master H. P. Lovecraft bleeds into the logical world of Sherlock Holmes, Sir Arthur Conan Doyle's champion of rational deduction, in these stories by twenty top horror, mystery, fantasy, and science fiction writers. Arthur Conan Doyle's Sherlock Holmes is among the most famous literary figures of all time. For more than a hundred years, his adventures have stood as imperishable monuments to the ability of human reason to penetrate every mystery, solve every puzzle, and punish every crime. For nearly as long, the macabre tales of H. P. Lovecraft have haunted readers with their nightmarish glimpses into realms of cosmic chaos and undying evil. But what would happen if Conan Doyle's peerless detective and his allies were to find themselves faced with mysteries whose solutions lay not only beyond the grasp of

logic, but of sanity itself? In this collection of all-new, all-original tales, twenty of today's most cutting-edge writers provide their answers to that burning question. "A Study in Emerald" by Neil Gaiman: A gruesome murder exposes a plot against the Crown, a seditious conspiracy so cunningly wrought that only one man in all London could have planned it—and only one man can hope to stop it. "A Case of Royal Blood" by Steven-Elliot Altman: Sherlock Holmes and H. G. Wells join forces to protect a princess stalked by a ghost—or perhaps something far worse than a ghost. "Art in the Blood" by Brian Stableford: One man's horrific affliction leads Sherlock Holmes to an ancient curse that threatens to awaken the crawling chaos slumbering in the blood of all humankind. "The Curious Case of Miss Violet Stone" by Poppy Z. Brite and David

Ferguson: A girl who has not eaten in more than three years teaches Holmes and Watson that sometimes the impossible cannot be eliminated. "The Horror of the Many Faces" by Tim Lebbon: Dr. Watson witnesses a maniacal murder in London—and recognizes the villain as none other than his friend, Mr. Sherlock Holmes. With thirteen other dark tales of madness, horror, and deduction, a new and terrible game is afoot: "Tiger! Tiger!" by Elizabeth Bear "The Case of the Wavy Black Dagger" by Steve Perry "The Weeping Masks" by James Lowder "The Adventure of the Antiquarian's Niece" by Barbara Hambly "The Mystery of the Worm" by John Pelan "The Mystery of the Hanged Man's Puzzle" by Paul Finch "The Adventure of the Arab's Manuscript" by Michael Reaves "The Drowned Geologist" by Caitlín R. Kiernan "A Case of Insomnia" by John P. Vourlis "The Adventure of the Voorish Sign" by Richard A. Lupoff "The Adventure of Exham Priory" by F. Gwynplaine MacIntyre "Death Did Not Become Him" by David Niall Wilson and Patricia Lee Macomber "Nightmare in Wax" by Simon Clark

A young boy emerges from life-saving surgery with remarkable stories of his visit to heaven. Heaven Is for Real is the true story of the four-year old son of a small town Nebraska pastor who during emergency surgery slips from consciousness and enters heaven. He survives and begins talking about being able to look down and see the doctor operating and his dad praying in the waiting room. The family didn't know what to believe but soon the evidence was clear. Colton said he met his miscarried sister, whom no one had told him about, and his great grandfather who died 30 years before Colton was born, then shared impossible-to-know details about each. He describes the horse that only Jesus could ride, about how "reaaaally big" God and his chair are, and how the Holy Spirit "shoots down power" from heaven to help us. Told by the father, but often in Colton's own words, the disarmingly simple message is heaven is a real place, Jesus really loves children, and be ready, there is a coming last battle.

In the twenty-first century, more than ever, everything and everybody seems to be on the move. Global flows of people, goods, food, money, information, services and media images are forming an intensely mobile background to everyday life. Social scientists, too, are on the move, seeking new analytical purchase on these

important aspects of the social world by trying to move with, and to be moved by, the fleeting, distributed, multiple, non-causal, sensory, emotional and kinaesthetic. *Mobile Methods* addresses the challenges and opportunities of researching mobile phenomena. Drawing on extensive interdisciplinary discussion, the book brings together a collection of cutting-edge methodological innovations and original research reports to examine some important implications of the mobilities turn for the processes of 'research', and the realm of the empirical. Through analysis that addresses questions such as 'how are social relationships and social institutions made in and through mobility?', and 'how do people experience mobility in twenty-first century world cities?', the authors mobilize sociological analysis, bringing new insights and opening up new opportunities for engagement with contemporary challenges. This book is a key text for undergraduate and postgraduate students of disciplines including Human Geography, Social Policy, Sociology and Research Methods.

