Algonquin Books
The most current and complete guide to a favorite teen genre, this book maps current releases along with

perennial favorites, describing and categorizing fantasy, paranormal, and science fiction titles published since 2006. Speculative fiction continues to be of consuming interest to teens, so if you work with that age group, keeping up with the explosion of new titles in this category is

critical. Likewise, understanding the many genres and subgenres into which these titles fall—wizard fantasy, alternate worlds, fantasy mystery, dystopian fiction, science fantasy, and more—is also key if you want to motivate young readers and direct them to books they'll enjoy. Written to help you master a complex array of genres and titles, this guide includes more than 1,500 books, most published since 2006, organizing them by genre, subgenre, and theme. Subgenres growing in popularity such as "steampunk" are highlighted to keep you current with the latest trends. The guide will serve three audiences. Of course, you can turn to it as you help your teenage

patrons select the books and genres that will interest them most. Teen readers, whether devoted fans or newcomers, can use it themselves to find titles and subgenres they might like. In addition, the guide will help teachers and parents match students with the right books.

The Poet Tree Bantam
The author, one of the most highly respected scholars of historical anthropology, has undertaken extensive research on folk beliefs related to communication with the supernatural sphere. In this book, she examines the systems of such communication known by early modern Hungarians, and the role these systems played in the everyday

life of the village. New types of mediators are identified such as "the neighborhood witch," the healing witch, and the demons seen in dreams. Representing a major contribution to the most up-to-date international research, Eva Pocs draws on significant East European material and literature not previously coordinated with that from the West. In so doing, she makes a valuable contribution to a subject that has recently attracted the attention of several leading scholars.

Instead of a proper second honeymoon, the newly remarried Harry and Fair Haristeen leave cozy Crozet, Virginia, for Shelbyville, Kentucky,

site of the famous saddlebred horse show. There they'll visit dear friends Joan Hamilton and Larry Hodge and enjoy a week among some of the finest horses, trainers, and riders in the country. But soon after they arrive, events veer mysteriously—and murderously—off course. First, Joan's ruby and sapphire horsehead heirloom pin is stolen from her private box at the fairgrounds. Next, a young film star's prize three-gaited mare disappears into thin air. There is no lack of suspects, from hotheaded trainers and jealous rivals to vicious ex-spouses. Then a body is found flagrantly murdered and it's obvious to Harry that someone at Shelbyville

is sending a strong message: winning is only secondary—first prize is survival. As Harry searches for clues, rediscovers life as a married woman, and deals with her upcoming fortieth birthday, her four-legged detective friends are already on the case. But is animal instinct any match for human depravity? Especially with two humans to protect and a killer on the prowl?

It's no secret that cats are a mystery writer's best friend. Just ask the bestselling team of Rita Mae Brown and her furry partner, Sneaky Pie Brown, back on the prowl with another unforgettable whodunit. This time a controversial miracle in

Virginia's Blue Ridge Mountains sparks religious fervor—and a suspicious death. Now the indefatigable felines Mrs. Murphy and Pewter, along with the dogged corgi Tee Tucker, must trust their animal instincts to sniff out the worst of human nature.... With the holidays approaching, Mary Minor "Harry" Haristeen and her best friend, Susan Tucker, take a much-needed time-out at the mountain monastery of Mount Carmel. There, under the benevolent gaze of the statue of the Virgin Mary, their worldly worries are soon overshadowed. For in front of their very eyes the statue begins to cry tears of blood. Legend has it that Mary's crimson tears are harbingers of crises. And though

skeptical, the ever-practical Harry can already see one on the horizon. If leaked, news of the so-called miracle could turn the monastery and the town of Crozet into a circus. What Harry doesn't foresee is murder.... When Susan's great-uncle Thomas, a resident monk, is found frozen to death at the base of the statue, foul play is ruled out-at first. But at Harry's urging, the body is exhumed for an autopsy. There's just one problem: the coffin is empty. That's when Mrs. Murphy, Pewter, and Tucker get involved. Then there's the shocking revelation of a mystery that has perplexed the citizens of Crozet for ages. With Christmas around the corner and the monastery overrun by

the faithful, all Harry's meddling menagerie can do is stay on her trail as she jumps knee-deep into an unofficial investigation—one that becomes more dangerous when another Crozet citizen meets an untimely demise. In this case it will be a miracle if Harry stays alive....

What Do I Read Next?

