from other agricultural areas of the country sparked an economic decline of the region's rural population at least as early as 1830. The Civil War and the sometimes hostile legislation of Reconstruction made life even more difficult for

rural Appalachians. Recent history of the region is marked by the corporate exploitation of resources. Regional oil, gas, and coal had attracted some industry even before the Civil War, but the postwar years saw an immense expansion of American industry, nearly all of which relied heavily on Appalachian fossil fuels, particularly coal. What was initially a boon to the region eventually brought financial disaster to many mountain people as unsafe working conditions and strip

mining ravaged the land and its inhabitants. A History of Appalachia also examines pockets of urbanization in Appalachia. Chemical, textile, and other industries have encouraged the development of urban areas. At the same time, radio, television, and the internet provide residents direct links to cultures from all over the world. The author looks at the process of urbanization as it belies commonly held notions about the region's rural character.

The American Journey

Toronto, William Briggs
This highly visual survey of American history introduces students to the key features of American political, social, and economic history in an exciting format designed to ignite students passion to know history. "The

American Journey, ""Brief Edition "provides students with the most help available in reading, thinking, and applying the material they are learning in the text and in lecture. A series of pedagogical aids, in text and out of class study companions, as well as complete instructor presentational and assessment support make this text the perfect choice for those looking to make history come alive for their students. The path that led the authors to "The American Journey "began in the classroom

with their students. The goal of this text is to make American history accessible to students. The key to that goal--the core of the book--is a strong, clear narrative and a positive theme of The American "Journey." American history is a compelling story that the authors tell in an engaging, forthright way, while providing students with an abundance of tools to help them absorb that story and put it into context. This text combines political and social history, to fit the

experience of particular groups into the broader perspective of the American past, to give voice to minor and major players alike, because the history of America is in the stories of its people.

Mad Rush for Gold in Frozen North Prentice Hall

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Explore the history of America through personal and

collective journeys. Offering a blend of political and social histories, THE AMERICAN JOURNEY shows that our attempt to live up to our American ideals is an ongoing journey--one that has become increasingly more inclusive of different groups and ideas. With a goal of making American history accessible, the authors offer a strong, clear narrative and provide the reader with the tools they need to understand history. *The Three Just Men* New Press, The

Tarzan the Magnificent
 Edgar Rice Burroughs -
 The bones of a dead man,
 a black runner still
 clutching a cleft stick
 containing a
 message...Tarzan, mighty
 man of the forest, finds it
 and learns of the captivity
 of a white man and his
 beautiful daughter.
 Courageously going to
 their rescue, Tarzan finds
 they are in the hands of
 the Kaji, a mysterious
 tribe of warrior women
 who will mate only with
 white men. Thus begins
 Tarzan's most fantastic
 adventure, one that will

keep you on the edge of
 your seat in excitement.
 Tarzan encounters a lost
 race with uncanny mental
 powers, after which he
 revisits the lost cities of
 Cathne and Athne,
 previously encountered in
 the earlier novel Tarzan
 and the City of Gold. As
 usual, he is backed up by
 Chief Muviro and his
 faithful Waziri warriors.
The American Journey
 New Press, The
 Two hard-luck drifters and
 a grizzled prospector seek
 gold in the mountains in
 Mexico. They start off as
 friends, but after they

discover the lode the
 greed and paranoia set in.
The History of the
Northern Interior of British
Columbia Prentice Hall
 “Does for the Civil War
 period what Howard
 Zinn’s A People’s History
 of the United States did
 for the study of American
 history in general.”
 —Library Journal Historian
 David Williams has written
 the first account of the
 American Civil War as
 viewed through the eyes of
 ordinary people—foot
 soldiers, slaves, women,
 prisoners of war, draft
 resisters, Native

Americans, and others. Richly illustrated with little-known anecdotes and firsthand testimony, this path-breaking narrative moves beyond presidents and generals to tell a new and powerful story about America's most destructive conflict. *A People's History of the Civil War* is a "readable social history" that "sheds fascinating light" on this crucial period. In so doing, it recovers the long-overlooked perspectives and forgotten voices of one of the defining chapters of American

history (Publishers Weekly). "Meticulously researched and persuasively argued." —The Atlanta Journal-Constitution
The American Journey
Phoemixx Classics Ebooks
First published ten years ago, award-winning historian Ray Raphael's *Founding Myths* has since established itself as a landmark of historical myth-busting. With the author's trademark wit and flair, *Founding Myths* exposes the errors and inventions in America's most cherished tales,

from Paul Revere's famous ride to Patrick Henry's "Liberty or Death" speech. For the seventy thousand readers who have been captivated by Raphael's eye-opening accounts, history has never been the same. In this revised tenth-anniversary edition, Raphael revisits the original myths and explores their further evolution over the past decade, uncovering new stories and peeling back additional layers of misinformation. This new edition also examines the

highly politicized debates over America's past, as well as how school textbooks and popular histories often reinforce rather than correct historical mistakes. A book that "explores the truth behind the stories of the making of our nation" (National Public Radio), this revised edition of *Founding Myths* will be a welcome resource for anyone seeking to separate historical fact from fiction.

