WALSH FARLEY

Emotional Grit Penguin Random House India Private Limited
 A profound truth of the wild, and the world at large, is that we are a part of it, not owners of it. Is there any animal we love and hate as much as the Royal Bengal Tiger? Tigers are feared and poached, but they also endure, becoming pin-ups for candlelight marches. Indian elephants are trapped by railway lines and fences, but are reclaiming their bodies and colonizing new areas in central India. And in our dirty cities, the sparkling Plain Tiger Butterfly flourishes as one of our last links to wildlife. Wild animals exist beyond our control. They are harmless, only occasionally dangerous. They live with us, or in spite of us. Those who know them understand that wild animals require acceptance for what they are, not enslavement for what we want them to be. In this book, we meet fifteen iconic Indian species in need of conservation and heart. The author explores what these creatures need, and how they exert agency and decision-making. With an equal emphasis on human and animal, science and skilled prose, *Wild and Wilful* reveals the magic of the wild in our daily lives. It will take you from fear to wonder.

Sex and the Single Girl HarperCollins

An illustrated highlight reel of more than 100 women in rap who have helped shape the genre and eschewed gender norms in the process *The Motherlode* highlights more than 100 women who have shaped the power, scope, and reach of rap music, including pioneers like Roxanne Shanté, game changers like Lauryn Hill and Missy Elliott, and current reigning queens like Nicki Minaj, Cardi B, and Lizzo—as well as everyone who came before, after, and in between. Some of these women were respected but not widely celebrated. Some are impossible not to know. Some of these women have stood on their own; others were forced into templates, compelled to stand beside men in big rap crews. Some have been trapped in a strange critical space between respected MC and object. They are characters, caricatures, lyricists, at times both feminine and explicit. This book profiles each of these women, their musical and career breakthroughs, and the ways in which they each helped change the culture of rap.

"The Vanderpump Rules provocateur opens up about her rocky road to fame and sobriety in this collection of humorous and

brutally honest essays"--

The Christmas Princess Om Books International

The Christmas Princess is an unforgettable holiday classic tale, told by Mariah Carey herself alongside Michaela Angela Davis and featuring beautiful illustrations by Fuuji Takashi. The Queen of Christmas introduces . . . Little Mariah! There was one time unlike any other, when everyone pitched in and helped one another . . . CHRISTMAS TIME! Mariah Carey, adored by fans around the world, has brought forth a unique, heartwarming, and modern fairy tale with *The Christmas Princess*, starring Little Mariah! Like her record-breaking, globally adored song "All I Want for Christmas Is You," this story is an instant and inclusive family holiday classic. While firmly placed in the tradition of Christmas storytelling, *The Christmas Princess* is infused with her one-of-a-kind festive Mariah magic and musicality. Little Mariah doesn't have much and doesn't want a lot, but there is just one thing she longs for: a peaceful and joyous holiday season. Feeling outcast and alone, Little Mariah sets off on a wintry, wondrous journey, ultimately discovering the healing power of her voice to spread the spirit of Christmas at home and all around the world.

The Sun and Her Flowers Duke University Press

NEW YORK TIMES BEST SELLER • Sharon Stone tells her own story: a journey of healing, love, and purpose. • "Not your typical Hollywood autobiography. Brutally honest, restless and questing." —O, The Oprah Magazine Sharon Stone, one of the most renowned actresses in the world, suffered a massive stroke that cost her not only her health, but her career, family, fortune, and global fame. In *The Beauty of Living Twice*, Stone chronicles her efforts to rebuild her life and writes about her slow road back to wholeness and health. In a business that doesn't accept failure, in a world where too many voices are silenced, Stone found the power to return, the courage to speak up, and the will to make a difference in the lives of men, women, and children around the globe. Over the course of these intimate pages, as candid as a personal conversation, Stone talks about her pivotal roles, her life-changing friendships, her worst disappointments, and her greatest accomplishments. She reveals how she went from a childhood of trauma and violence to a career in an industry that in

many ways echoed those same assaults, under cover of money and glamour. She describes the strength and meaning she found in her children, and in her humanitarian efforts. And ultimately, she shares how she fought her way back to find not only her truth, but her family's reconciliation and love. Stone made headlines not just for her beauty and her talent, but for her candor and her refusal to "play nice," and it's those same qualities that make this memoir so powerful. *The Beauty of Living Twice* is a book for the wounded and a book for the survivors; it's a celebration of women's strength and resilience, a reckoning, and a call to activism. It is proof that it's never too late to raise your voice and speak out.

