The North Pole and the South Pole are the coldest places on Earth. Many people think that the two poles must be very similar, but in this fascinating photographic non-fiction book, you will discover that they are actually quite different. Reading age: 5-6 years

**Reading Planet - Be an Astronaut - Turquoise: Galaxy** Hachette UK

Together with Leah Crawford, Angela Jenkins and Julie Sargent, Bob Cox has compiled this rich resource, complete with vivid illustrations by Victoria Cox, to

help teachers enhance their learners' engagement with challenging texts and develop their writing skills as budding wordsmiths. Working in association with the Opening Doors network of schools, the authors address the vital concept of pitching high but including all pupils and how this approach can be delivered in practice. *Opening Doors to Ambitious Primary English* explains and models top quality ways of thinking, planning and teaching. The resources, case studies and authors' innovative ideas on theory will help you to make primary English vibrant, creative and challenging in your school. It also provides frameworks and principles for any school wishing to be more ambitious in developing pupils' speaking, listening, reading, writing and thinking with a

greater sense of curiosity and more originality. *Opening Doors to Ambitious Primary English* contains chapter by chapter explanations of how English in primary schools can be developed in ambitious ways. Supported by research references, examples of pupils' work and illuminating case studies, the book provides teachers with a toolkit of strategies which schools can adapt and apply to their own contexts. The book is supported by the Opening Doors series of books which contain units of work based around selected texts. The authors hope this book will act as a starting block from which to develop an Opening Doors approach to English, and has suggested key concepts around which the curriculum can be built, with the units providing examples to work

from. Suitable for teachers and curriculum leads in primary settings.

**Guide to Reading with Your Child**

Hachette UK

Matthew and Marilla Cuthbert have arranged to take in an orphan boy to help work on their farm. Imagine their surprise when Anne Shirley - an imaginative, talkative girl - is sent to them in error! For plain-speaking Marilla, having a chatterbox like Anne interrupting their quiet life at Green Gables is a disaster. But for her brother Matthew, Anne's enthusiasm is a breath of fresh air. Will Anne finally find the happy new home she's always dreamed of? One thing's for sure - life at Green Gables will never be the same again! Anne of Green Gables is part of the Reading Planet range of books for Stars

(Lime) to Supernova (Red+) band.

Children aged 7-11 will be inspired to love reading through the gripping stories and fascinating information books created by top authors.