Prentice Hall

Revised and updated, this

15th anniversary edition of the #1 New York Times bestseller salutes America's true and proud history. Fifteen years ago, Professors Larry Schweikart and Michael Allen set out to correct the doctrinaire biases that had distorted the way America's past is taught – and they succeeded. *A Patriot's History of the United States* is the definitive objective history of our country, presented honestly and fairly. Schweikart and Allen don't ignore America's mistakes through the

years. Instead, they put them back in the proper perspective, celebrating the strengths of the men and women who cleared the wilderness, abolished slavery, and rid the world of fascism and communism. Now in this revised fifteenth-anniversary edition, a new generation of readers will learn the truth about America's discovery, founding, and advancement, from Columbus's voyage to Trump's promise to "Make America Great Again."
La Misère Du Monde

SAGE Publications

An impressive set of books on the Industrial Revolution, these comprehensive volumes cover the history of steam shipping, iron and steel production, and railroads—three interrelated enterprises that helped shift the Industrial Revolution into overdrive. The first set of volumes in ABC-CLIO's breakthrough Industrial Revolution in America series features separate histories of three closely related industries whose maturation fueled the

Industrial Revolution in the United States during the late 19th and 20th centuries, fundamentally changing the way Americans lived their lives. With this set, students will learn how the steamship—the first great American contribution to the world's technology—helped turn the nation's waterways into a forerunner of our superhighways; how the Andrew Carnegie-led American steel industry surpassed its British rivals, marking a momentous power shift

among industrialized nations; and how the railroads, spurred by some of the United States's most dynamic entrepreneurs (Cornelius Vanderbilt, John Pierpont Morgan, Jay Gould), moved from a single transcontinental link to become the most influential and far-reaching technological innovation of the Industrial Age, extending into virtually every facet of American culture and commerce.

The American Journey
Pearson

For U.S. History survey courses Frame American history through personal and collective journeys. The American Journey: A History of the United States traces the journeys — geographical, ideological, political, and social — that make up the American experience. Harnessing the stories of individuals from different eras, the authors present a strong, clear narrative that makes American history accessible to students. Offering a blend of political and social histories, the Eighth

Edition continues to show that our attempt to live up to our American ideals is an ongoing journey — one that has become increasingly more inclusive of different groups and ideas. Also available with MyHistoryLab® MyHistoryLab for the U.S. History survey course extends learning online to engage students and improve results. Media resources with assignments bring concepts to life, and offer students opportunities to practice applying what

they've learned. Please note: this version of MyHistoryLab does not include an eText. The American Journey: A History of the United States, Eighth Edition is also available via REVEL™, an interactive learning environment that enables students to read, practice, and study in one continuous experience. Note: You are purchasing a standalone product; MyLab™ & Mastering™ does not come packaged with this content. Students, if interested in purchasing this title with

MyLab & Mastering, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information. job; the story of a trade unionist who finds his goals undermined by the changing nature of work; the story of a family from Algeria living in a housing estate in the outskirts of Paris whose members have to cope with pervasive, everyday forms of racism; the story of a school teacher confronted with urban violence; and many others as well. Reading these stories enables one to understand these people's lives and the forms of social suffering which are part of them. And the

reader will see that this book offers not only a distinctive method for analysing social life, but also another way of practising politics. Jason's Gold Pearson Higher Ed
Written in a clear, engaging style with a straightforward chronological organization, The American Journey introduces readers to the key features of American political, social, and economic history. This new edition focuses more closely on the

theme of the American journey, showing that our attempt to live up to and with our ideals is an ongoing process that has become ever more inclusive of different groups and ideas. Covering the period of Reconstruction after the Civil War to the present, and including the events of 9/11/2001, prominent coverage is given to politics, religion and the Great Wars. Hundreds of maps, graphs, and illustrations help readers absorb history and bring it to

life. For those interested in a comprehensive study of post-Civil War U.S. history that is presented in a flowing, lively narrative. Youth's Companion DigiCat