A New English-Hindustani Dictionary Vintage

In *Listening to Images* Tina M. Campt explores a way of listening closely to photography, engaging with lost archives of historically dismissed photographs of black subjects taken throughout the black diaspora. Engaging with photographs through sound, Campt looks beyond what one usually sees and attunes her senses to the other affective frequencies through which these photographs register. She hears in these photos—which range from late nineteenth-century ethnographic photographs of rural African women and photographs taken in an early twentieth-century Cape Town prison to postwar passport photographs in Birmingham, England and 1960s mug shots of the Freedom Riders—a quiet intensity and quotidian practices of refusal. Originally intended to dehumanize, police, and restrict their subjects, these photographs convey the softly buzzing tension of colonialism, the low hum of resistance and subversion, and the anticipation and performance of a future that has yet to happen. Engaging with discourses of fugitivity, black futurity, and black feminist theory, Campt takes these tools of colonialism and repurposes them, hearing and sharing their moments of refusal, rupture, and imagination.

Open Book Andrews McMeel Publishing

New York Times bestseller! In *The Memory Librarian: And Other Stories of Dirty Computer*, singer-songwriter, actor, fashion icon, futurist, and worldwide superstar Janelle Monáe brings to the written page the Afrofuturistic world of one of her critically acclaimed albums, exploring how different threads of liberation—queerness, race, gender plurality, and love—become tangled with future possibilities of memory and time in such a

totalitarian landscape...and what the costs might be when trying to unravel and weave them into freedoms. Whoever controls our memories controls the future. Janelle Monáe and an incredible array of talented collaborators have crafted a collection of tales comprising the bold vision and powerful themes that have made Monáe such a compelling and celebrated storyteller. Dirty Computer introduced a world in which thoughts—as a means of self-conception—could be controlled or erased by a select few. And whether you were human, AI, or other, your life and sentience were dictated by those who'd convinced themselves they had the right to decide your fate. That was until Jane 57821 decided to remember and break free. Expanding from that mythos, these stories fully explore what it's like to live in such a totalitarian society . . . and what it takes to get out of it. Building off the tradition of speculative fiction writers such as Octavia E. Butler, Ted Chiang, Becky Chambers, and Nnedi Okorafor—and filled with powerful themes and Monáe's emblematic artistic vision—The Memory Librarian serves to readers tales that dissect the human trials of identity expression, technology, and love, reaching through to the worlds of memory and time, and the stakes and power that pulse there.

[The Teen Years Explained](#) National Geographic Books

The #1 New York Times Bestseller Jessica reveals for the first time her inner monologue and most intimate struggles. Guided by the journals she's kept since age fifteen, and brimming with her unique humor and down-to-earth humanity, Open Book is as inspiring as it is entertaining. This was supposed to be a very different book. Five years ago, Jessica Simpson was approached to write a motivational guide to living your best life. She walked away from the offer, and nobody understood why. The truth is that she didn't want to lie. Jessica couldn't be authentic with her readers if she wasn't fully honest with herself first. Now America's Sweetheart, preacher's daughter, pop phenomenon, reality tv pioneer, and the billion-dollar fashion mogul invites readers on a remarkable journey, examining a life that blessed her with the compassion to help others, but also burdened her with an almost crippling need to please. Open Book is Jessica Simpson using her voice, heart, soul, and humor to share things she's never shared before. First celebrated for her voice, she became one of the most talked-about women in the world, whether for music and fashion, her relationship struggles, or as a walking blonde joke. But now, instead of being talked about, Jessica is doing the talking. Her book shares the wisdom and inspirations she's learned and shows the real woman behind all the pop-culture cliché's — "chicken or fish," "Daisy Duke," "football jinx," "mom jeans," "sexual napalm..." and more. Open Book is an opportunity to laugh and cry with a close friend, one that will inspire you to live your best, most authentic life, now that she is finally living hers.

