SHANNON HANNAH

The New Rules of Marketing and PR Taylor & Francis

This book examines issues and implications of digital and social media marketing for emerging markets. These markets necessitate substantial adaptations of developed theories and approaches employed in the Western world. The book investigates problems specific to emerging markets, while identifying new theoretical constructs and practical applications of digital marketing. It addresses topics such as electronic word of mouth (eWOM), demographic differences in digital marketing, mobile marketing, search engine advertising, among others. A radical increase in both temporal and geographical reach is empowering consumers to exert influence on brands, products, and services. Information and Communication Technologies (ICTs) and digital media are having a significant impact on the way people communicate and fulfil their socio-economic, emotional and material needs. These technologies are also being harnessed by businesses for various purposes including distribution and selling of goods, retailing of consumer services, customer relationship management, and influencing consumer behaviour by employing digital marketing practices. This book considers this, as it examines the practice and research related to digital and social media marketing.

The SAGE Handbook of Social Media Marketing Kogan Page Publishers

Would you like a book that teaches you about the principles of digital marketing in a simple and practical way? Then I can highly recommend this book to you. Digital marketing today is much more than Facebook and Instagram marketing. It deals with the principles of online marketing and digital transformation. That's why this book is suitable for the complete newbie as well as the advanced user. The following topics are covered in this book: -Business Model innovation -Summary of the social media landscape -Video marketing -Cross-media marketing -Performance marketing -Banner designs -Neuromarketing and conversion rate optimization -Search Engine Management -Targeting -Crawling -Google Analytics / Digital Analytics -KPI -Marketing Law Another strength of this book is that each theoretical section is followed by a "best practice" section. Here the topic is taken up again on the basis of a fictitious company and it is explained how this can be implemented. The starting point is always the view of a customer service or customer support department. In this way, it can be quickly shown in which direction online marketing and digital transformation are leading. About the author: With a "Certificate of advanced studies" as "Digital Marketing Specialist" Gilles Kröger advises as a freelancer, various companies with the challenges of digitalization. Specializing in customer service and customer support, he optimizes processes and identifies opportunities to master the digital transformation.

Digital and Social Media Marketing John Wiley & Sons

With the enormous growth of the internet and social media sites, digital marketing is now worth more per annum than TV advertising in the UK. Social network advertising spending is expected to increase to a staggering \$4.3 billion in 2011 in a bid to attract today's media-savvy consumer. The Best Digital Marketing Campaigns in the World brings together an international collection of the most successful digital marketing campaigns of our time, assessing what they achieved and the business lessons learnt. This practical and insightful book explores how businesses large and small have harnessed social media, blogs, forums, online video and email to boost their brand and attract customers. Damian Ryan and Calvin Jones present a selection of hand-picked case studies, sharing the knowledge and skill of the world's top creative minds. Covering everything from household names such as Pizza Hut and Pepsi to Obama's 2008 presidential election campaign, this book is the must-read guide for all marketers looking to embrace the new digital landscape.

Understanding Research in the Digital Age SAGE

The force of the internet and the power of online consumers have dramatically altered the face of

today's business world. Understanding and using this resource to its best advantage is essential to the success of every business. *Digital Marketing: Strategies for Online Success* clarifies the complex subject of ecommerce, presenting a simple 8-step strategy for success in internet marketing. This book is essential for anyone seeking success in a business environment altered by the digital revolution. Godfrey Parkin presents fascinating facts about both the history and potential of the internet, as well as providing clear and practical advice on how to make the most of it. Key strategies are outlined on every aspect of ecommerce including a step-by-step guide to developing a low-risk business strategy; the principles of designing a website that works as a successful business tool; guidelines on maximising effectiveness of search engines, email marketing and online advertising, as well as advice on using web 2.0 and social media in order to expand brand awareness and increase sales. This book is indispensable to anyone who wishes his or her company to remain relevant in today's digital environment.

Understanding Digital Marketing Springer

An unbiased, balanced guide to all aspects of digital marketing planning and strategy, from social media, mobile and VR marketing to objectives, metrics and analytics.

MBA Routledge

The world of digital media is changing at a phenomenal pace. Constantly evolving technologies are transforming not just how we access our information but how we interact and communicate with one another on a global scale. *Understanding Digital Marketing* is a practical, no-nonsense guide to web marketing, the rules of new media and researching the new generation of digital consumers. Clear, informative and entertaining, it covers key topics such as search marketing, social media, Google, mobile marketing, affiliate marketing, email marketing, performance marketing, customer engagement and digital marketing strategies. One of the best-selling books in the industry, this third edition of *Understanding Digital Marketing* has been thoroughly revised with more information on core areas such as search, analytics, online PR and content marketing. Complete with in-depth insider accounts of digital marketing successes from brands including Harley-Davidson, Help for Heroes, MercadoLibre and the UEFA Europa League, it remains 'one of the most comprehensive yet easy-to-read books on digital marketing available' (The Marketer) and is therefore essential reading for both practitioners and students alike.