Whether the issue of the day on Twitter, Facebook, or cable news is our sexuality, political divides, or the perceived conflict between faith and science, today's media pushes each one of us into a frustrating clash between two opposing sides. Polarizing, us-against-them discussions divide us and distract us from thinking clearly and communicating lovingly with others. Scott Sauls, like many of us, is weary of the bickering and is seeking a way of truth and beauty through the conflicts. *Jesus Outside the Lines* presents Jesus as this way. Scott shows us how the words and actions of Jesus reveal a response that does not perpetuate the destructive fray. Jesus offers us a way forward—away from harshness, caricatures, and stereotypes. In *Jesus Outside the Lines*, you will experience a fresh perspective of Jesus, who will not (and should not) fit into the sides.

From the bestselling author of *The Ascent of Money* and *The Square and the Tower* "A dazzling history of Western ideas." —The Economist "Mr. Ferguson tells his story with characteristic verve and an eye for the felicitous phrase." —Wall Street Journal "[W]ritten with vitality and verve . . . a tour de force." —Boston Globe Western civilization's rise to global dominance is the single most important historical phenomenon of the past five centuries. How did the West overtake its Eastern

rivals? And has the zenith of Western power now passed? Acclaimed historian Niall Ferguson argues that beginning in the fifteenth century, the West developed six powerful new concepts, or "killer applications"—competition, science, the rule of law, modern medicine, consumerism, and the work ethic—that the Rest lacked, allowing it to surge past all other competitors. Yet now, Ferguson shows how the Rest have downloaded the killer apps the West once monopolized, while the West has literally lost faith in itself. Chronicling the rise and fall of empires alongside clashes (and fusions) of civilizations, *Civilization: The West and the Rest* recasts world history with force and wit. Boldly argued and teeming with memorable characters, this is Ferguson at his very best.

In 1977, Bonnie Robichaud accepted a job at the Department of Defence military base in North Bay, Ontario. After a string of dead-end jobs, with five young children at home, Robichaud was ecstatic to have found a unionized job with steady pay, benefits, and vacation time. After her supervisor began to sexually harass and intimidate her, her story could have followed the same course as countless women before her: endure, stay silent, and eventually quit. Instead, Robichaud filed a complaint after her probation period was up. When a high-ranking officer said she was the only one who had ever complained, Robichaud said, "Good. Then it should be easy to fix." This timely and revelatory memoir follows her gruelling eleven-year fight for justice, which was won in the Supreme Court of Canada. The unanimous decision set a historic legal precedent that employers are responsible for maintaining a respectful and harassment-free workplace. Robichaud's story is a landmark piece of Canadian labour history—one that is more relevant today than ever.

A "harrowing and hallucinogenic" collection of poems from author of the New York Times–bestselling National Book Award–finalist *Citizen: An American Lyric* (Library Journal). Claudia Rankine's book-length poem about rising racial tensions in America, *Citizen: An American Lyric*, won numerous prizes, including the The National Book Critic's Circle Award. Her new collection of poems—intrepid, obsessive, and erotic—tell the story of a woman's attempt to reconcile herself to her own despair. Drawing on voices from Jane Eyre to Lady MacBeth, Rankine welds the cerebral and the spiritual, the sensual and the grotesque. Whether writing about intimacy or alienation, what remains long after is her singular voice—its beguiling cadence and vivid physicality. There is an unprotected quality to this writing, as if each word has been pushed out along the precipice, daring us to go with it. Rankine's power lies in the intoxicating pull of that dare. From one of contemporary poetry's most powerful and provocative authors, *The End of the Alphabet* is a work where "wits at once

keen and tenacious match themselves against grief's genius" (Boston Review). *Wayward Lives, Beautiful Experiments* Good Book Guides