Taylor & Francis Curiosity just might be the death of Mrs. Murphy--and her human companion, Mary Minor "Harry" Haristeen. Small towns are like families: Everyone lives very close together. . .and everyone keeps secrets. Crozet, Virginia, is a typical small town--until its secrets explode into murder. Crozet's thirty-something post-mistress, Mary Minor "Harry" Haristeen, has a tiger cat (Mrs. Murphy) and a Welsh Corgi (Tucker), a pending divorce, and a bad habit of reading postcards not addressed to her.

When Crozet's citizens start turning up murdered, Harry remembers that each received a card with a tombstone on the front and the message "Wish you were here" on the back. Intent on protecting their human friend, Mrs. Murphy and Tucker begin to scent out clues.

Meanwhile, Harry is conducting her own investigation, unaware her pets are one step ahead of her. If only Mrs. Murphy could alert her somehow, Harry could uncover the culprit before the murder occurs--and before Harry finds herself on the killer's mailing list.

Scores of talented and dedicated people serve the forensic science community, performing

vitaly important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. Strengthening Forensic Science in the United States: A Path Forward provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic

science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. Strengthening Forensic Science in the United States gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy

makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

"In Hemingway's Art of Revision: The Making of the Short Fiction, John Beall examines in close detail two of the author's vignettes from the first version of *In Our Time* and ten of his short stories, with an extensive focus on manuscripts and typescripts, as part of a broader examination of how Ernest Hemingway crafted his distinctive prose through a rigorous process of revision. The first three chapters discuss the influence of Hemingway's three most important modernist mentors:

Ezra Pound, James Joyce, and Gertrude Stein. The first chapter focuses on Pound's influence as the editor of the *Inquest Series*, of which Hemingway's in our time was the final publication. The second chapter examines the affinities between Joyce's "The Sisters" and Hemingway's "Indian Camp." In particular, Beall develops the case for Joyce's influence on Hemingway's decision to revise the story to maintain the reader's focus on young Nick Adams's point of view in his first encounter with death. Chapter three explores Hemingway's revisions of "Cat in the Rain" as reflecting the influence of Stein's novellas and sketches, as well as that of Joyce's stories and novels. The

remaining chapters delve into the artistry of Hemingway's extensive revisions in later masterpieces from "Big Two-Hearted River" to "Fathers and Sons." Beall's discussion of "Big Two-Hearted River" shows that Hemingway's revisions were not simply cuts and omissions, but included several paragraphs that he added to slow down the narrative and represent Nick Adams's careful observations of a kingfisher and trout as he watched their shadows on the river. The chapter on "The Battler" and "The Killers" explores the extent to which Hemingway's revisions brought racial conflicts to the forefront of each story and portrayed Bugs and Sam as guides for Nick Adams.

A subsequent reading of the story "Now I Lay Me" shows that, in rewriting the story, Hemingway developed his portrait of Nick Adams as a writer making up imaginary rivers to cope with the traumas of childhood and war. A chapter on "A Way You'll Never Be" focuses on how Hemingway's revisions developed crucial story elements-including Nick's interior monologues, manic lecture about grasshoppers, and wacky sense of humor-that showed the character restoring a sense of emotional balance despite his memories of being wounded in World War I. Subsequent chapters on "Fathers and Sons," "Indian Camp," "Hills Like White Elephants," "The Gambler, the Nun,

and the Radio," and the concluding chapter, in part focused on drafts of "The Snows of Kilimanjaro," offer new discussions of the author's process of revision based on his manuscripts and typescripts published in the Hemingway Library Edition. In the end, by drawing attention to the meticulous edits, additions, and deletions that helped shape these texts, Beall reveals how extensively and richly Hemingway revised his drafts while composing some of his most powerful short fiction. Hemingway's Art of Revision gives a detailed view of a great prose stylist at work"--*Books Out Loud* DK Publishing (Dorling Kindersley)
A wild new adventure

from the author of *The Yggyssey*—"Pinkwater may be my single most favorite writer in the entire world" (Cory Doctorow). Big Audrey is a girl . . . with cat's whiskers . . . and sort of cat's eyes. But is there another cat-whiskered, sort of cat-eyed girl? Big Audrey waves goodbye to her friends Iggy, Neddie, Seamus, and Crazy Wig, in Los Angeles—and hitches a ride with bongo-playing-while-driving Marlon Brando across the country to Poughkeepsie, New York, city of mystery. She finds she has questions needing answers—and a bit of inter-plane-of-existence traveling to do. Readers who love the strange, the offbeat, and the just plain kooky will want to

tag along with Big Audrey and her telepathic friend, Molly, on this “vastly entertaining” (Kirkus Reviews) road trip, as they try to solve the mystery of the cat-whiskered doppelganger . . . “Every character they encounter is crazier than the next—a 114-year-old woman named Chicken Nancy; a Catskill Mountain Giant; members of a secret brotherhood from an alternate Poughkeepsie—and every chance encounter leads them to another zany adventure. Mixing the absurd with the profound, Pinkwater’s odd narration will have even the most serious readers laughing at the chaos.” —Booklist