Digital Marketing BPB Publications

Digital marketing now represents 25% of the marketing spend in the UK and this is predicted to move to 50% or higher within the next three years. *Understanding Digital Marketing* looks at the world of digital marketing: how it got started, how it got to where it is today, and where the thought leaders in the industry believe it is headed in the future. This authoritative title demonstrates how to

harness the power of digital media and use it to achieve the utmost success in business, now and in the future. Understanding Digital Marketing deals with every key topic in detail, including: search marketing, social media, Google, mobile marketing, affiliate marketing, e-mail marketing, customer engagement and digital marketing strategies. Essential reading for both practitioners and students alike, and including real-world examples of digital marketing successes and expert opinions, Understanding Digital Marketing provides you with tools to utilize the power of the internet to take your company wherever you want it to go.

Digital Marketing Analytics Springer Nature

This Handbook explores the foundations and methodologies in analysing the important aspects of social media for organisations and consumers. It investigates critical areas concerning communities, culture, communication and content, and considers social media sales.

Digital Marketing Strategy Pearson Higher Ed

Understanding Social Media is the essential guide to social media for students and professionals alike. Drawing on the experience, advice and tips from dozens of digital marketers and social media superstars, it is an extensive crowd-sourced guide to social media platforms. Illustrated throughout with case studies from both successful and failed campaigns, Understanding Social Media democratizes knowledge of social media and promotes best practice, answering questions such as 'How do you create a compelling social media campaign?', 'How do you build and engage with an audience?' and 'Where is the line between online PR and social media drawn?' It is the most comprehensive and practical reference guide to social media available.

Digital and Social Media Marketing Kogan Page Publishers

"The authors have the uncommon knack of taking the complex and explaining it in a clear, compelling way. I recommend it if you want to learn the principles of strategic communications and get structured suggestions to create better campaigns." Dave Chaffey, Co-founder and Content Director, Smart Insights This book has the strongest focus of online and offline integration of any marketing communications textbook. A blended approach to marketing is in its DNA. Compared to the competition that too often uses a bolts-on approach to integration, this book is essential for giving students the precise skills employers will look for - to be able to implement genuinely integrated marketing campaigns. This new, seventh edition combines professional and academic expertise to ground big picture theory into real-world case studies, drawing from cutting-edge global companies like Snapchat and Spotify, that will teach students the why behind the how. With increased focus on social media and the latest digital technologies, this new edition will teach students: - How AI, the Internet of Things, Big Data, AR/VR and marketing automation can be used successfully in campaigns - The opportunity and risks of social media - How to navigate ethical and data management challenges - How to use the current preferred digital marketing tools and technology Covering the key themes of customer engagement, experience and journey, this book will allow students to become truly confident working in an environment of ongoing technological transformation.

Digital Marketing That Actually Works the Ultimate Guide Kogan Page Publishers

This book highlights the latest research articles presented at the second Digital Marketing & eCommerce Conference in June 2021. Papers include a diverse set of digital marketing and eCommerce-related topics such as user psychology and behavior in social commerce, influencer marketing in social commerce, social media monetization strategies, social commerce characteristics and their impact on user behavior, branding on social media, social media-based business models, user privacy and security protection on social media, social video marketing and commerce, among other topics.

Digital Marketing PDF eBook Springer

"This is an outstanding book. It is one of only a few scholarly texts that successfully combine a nuanced theoretical understanding of the digital age with empirical case studies of contemporary media culture. The scope is impressive, ranging from questions of digital inequality to emergent forms of cyberpolitics." - Nick Gane, York University "Well written, very up-to-date with a good balance of examples and theory. It's good to have all the major issues covered in one book." - Peter Millard, Portsmouth University "This is just the text I was looking for to enable first year undergraduates to develop their critical understanding of the technologies they have embedded so completely in their lives." - Chris Simpson, University College of St Mark & St John This is more than just another book on Internet studies. Tracing the pervasive influence of 'digital culture' throughout contemporary life, this text integrates socio-economic understandings of the 'information society' with the cultural studies approach to production, use, and consumption of digital media and multimedia. Refreshingly readable and packed with examples from profiling databases and mashups to cybersex and the truth about social networking, Understanding Digital Culture: Crosses disciplines to give a balanced account of the social, economic and cultural dimensions of the information society. Illuminates the increasing importance of mobile, wireless and converged media technologies in everyday life. Unpacks how the information society is transforming and challenging traditional notions of crime, resistance, war and protest, community, intimacy and belonging. Charts the changing cultural forms associated with new media and its consumption, including music, gaming, microblogging and online identity. Illustrates the above through a series of contemporary, in-depth case studies of digital culture. This is the perfect text for students looking for a full account of the information society, virtual cultures, sociology of the Internet and new media.
