 The product of a lifetime

of research and reflection,
 Transcending Fear is Brian
 Germain's most important
 work. The book addresses
 the most significant
 challenge of human kind
 to date: the process of
 recognizing and moving
 beyond fear. In an age in
 which fear has literally
 brought our world to the
 brink of destruction,
 understanding why we
 contract in fear and how
 we can go beyond this
 instinctive reaction is
 essential for our survival
 as a species. As a World
 Champion skydiver, test
 pilot and psychologist,

Brian Germain offers a
 unique personalized
 perspective on the
 phenomenon of fear.
 Reflecting on his many
 intense experiences with
 fear, Brian sorts through
 the most current
 psychology research on
 fear, and presents the
 ways to de-escalate the
 emotional response in
 provocative situations. The
 fundamental premise of
 the book is simple: Fear
 makes us stupid. If we are
 to transcend the
 limitations imposed by a
 contracted perspective,
 we must develop our

ability to remain calm. Specific methods for relaxing in dangerous situations are covered in detail, as well as scientific evidence to support the reasons for this unusual and powerful approach to dealing with fear.

Was the book of Revelation penned by the crazy uncle in the family of Bible writers? You try to convince yourself that the apostle John is just another New Testament writer—kindly, gentle, loving. You

know...normal. But he's just so weird! Most of the time you have no idea what John is talking about in his revelation. When you must interact with his wild, otherworldly book, you escape as soon as you can to familiar, saner Bible texts. Like Matthew's Gospel or one of Paul's letters—after all, they straight-up tell you what Jesus did and what you should do! Yet Creative Bible Lessons in Revelation will quickly convince you and your students that St. John wasn't so much a crazy

guy as he was a visionary, inspirational, and worshipful guy! And you don't have to subscribe to any pre- or post-eschatology theory in order to learn all sorts of good stuff from the apostle. So while these 12 sessions—complete and ready-to-teach—won't help your students identify who the antichrist is or give them the coordinates of Armageddon's opening salvos, they will, however, acquaint your youth group with the mysterious nature of Revelation, then demonstrate how these

apocalyptic principles actually provide practical application for us today. Here's what's inside every session: - Detailed overviews for clear, convenient prepping. - Intriguing activities and games-with-a-point that introduce that session's topic. - Hardcore Bible studies and provocative questions that trigger dialogue in both large and small groups. - Application exercises that translate John's visions into practical, attainable actions and attitudes for students' daily lives. Plus,

you'll get these bonuses: - Let's Get Theological-lite intros to the various interpretations of the reactions to the events Revelation predicts - More More-helpful supplements to activities and discussions - Worthy of Worship-top-drawer suggestions for turning ordinary youth meetings into extraordinary times of praising God. Questions about the future lurk in everyone's minds-especially in the minds of teenagers. Now is your chance to explore the book of Revelation

with your students-to glimpse at the never-ending worship to come, to grab hold of God's promises and his mercy, and to bring some ease to troubled hearts.