Canaletto, Bernardo Bellotto, Luca Carlevarijs, Giovanni Paolo Panini, Francesco Guardi, Hubert Robert—these renowned view painters are perhaps most famous for their expansive canvases depicting the ruins of Rome or the canals of Venice. Many of their most splendid paintings, however, feature important contemporary events. These occasions motivated some of the greatest artists of the era to produce their most exceptional work. Little explored by scholars, these paintings stand out by virtue of their extraordinary artistic quality, vibrant atmosphere, and historical interest. They are imbued with a sense of occasion,

even drama, and were often commissioned by or for rulers, princes, and ambassadors as records of significant events in which they participated. Lavishly illustrated and meticulously researched, this volume provides the first-ever comprehensive study—in any language—of this type of view painting. In examining these paintings alongside the historical events depicted in them, Peter Björn Kerber carefully reconstructs the meaning and context these paintings possessed for the artists who produced them and the patrons who commissioned them, as well as for their contemporary viewers. This vital book represents a major

contribution to the field of view painting studies and will be an essential resource for scholars and enthusiasts.

Over two evenings in March 1912, more than 250 women – old and young, rich and poor, strong and delicate – were arrested and charged with using hammers and stones to smash the windows of shops and offices across London. The youngest amongst them was 19-year-old teenager glass-breaker and Kent working maid, Ethel Violet Baldock, while the eldest was 79-year-old Mrs Hilda Eliza Brackenbury, owner of suffragette safe house, Mouse Castle, in Campden Hill Square. These two evenings would later become known as the Women's Social and Political Union's window smashing Great

Militant Protest. The protest, driven by WSPU leader Emmeline Pankhurst, was against the government and their refusal to include women in their reform bill, which would give women the right to vote. Secret Missions of the Suffragettes examines these two evenings in great detail, before going on to explore 'behind the scenes' of the movement; the safe houses and rest homes used by the history-shaping women involved, together with stories of the women themselves, as well as their self defense training and use of disguises and alias names, all of which were needed to be a part of such a militant campaign. Discover their stories, motives, plans, tactics and

antics as Jennifer Godfrey explores the connections, friendships and collaborations that would help change the course of history for women in Britain. Strengthening Forensic Science in the United States Graphic Communications Group Annotation. "In this compelling title, two distinguished scholars share their experiences as expert witnesses in cases ranging from eyewitness testimony, person identification and recovered memories, to false confessions, collaborative storytelling and causal attribution, in the context of various interrogation techniques and their ability to deliver reliable results. Each chapter of The Popular

Policeman and Other Cases describes in lucid, entertaining prose a representative case in the context of scholarly literature to date, showing how psychological expertise has been (and can be) used in a legal setting." "The cases include petty and serious crime, from illegal gambling, infringed trademarks and risqué courtship behaviour, to honour killing and death on the climbing wall. The authors' findings and recommendations apply to legal systems worldwide." "There is no other English-language textbook covering a similarly wide range of offences, and this volume will fill a gap in the existing literature and demonstrate how psychological expertise

can be used in a much larger area than is often realised."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved.

Offering a

comprehensive view of the South's literary landscape, past and present, this volume of The New Encyclopedia of Southern Culture celebrates the region's ever-flourishing literary culture and recognizes the ongoing evolution of the southern literary canon. As new writers draw upon and reshape previous traditions, southern literature has broadened and deepened its connections not just to the American literary mainstream but also to world literatures--a development thoughtfully explored in the essays here. Greatly expanding the content of the

literature section in the original Encyclopedia, this volume includes 31 thematic essays addressing major genres of literature; theoretical categories, such as regionalism, the southern gothic, and agrarianism; and themes in southern writing, such as food, religion, and sexuality. Most striking is the fivefold increase in the number of biographical entries, which introduce southern novelists, playwrights, poets, and critics. Special attention is given to contemporary writers and other individuals who have not been widely covered in previous scholarship.
