The play Shakuntala was one of the first examples of Indian literature to be read in translation in Europe. Shakuntala's story is a leitmotiv that recurs in many works of Indian literature and culminates in the master Kali-dasa's drama for the stage. The virtuous heroine is forgotten by her betrothed, the king Dushyanta, only to be refound thanks to a distinguishing signet ring discovered by a fisherman in the belly of one of his catch. The final act distills the essence of human forgiveness, in Shakuntala's gracious release of her husband from his guilt.

This book covers all major Sandhis, namely Svarana Dirgha, Guna, Vriddhi, Yan, Ayav, Jashtvam, Chartvam, Visarga, Anusvara, and many specific Sandhis used only during word-formation from the Roots. It explicitly mentions the correct Ashtadhyayi Sutra of Panini and lucids explains the background process. A chapter on Vedic Sandhis covers the sounds known as Ayogavahas in some detail.
