Anglican Confirmation 1820-1945 Wm. B. Eerdmans Publishing

This book focuses on Anglican Confirmation in theology, liturgy, and practice from 1820 to 1945. This was a period of great change in the ways Anglicans approached Confirmation. The Tractarian movement transformed the Communion, and its ideas were carried overseas with the missionary movement. The study examines the development of a two-stage theology and its reception. It analyses the wave of liturgical revision expressed in England in the 1928 Prayer Book. It explores the episcopal changes in practice from the eighteenth-century paradigm to a new way of confirming. The revolution of the time has left a legacy that still informs practice, while doubts about theology and its liturgical application have left an existential crisis. The author reflects on how the current situation in various provinces has its roots in this period and the diffusion of ideas in the Communion. The book offers a fresh systematic examination of the neglected ecclesial practice of Confirmation, providing a more holistic view and clarifying developments to help us better understand the present. It will be of particular interest to scholars of Christian theology, liturgy, ecclesiology, and church history.

The Light of Christ provides an accessible presentation of Catholicism that is grounded in traditional theology, but engaged with a host of contemporary questions or objections. Inspired by the theologies of Irenaeus, Thomas Aquinas and John Henry Newman, and rooted in a post-Vatican II context, Fr. Thomas Joseph White presents major doctrines of the Christian religion in a way that is comprehensible for non-specialists: knowledge of God, the mystery of the Trinity, the Incarnation and the atonement, the sacraments and the moral life, eschatology and prayer. At the same time, The Light of Christ also addresses topics such as evolution, the modern historical study of Jesus and the Bible, and objections to Catholic moral teaching. Touching on the concerns of contemporary readers, Fr. White examines questions such as whether Christianity is compatible with the findings of the modern sciences, do historical Jesus studies disrupt or confirm the teaching of the faith, and does history confirm the antiquity of Catholic claims. This book serves as an excellent introduction for young professionals with no specialized background in theology who are interested in learning more about Catholicism, or as an introduction to Catholic theology. It will also serve as a helpful text

for theology courses in a university context. As Fr. White states in the book's introduction: "This is a book that offers itself as a companion. I do not presume to argue the reader into the truths of the Catholic faith, though I will make arguments. My goal is to make explicit in a few broad strokes the shape of Catholicism. I hope to outline its inherent intelligibility or form as a mystery that is at once visible and invisible, ancient and contemporary, mystical and reasonable."

The book consists primarily of interviews between Strobel (a former legal editor at the Chicago Tribune) and biblical scholars such as Bruce Metzger. Each interview is based on a simple question, concerning historical evidence (for example, "Can the Biographies of Jesus Be Trusted?"), scientific evidence, ("Does Archaeology Confirm or Contradict Jesus' Biographies?"), and "psychiatric evidence" ("Was Jesus Crazy When He Claimed to Be the Son of God?"). Together, these interviews compose a case brief defending Jesus' divinity, and urging readers to reach a verdict of their own.

Some of America's most extraordinary celebrities, artists, and thinkers reveal what they believe Catholicism is—and what it should be In this illuminating collection that redefines an ancient institution in the most contemporary of terms, human-rights activist Kerry Kennedy asks thirty-seven American Catholics to speak candidly about their own faith—whether lost, recovered, or deepened—and about their feelings regarding the way the Church hierarchy is moving forward. “Has something to say to almost every Catholic, or even one-time Catholic, who cracks open its pages. . . . One finishes the book feeling grateful for [Kennedy's] subjects' honesty and moved in a hundred different ways by what they reveal of their aspirations and struggles.”—National Catholic Reporter “Revealing . . . offers an unusually intimate view of how much being raised Catholic shapes the identity of many prominent Americans, but also how much tension many feel with the institutional church.”—Boston Globe

2017 Catholic Press Association Book Awards, Second Place: Pastoral Ministry “IF FORMER CATHOLICS WERE CONSIDERED A DENOMINATION, IT WOULD BE THE SECOND-LARGEST DENOMINATION IN THE U.S.”—from *A Church on the Move* Many statistics on the Catholic Church today are sobering, and the future of the Church can seem bleak indeed. The average parish often feels helpless to do anything that might help turn the tide and revitalize the Church. But best-selling author Joe Paprocki insists that there is good news: with the right plans in place, the Catholic Church—and the local parish specifically—will not only survive, but thrive. *A Church on the Move* offers 52 practical strategies for moving parishes forward, principally by focusing on the one thing the Church can offer that the world-at-large cannot: Jesus Christ. Each chapter begins with a quote from Pope Francis, and each helpful strategy falls within one of five key categories: how a Church on the move thinks, functions, worships, forms disciples, and engages the world. Every chapter takes an honest look at a particular problem in the Church before moving to a creative, redemptive, and

achievable solution. *A Church on the Move* brings to the parish level the great themes of Pope Francis' papacy—mission, mercy, and evangelization—and replaces despair with a profound hope for the future of the Catholic Church.

Vatican II issued an urgent call for the laity to take a more active role in the life of the Church. What should the life of the Christian believer be like? How are average lay Christians called to help save the world? How does theology fit into the picture? One of Frank Sheed's most popular books, this ideal volume for the layman shows the practical aspects of theology in the life of a Christian believer. Logic, clarity, and simplicity permeate this eminently readable book. Drawing from his fifty years of street-corner preaching, as well as his long career as an author, lecturer and publisher, Sheed understands and communicates better than anyone the importance of theology and its relationship to living sanely in today's world. A brilliant synthesis of the Catholic view of life.

How do we hear from God and discern His will when it's time to make big decisions? Terry Looper shares a four-step process for doing just that - a process he has learned and refined over thirty years as a Christian entrepreneur and founder of a multi-billion dollar company. At just thirty-six years old, Terry Looper was a successful Christian businessman who thought he had it all—until managing all he had led to a devastating burnout. Wealthy beyond his wildest dreams but miserable beyond belief, Terry experienced a radical transformation when he discovered how to align himself with God's will in the years following his crash and burn. *Sacred Pace* is a four-step process that helps Christians in all walks of life learn how to slow down their decision-making under the guidance of the Holy Spirit, sift through their surface desires and sinful patterns in order to receive clear, peace-filled answers from the Lord, gain the confident assurance that God's answers are His way of fulfilling the true desires he has placed in their hearts, and grow closer to the One who loves them most and knows them best. *Sacred Pace* is not another example of name-it-and-claim-it materialism in disguise. Instead, it walks Christians through the sometimes-painful process of “dying to self” in their decisions, both big and small, so that they desire God's will more than their own.