A concise and accessible guide to techniques for detecting doctored and fake images in photographs and digital media.

Stalin, Mao, Hitler, Mussolini, and other dictators routinely doctored photographs so that the images aligned with their messages. They erased people who were there, added people who were not, and manipulated backgrounds. They knew if they changed the visual record, they could change history. Once, altering images required hours in the darkroom; today, it can be done with a keyboard and mouse. Because photographs are so easily faked, fake photos are everywhere—supermarket tabloids, fashion magazines, political ads, and social media. How can we tell if an image is real or false? In this volume in the MIT Press Essential Knowledge series, Hany Farid offers a concise and accessible guide to techniques for detecting doctored and fake images in photographs and digital media. Farid, an expert in photo forensics, has spent two decades developing techniques for authenticating digital images. These techniques model the entire image-creation process in order to find the digital disruption introduced by manipulation of the image. Each section of the book describes a different technique for analyzing an image, beginning with those requiring minimal technical expertise and advancing to those at intermediate and higher levels. There are techniques for, among other things, reverse image searches, metadata analysis, finding image imperfections introduced by JPEG compression, image cloning, tracing pixel patterns, and detecting images that are computer generated. In each section, Farid describes the techniques, explains when they should be applied, and offers examples of image analysis.

Humans of New York meets Porn for Women in this collection of candid photos, clever captions, and hilarious hashtags about one of the most important subjects of our time: hot dudes reading. Based on the viral Instagram account of the same name, Hot Dudes Reading takes its readers on a ride through all five boroughs of New York City, with each section covering a different subway line. Using their expert photography skills (covert iPhone shots) and journalistic ethics (#NoKindles), the authors capture the most beautiful bibliophiles in all of New York—and take a few detours to interview some of the most popular hot dudes from the early days of the Instagram account. Fun, irreverent, and wittily-observed, this book is tailor-made for book lovers in search of their own happy endings—and those who just want to get lost between the covers for a while.

Self-Congruity provides a comprehensive understanding of the self-concept, integrating the many references to it in the psychological literature. Using his previous findings, the author considers cognitive-versus-affective phenomena, and intrapersonal, interpersonal, situational, and analytic modes. He then applies his integrated theory to the problem of change in self-concept and behavior.

[The Perils of Being Moderately Famous](#) Henry Holt and Company (BYR)

Award-winning photographer Matt Black traveled over 100,000 miles to chronicle the reality of today's unseen and forgotten America. When Magnum photographer Matt Black began exploring his hometown in California's rural Central Valley—dubbed "the other California," where one-third of the population lives in poverty—he knew what his next project had to be. Black was inspired to create a vivid portrait of an unknown America, to photograph some of the poorest communities across the US. Traveling across forty-six states and Puerto Rico, Black visited designated "poverty areas," places with a poverty rate above 20 percent, and found that poverty areas are so numerous that they're never more than a two-hour's drive apart, woven through the fabric of the country but cut off from "the land of opportunity." American Geography is a visual record of this five-year, 100,000-mile road trip, which chronicles the vulnerable conditions faced by America's poor. This compelling compilation of black-and-white photographs is accompanied by Black's own travelogue—a collection of observations, overheard conversations in café's and public transportation, diner menus, bus timetables, historical facts, and snippets from daily news reports. A future classic of photography, this monograph is supported by an international touring exhibition and is a must-have for anyone with an interest in witnessing the reality of an America that's been excluded from the American Dream.

Campt explores the affective resonances of two archives of Black European photographs for those pictured, their families, and the community. Image Matters looks at photograph collections of four Black German families taken between 1900 and the end of World War II and a set of portraits of Afro-Caribbean migrants to Britain taken at a photographic studio in Birmingham between 1948 and 1960.

[Raging Hot Girls](#) HarperCollins

Full of wit and delicious observations, Mrs Funnybones captures the life of the modern Indian woman a woman who organizes dinner each evening after having been at work all day, who runs her own life but has to listen to her mummyji, who worries about her weight and the state of the country. Based on Twinkle Khanna's super-hit column, Mrs Funnybones marks the debut of one of our funniest, most original voices.