Los Angeles Times, Publishers Weekly, Slate, Time Out New York, Vulture, Refinery 29, and many more . . . A provocative meditation on race, Claudia Rankine's long-awaited follow up to her groundbreaking book *Don't Let Me Be Lonely: An American Lyric*. Claudia Rankine's bold new book recounts mounting racial aggressions in ongoing encounters in twenty-first-century daily life and in the media. Some of these encounters are slights, seeming slips of the tongue, and some are intentional offensives in the classroom, at the supermarket, at home, on the tennis court with Serena Williams and the soccer field with Zinedine Zidane, online, on TV—everywhere, all the time. The accumulative stresses come to bear on a person's ability to speak, perform, and stay alive. Our addressability is tied to the state of our belonging, Rankine argues, as are our assumptions and expectations of citizenship. In essay, image, and poetry, *Citizen* is a powerful testament to the individual and collective effects of racism in our contemporary, often named "post-race" society.

Kelly Kathleen Ferguson needed to know—was connecting with her lifelong heroine the key to knowing herself? She decided to find out. Kelly donned a prairie dress and retraced the pioneer journey of Laura Ingalls Wilder. From Wisconsin to Minnesota, South Dakota to Missouri, she explored Laura's past and her own. Part travelogue, part memoir and part social commentary, *My Life as Laura* shows how a relationship with a pioneer girl who lived in little houses long ago can give a sense of purpose for today. Judy Blunt, author of the national best seller *Breaking Clean*, says *My Life as Laura* is "Hilarious, perceptive and true, a homespun story as genuine as the ones that inspired it." - *An Essay on the History of Civil Society* Routledge

Today, more than ever, talking about food improves the eating of it. Priscilla Parkhurst Ferguson argues that conversation can even trump consumption. Where many works look at the production, preparation, and consumption of food, *Word of Mouth* captures the language that explains culinary practices. Explanation is more than an elaboration here: how we talk about food says a great deal about the world around us and our place in it. What does it mean, Ferguson asks, to cook and consume in a globalized culinary world subject to vertiginous change? Answers to this question demand a mastery of food talk in all its forms and applications. To prove its case, *Word of Mouth* draws on a broad range of cultural documents from interviews, cookbooks, and novels to comic strips, essays, and films. Although the United States supplies the primary focus of Ferguson's explorations, the French connection remains vital. American food culture comes of age in dialogue with French cuisine even as it strikes out on its own. In the twenty-first century, culinary

modernity sets haute food against haute cuisine, creativity against convention, and the individual dish over the communal meal. Ferguson finds a new level of sophistication in what we thought that we already knew: the real pleasure in eating comes through knowing how to talk about it.

What would you give to spend an evening with Jesus, hearing Him teach and listening to Him pray? This is what we encounter in the Farewell Discourse of John 13-17. As the shadow of the cross loomed, Christ shared His final hours with the disciples to prepare them for His death, quiet their troubled hearts, and intercede on their behalf before the Father. In *Lessons from the Upper Room*, Dr. Sinclair Ferguson draws us into these intimate hours from the night when Jesus was betrayed. This vivid picture of Christ's ministry, from His washing the disciples' feet to His High Priestly Prayer, shows us the heart of Jesus. Discover His deepest desires for His people and take delight in the suffering Savior who has overcome the

world.

On any given night, more than half a million Americans and Canadians find themselves sleeping on the streets, in shelters, cars, and other places not meant for human habitation. Yet as this crisis continues to grow, it remains one of the least talked about—especially in churches. Even where compassion and empathy exist, the complexities around homelessness can make us feel stuck, overwhelmed, or numb to the existence of unhoused people in our cities and neighborhoods. Reporting back from his work in homeless services, minister and advocate Kevin Nye introduces readers to the Christ he's met in tents, shelters, and drop-in centers. He demystifies homelessness by journeying into complex issues like affordable housing, mental illness, addiction, and more, while reimagining our theological approach to these matters and educating us on how they intersect with homelessness. This thorough and intimate book shows us that from the margins, Jesus has something to teach us all about grace—something that could change the landscape of homelessness entirely if we're ready to hear it.
